Feminist Theory And Cultural Studies Stories Of Unsettled Relations:

Feminist Theory and Cultural Studies Professor of Media and Cultural Studies Sue Thornham, Sue Thornham, 2000

Feminist theory is a central strand of cultural studies This book explores the history of feminist cultural studies from the early work of Mary Wollstonecraft Charlotte Perkins Gilman Virginia Woolf Simone de Beauvoir through the 1970s Women's Liberation Movement It also provides a comprehensive introduction to the contemporary key approaches theories and debates of feminist theory within cultural studies offering a major re mapping of the field It will be an essential text for students taking courses within both cultural studies and women's studies departments

Cultural Studies 50 Years On

Kieran Connell, Matthew Hilton, 2016-09-30 Stuart Hall conceptualized his time at the Centre for Contemporary Cultural Studies as a series of interruptions It was this fluidity that gave rise to Hall's conception of cultural studies as a moving target a fusion of a range of disciplinary approaches that was uniquely influenced by politics in the world beyond the academy The political commitments of those at the Centre were wide ranging and from its embrace of collective ways of research and decision making to its deployment of various strands of European Marxist theory had a critical impact on the Centre's working practices Yet as the diverse work of many of these same scholars has shown the political climate of the present day is almost unrecognizable from that of the mid 1960s to the mid 1980s arguably the most productive period in the Centre's history Cultural Studies 50 Years On explores how the political social and cultural contexts of the early 21st century influenced the object and method of doing cultural studies In bringing together a historical reassessment of the Centre with present day questions regarding the future of the field the aim is not to reduce cultural studies to the work of a single now defunct institution Instead it aims to utilize what is a critical moment in the trajectory of the field in order to take stock of where it has come from and to explore where it might be going

Fractured Feminisms Laura Gray-Rosendale, Gil

Harootunian, 2012-02-01 This advanced analysis of gender issues in higher education represents a significant new turn in feminist thinking Fractured Feminisms resists and reshapes boundaries by investigating how gender studies intersection with race and ethnicity class postcoloniality sexuality globalization interdisciplinarity technology studies and administration exposes the silenced other of feminisms themselves These crucial conversations about feminisms depend upon facing the perplexing rhetorical problems within feminist debates yet work within these fractures to discover newly emerging productive feminist practices This book contends that it's important to better understand the ways in which feminist rhetorics both empower and constrain and the kinds of identities feminisms afford as well as deny

Gender Relations in

Global Perspective Nancy Cook, 2007 Faced with an increasingly diverse student population an expanding field of gender scholarship and an academic emphasis on multidisciplinary social science professors often struggle to address and integrate such a broad array of gender issues in their courses This book addresses that challenge by increasing students' understandings of gender relations in multiple social fields across time and space Gender Relations in Global Perspective is

truly multidisciplinary It is partially drawn from the work of sociologists but articles written by gender scholars from the disciplines of cultural studies history political science geography and literary theory are also included The readings examine historically persistent cross culturally relevant and empirically grounded concerns such as men s position in the family and women s relationship to work media and the global economy as well as the gendered problems of violence sexuality and reproduction and racism This book presents an engaging range of comparative and cross cultural gender analyses from various world regions including the Middle East South Asia South East Asia Europe the Americas and Africa As the articles are dialogically situated in this text readers will be able to analyse gender similarities and differences around the globe and learn about the diversity of gender experiences across cultures and regions This range of analyses demonstrates how a global perspective enriches feminist analyses Students will quickly learn that to investigate gender dynamics adequately attention must be paid simultaneously to the processes of racialization class colonialism and imperialism and sexuality that interweave with gender to produce complex forms of oppression

The Weight of Images Katariina Kyrölä, 2016-02-17 The Weight of Images explores the ways in which media images can train their viewers bodies Proposing a shift away from an understanding of spectatorship as being constituted by acts of the mind this book favours a theorization of relations between bodies and images as visceral affective engagements that shape our body image with close attention to one particularly charged bodily characteristic in contemporary western culture fat The first mapping of the ways in which fat gendered bodies are represented across a variety of media forms and genres from reality television to Hollywood movies from TV sitcoms to documentaries from print magazine and news media to online pornography The Weight of Images contends that media images of fat bodies are never only about fat rather they are about our relation to corporeal vulnerability overall A ground breaking volume engaging with a rich variety of media and cultural texts whilst examining the possibilities of critical auto ethnography to unravel how body images take shape affectively between bodies and images this book will appeal to scholars and students of sociology media cultural and gender studies with interests in embodiment and affect

Re-framing Representations of Women Susan Shifrin, 2017-07-05 Crossing disciplinary and chronological boundaries this volume integrates text and image essays and object pages to explore the processes inherent in gender representation rather than resituating women in particular categories or spheres as other scholarly publications and exhibitions have done Taking its lead from the Picturing Women project on which it reflects and builds the volume makes a substantial methodological contribution to the analysis of gender discourse and visibility It offers new and stimulating scholarship that confronts historical patterns of representation that have defined what women were and are seen to be and presents new contexts for unveiling what art historian Linda Nochlin has called the mixed messages of representations of women

Pops in Pop Culture Elizabeth Podnieks, 2016-04-29 The definitions of fatherhood have shifted in the twenty first century as paternal subjectivities conflicts and desires have registered in new ways in the contemporary family This collection

investigates these sites of change through various lenses from popular culture film television blogs best selling fiction and non fiction stand up comedy routines advertisements newspaper articles parenting guide books and video games Treating constructions of the father at the nexus of patriarchy gender and post feminist philosophy contributors analyze how fatherhood is defined in relation to masculinity and femininity and the shifting structures of the heteronormative nuclear family Perceptions of the father as the traditional breadwinner and authoritarian as compared to a more engaged and involved nurturer are considered via representations of fathers from the US Canada Britain Australia South Africa and Sweden

Cyberfeminism in Northern Lights Malin Sveningsson Elm, Jenny Sundén, 2009-03-26 What does it mean to study supposedly global media phenomena from a Nordic perspective In which ways could a Nordic feminist perspective on digital media make a difference in relation to dominant research traditions What would be particular and unique about Nordic cyberfeminism compared to the unmarked version of cyberfeminism dominating the field today These are some of the questions that this book sets out to answer *Cyberfeminism in Northern Lights Digital Media and Gender in a Nordic Context* pushes the boundaries of contemporary cyberfeminism significantly Against the background of an expanding body of research in the field of digital media and gender which to this date has primarily been carried out from an Anglo American perspective the book argues that feminist studies of digital media need to become more inclusive and aware of their own geographical and cultural biases and limits The book takes as its point of departure the knowledge and experiences from the Nordic countries Norway Sweden Finland Iceland and Denmark Although often grouped together under the assumed homogeneity of Scandinavia there are important differences between the countries but also certain qualities and aspects that run across national borders which make for an intriguing foundation of this book Highlighting the work of several of Scandinavia's best internet researchers this collection shows how our understanding of the intersection of gender and computer technology is both universal and cultural It's fascinating reading for anyone interested in questions of gender culture or social aspects of the internet and serves as a useful corrective for those who assume these issues can be understood without considering them from multiple cultural positions Nancy Baym Associate professor of Communication Studies University of Kansas This is a very illuminating unconventional and agenda setting collection of essays by a new generation of scholars Very Nordic in its pragmatic approach egalitarian spirit and scholarly excellence it manages to strike a global note The range depth and scope of the theoretical concerns coupled with the originality of the themes discussed casts a new light on a number of crucial issues in feminist cultural studies of science and technology A delight to read Rosi Braidotti Distinguished professor in the Humanities Utrecht University

British Cultural Studies Graeme Turner, 2005-08-18 is a comprehensive introduction to the British tradition of cultural studies Turner offers an accessible overview of the central themes that have informed British cultural studies language semiotics Marxism and ideology individualism subjectivity and discourse Beginning with a history of cultural studies Turner discusses the work of such

pioneers as Raymond Williams Richard Hoggart E P Thompson Stuart Hall and the Birmingham Centre for Contemporary Cultural Studies He then explores the central theorists and categories of British cultural studies texts and contexts audience everyday life ideology politics gender and race The third edition of this successful text has been fully revised and updated to include How to apply the principles of cultural studies and how to read a text An overview of recent ethnographic studies Discussion of anthropological theories of consumption Questions of identity and new ethnicities How to do cultural studies and an evaluation of recent research methodologies A fully updated and comprehensive bibliography *Confronting Global Gender Justice* Debra Bergoffen, Paula Ruth Gilbert, Tamara Harvey, Connie L. McNeely, 2010-11-17 *Confronting Global Gender Justice* contains a unique interdisciplinary collection of essays that address some of the most complex and demanding challenges facing theorists activists analysts and educators engaged in the tasks of defining and researching women's rights as human rights and fighting to make these rights realities in women's lives With thematic sections on Complicating Discourses of Victimhood Interrogating Practices of Representation Mobilizing Strategies of Engagement and Crossing Legal Landscapes this volume offers both specific case studies and more general theoretical interventions Contributors examine and assess current understandings of gender justice and offer new paradigms and strategies for dealing with the complexities of gender and human rights as they arise across local and international contexts In addition it offers a particularly timely assessment of the effectiveness and limits of international rights instruments governmental and nongovernmental organization activities grassroots and customary practices and narrative and photographic representations This book is a valuable resource for both undergraduate and graduate students in fields such as Gender or Women's Studies Human Rights Cultural Studies Anthropology and Sociology as well as researchers and professionals working in related areas

Beyond Bauman Michael Hviid Jacobsen, 2016-10-26 Bringing together leading interpreters of Zygmunt Bauman's sociology this volume thinks with and beyond Bauman's work in order to show its continued relevance as a theory in its own right as an object of criticism and as a stepping stone towards a fuller understanding of contemporary society The volume deals with some proposed omissions and absences in Bauman's sociology with chapters comparing Bauman's ideas to those of other prominent social thinkers as well as chapters devoted to teasing out some problems and pitfalls in his work Paying attention to central concepts and themes of Bauman's thought authors engage with various aspects of his work considering potential deficiencies in his ethical perspective his neglect of the religious dimensions of modernity his lack of consideration for ethnicity and gender his overlooking the importance of socialisation in liquid modernity and his problematic argument for individual choice and freedom in a world that is increasingly closed down by consumer capitalism *Beyond Bauman* aspires to show that despite Bauman's status as a key sociological thinker there are also certain deficiencies in his work demand critical discussion It will be of use to scholars of sociology contemporary society social theory and modernity

Deinstitutionalisation and After Despo Kritsotaki, Vicky Long, Matthew Smith, 2016-11-29 The book relates the history of

post war psychiatry focusing on deinstitutionalisation namely the shift from asylum to community in the second part of the twentieth century After the Second World War psychiatry and mental health care were reshaped by deinstitutionalisation But what exactly was involved in this process What were the origins of deinstitutionalisation and what did it mean to those who experienced it What were the ramifications both positive and negative of such a fundamental shift in psychiatric care Post War Psychiatry in the Western World Deinstitutionalisation and After seeks to answer these questions by exploring this momentous change in mental health care from 1945 to the present in a wide range of geographical settings The book articulates a nuanced account of the history of deinstitutionalisation highlighting the constraints and inconsistencies inherent in treating the mentally ill outside of the asylum while seeking to inform current debates about how to help the most vulnerable members of society
