Clifford,2001 Introducing Feminist Theology responds to the questions What is feminist theology and Why is it important by considering the perspectives of women from around the globe who have very diverse life experience and relationships to God Church and creation Clifford introduces the major forms of feminist theology radical reformist and reconstructionist and highlights some of their specific characteristics The Feminist Question Francis Martin,2011-10-14 The first work to undertake a theological critique of Christian feminism as a whole this book seeks to bring traditional faith and the feminist position into a deeper dialogue Part One presents an overview of the historical issues raised by feminist theology Part Two compares key feminist theological presuppositions to the prophetic interpretation of reality found in the biblical tradition

Introducing Feminist Perspectives on Pastoral Theology Zoe Bennett Moore, 2002-12-12 This book introduces feminist perspectives in pastoral theology It is concerned both with pastoral care and practice and also with pastoral theology and theory It seeks to explore why the inclusion of women s experiences and of feminist perspectives is of vital importance to Christian pastoral practice and to a Christian understanding of God The book is designed for concerned practitioners and also has specifically in mind the needs of students of pastoral theology It begins with the lived experience of violence in Church and society moving through to the implications of this for our understanding of the human community and the divine

Feminist Theology/Christian Theology Pamela Dickey Young,2000-01-18 This is a thoughtful cogent accessible argument for a theological method that is both feminist and Christian It is a significant advance in the contemporary discussion Anne E Carr A new and very inspiring book about the old question Can a feminist be a Christian theologian Profoundly discussing the different perspectives of feminist hermeneutics the author offers possibilities for a critical religious way of self understanding in a changing society Elisabeth Moltmann Wendel Introducing Feminist Theology Lisa Isherwood,2001-06-01 The second edition of this highly popular introduction includes a new preface and each chapter has been revised to keep it as up to date as possible Introducing Feminist Theology remains a lively and stimulating first read for anyone embarking on feminist theology as well as a first rate resource for those wishing to refresh their acquiantaince with it Despite claims in some quarters that feminism has been surpassed by gender this book explains how vital a feminist agenda remains and how much is still to be done both at the theological and the practical level to transform Christianity from two centuries of male gendered discourse and ecclesiastical structure into a religion that adequately reflects the life of modern women The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson, Sheila Briggs, 2011-11-10 This innovative

volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology Beginning with a discussion of position of the discipline at the turn of the twenty first century the handbook seeks to present an inclusive account of feminist theology in the early twenty first century that acknowledges the reflection of women on religion beyond the global North and its forms of Christianity Globalization is taken as the central theme as the foremost characteristic of the context in which we do feminist theology today The volume traces the impacts of globalization on gender and religion in specific geographical contexts describing the implications for feminist theological thinking A final section explores the changing contents of the field moving towards new models of theology distinct from both the structure and language of traditional Christian systematic theology and the forms of secular feminism The handbook draws on material from every populated continent with chapters provided by a diverse team of international scholars An A-Z of Feminist **Theology** Lisa Isherwood, Dorothea McEwan, 2016-10-06 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology. There are entries on all the major themes of Christian feminist theology including models of God and of the Church ethics and spirituality sexuality and liberation Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse Together they present the far reaching concerns of feminist theology in an accessible and stimulating way The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity Household of Freedom Letty M. Russell, 1987-01-01 Letty M Russell s Household of Freedom addresses concerns important to all those struggling with issues of authority and equality in the church Known for her work in feminist and liberation theologies Russell now looks at the question of authority that is legitimate power in the context of Christianity She uses the image of community God's household of freedom to describe ways in which human beings can better live and work together in faith Feminist and Womanist Pastoral Theology Bonnie J. Miller-McLemore, Brita L. Gill-Austern, 1999 In the last decade the focus of pastoral theology has shifted dramatically from care defined as counseling to care understood within a wider social political and religious context Feminist and womanist theory as well as feminist and womanist faith convictions have played a key role in this development According to the authors feminists and womanists in pastoral theology have begun to reconstruct the definitions parameters and commitments of pastoral care and counseling These changes have critical implications for care within congregations and for the understanding of theology in seminaries and divinity schools Yet these developments in the theory and practice of pastoral theology and their broader ramifications have not been carefully analyzed or even acknowledged by pastoral theologian minister and religion scholar alike This is due to a failure to articulate clear understandings of the field the gap between congregational ministry and higher education in religion and conflicts in theological education in general over the place of practice and theory experience spirituality and practical theology To redress these problems this collection of essays has a threefold aim First the book identifies the many

changes occurring in definitions of pastoral theology care and counseling Second the volume defines and develops new methods and approaches Third the authors attend to the implications of these changes for congregational care and theological education Roughly speaking the order of the chapters in this volume follows this threefold agenda moving from an exploration of the changes in pastoral theology to its reconstruction to some of the implications of recent innovations
