Feminists Revision History:

Feminists Revision History Ann-Louise Shapiro,1994 The essays in this volume set out to explore the effects of bringing feminist theory to the traditionally empirical discipline of history The authors reexamine the assumptions methods and content of traditional history as they demonstrate what a revisioned rewritten history would look like From a variety of feminist perspectives these essays explore how we know what we know and what counts as knowledge calling into question the self evidence of the evidence itself and challenging traditional categories of analysis As women s history enters its third decade these feminist historians collectively call for new directions in research that address not just the effects of gender difference but differences organized along multiple axes including race ethnicity class nationality and sexuality The contributors are Ava Baron Judith Bennett Marilyn Katz Regina Morantz Sanchez Nell Painter Sylvia Schafer Ann Louise Shapiro Mrinalini Sinha Bonnie Smith Carolyn Steedman Jennifer Terry and Vron Ware Key Points 1 Contributors apply feminist theory in a way that is completely accessible to students and traditional historians 2 Book covers a variety of historical periods and places **Feminist Reflections on the History of Philosophy** Lilli Alanen,Charlotte Witt,2004-09 Feminist work in the history of philosophy has come of age as an innovative field in the history of philosophy This volume marks that accomplishment with original essays by leading feminist scholars who ask basic questions What is distinctive of feminist work in the history of philosophy Is there a method that is distinctive of feminist historical work How can women philosophers be meaningfully included in the history of the discipline Who counts as a philosopher This collection is a unique collaboration among philosophers from North America and the Nordic Countries including papers written from both analytic and continental philosophical perspectives and discussing both ancient and modern philosophers Feminist Reflections on the History of Philosophy will be of interest to historians of philosophy feminist theorists women s studies faculty and students and humanists interested in canon formation and transformation

Canadian women have worked as historians and attempt to problematize in different ways and to varying degrees the relationship between women and historical practice The authors raise many interesting questions about how gender influences historical consciousness and whether looking at the past through women s eyes alters the view Women engaged in history in a wide variety of ways as authors of fiction popular history juvenilia and drama as well as more academic research and publishing They worked as individuals as both professional writers and academics and within formal and informal communities of women such as religious groups or local clubs The essays also talk about the barriers that existed for women who wanted to be recognized as historians and teachers of history and point out how gender differences have coloured perceptions of what constitutes history and who should write that history This anthology shows how instead of being intimidated or defeated by their marginalization women developed new and interesting ideas about what constituted history The final essay in the volume assesses the impact the burgeoning of feminist history in the 1970s had on the academy and examines the connection between feminist activism and women s history This original and lively book highlights the pioneering efforts of women in developing alternate paths to historical expression It makes an important contribution both to Canadian historical studies and to women s and gender history in the West and will appeal to scholars interested in Canadian history women s studies literature and historiography
