

CHRISTY CAMPBELL

FENIAN FIRE

*The British Government Plot to Assassinate
Queen Victoria*

Fenian Fire

Gardner Dexter Hiscox

Fenian Fire:

Fenian Fire Christopher Campbell, 2003 A historical investigation into one of the most serpentine attempts on Queen Victoria's life that reveals for the first time the true instigator at the heart of government There were eight attempts to assassinate Queen Victoria during her long reign four of them were of Irish origin The most serious of all was the Jubilee Plot a conspiracy apparently hatched in New York by the Fenian Brotherhood to blow up the Queen her family and most of the British Cabinet with dynamite at the great service of thanksgiving to commemorate the 50th anniversary of her accession held at Westminster Abbey in June 1887 The plot was uncovered by Scotland Yard with just a few days to go Several of the bombers were caught tried and sentenced to penal servitude for life But warned off in time the master bomber escaped to America Now using recently declassified Foreign Office Secret files marked Fenian Brotherhood the author discloses for the first time the huge secret at the heart of the British counter intelligence operation against militant Irish nationalists the entire conspiracy was masterminded for its own reasons by a clandestine British agency reporting directly to the Prime Minister Lord Salisbury *The Fenian Raid at Fort Erie, June the First and Second, 1866*, 1866 **British Intelligence and the Fenians, 1855-1880** Padraic C Kennedy, 2024-11-26 Shows how mid Victorian efforts to gather information about the Fenians laid the foundation for later British domestic intelligence in both Ireland and mainland Britain British Intelligence and the Fenians provides the first narrative account of the sustained and systematic use of espionage and secret policing in response to Fenianism between 1855 and 1880 It shows that despite the absence of a formal separate political police force or permanent intelligence agency the British administration in Ireland created a sophisticated intelligence network to combat the revolutionary threat posed by the Fenian Brotherhood in America and the Irish Republican Brotherhood in Britain The hub of this intelligence network was the Irish administration's F Department which analysed thousands of reports about Fenianism from throughout Great Britain North America and continental Europe Authorities also established a corresponding separate and secret organization in London Such arrangement provided both Irish and English officials ready access to shared intelligence about Fenianism until the end of the 1870s However government's agents never managed to infiltrate the leadership of the Fenian organization in Ireland Such failure left Ireland's rulers uncertain about Fenian intentions and prone to resort to extra legal measures in response to perceived threats The book makes an invaluable contribution to our understanding of early political policing and espionage in Britain By examining in detail what information was collected how it was analysed and disseminated and the use policy makers made of it it more generally offers an interpretation of the role of intelligence in governing Ireland PADRAIC C KENNEDY is Associate Professor at the Department of History and Political Science York College of Pennsylvania **History of Toronto and County of York, Ontario** Graeme Mercer Adam, Charles Pelham Mulvany, 1885 **History of the County of Peterborough, Ontario** Charles Pelham Mulvany, 1884 Report on the State of the Militia of the Dominion of Canada Canada. Department of Militia and

Defence,1871 *Thomas D'Arcy McGee* David A. Wilson,2008 A compelling and comprehensive biography of Thomas D Arcy McGee s political career in Canada The Lancet ,1867 **The Mechanics' Magazine and Journal of Engineering, Agricultural Machinery, Manufactures and Shipbuilding** ,1869 **The London Lancet** ,1867 Henley's Twentieth Century Book of Recipes, Formulas and Processes Gardner Dexter Hiscox,1910 **Fenians, Freedmen, and Southern Whites** Mitchell Snay,2010-09-01 After the American Civil War several movements for ethnic separatism and political self determination significantly shaped the course of Reconstruction The Union Leagues mobilized African Americans to fight for their political rights and economic security while the Ku Klux Klan used intimidation and violence to maintain the political and economic hegemony of southern whites Founded in 1858 as the Irish Revolutionary Brotherhood the Irish American Fenians sought to liberate Ireland from English rule In Fenians Freedmen and Southern Whites Mitchell Snay provides a compelling comparison of these seemingly disparate groups and illuminates the contours of nationalism during Reconstruction By joining the Fenians with freedpeople and southern whites Snay seeks to assert their central relevance to the dynamics of nationalism during Reconstruction and offers a highly original analysis of Reconstruction as an Age of Capital and an Age of Emancipation where categories of race class and gender as well as nationalism were fluid and contested After the American Civil War several movements for ethnic separatism and political self determination significantly shaped the course of Reconstruction The Union Leagues which began during the war to support the northern effort spread to the South after the war and mobilized African Americans to fight for their political rights and economic security Opposing the Leagues was the Ku Klux Klan which used intimidation and violence to maintain the political and economic hegemony of southern whites Founded in 1858 as the Irish Revolutionary Brotherhood the Irish American Fenians sought to liberate Ireland from English rule Mitchell Snay provides a compelling comparison of these seemingly disparate groups in Fenians Freedmen and Southern Whites illuminating the contours of nationalism during Reconstruction Despite their separate and often opposing goals the Fenians Union Leagues and the Klan Snay reveals shared many characteristics To various extents they were secret societies that sought to advance their mission through both political and extra political means Both the League and the Klan employed elaborate rites of initiation and secret passwords common to nineteenth century fraternal organizations They also shared a similar political culture of secrecy conspiracy and countersubversion All three groups were quasi military in structure and activities and shared a desire for the control of land Among the three organizations Snay shows the Fenians provide the clearest case of nationalist aspirations along the lines of ethnicity though the rise of racial consciousness among both southern whites and blacks also might be seen as expressions of ethnic nationalism According to Snay the political culture of Reconstruction encouraged the nationalist ambitions of these groups but channeled their separatist impulses along civil rather than ethnic lines by focusing on questions of freedom citizenship and suffrage In addition the Republican emphasis on color blind equality limited overt expressions of national identities based solely on

ethnicity or race Unlike southern whites and blacks Irish Americans are seldom mentioned in Reconstruction histories By joining the Fenians with freedpeople and southern whites Snay seeks to assert their central relevance to the dynamics of nationalism during Reconstruction and offers a highly original analysis of Reconstruction as an Age of Capital and an Age of Emancipation where categories of race class and gender as well as nationalism were fluid and contested The Fenian Raid of 1870 ,1871 Henley's Twentieth Century Formulas, Recipes and Processes Gardner Dexter Hiscox,1916 Henley's Twentieth Century Formulas, Recipes and Processes; Containing Ten Thousand Selected Household and Workshop Formulas, Recipes, Processes and Money-saving Ideas Gardner Dexter Hiscox,1924 **Henley's Formulas, Recipes and Processes** Various,2023-12-12 Henley s Formulas Recipes and Processes stands as an indispensable compendium for professionals across a variety of fields including chemistry engineering and industrial manufacturing This meticulously compiled reference work is rich with detailed formulations practical recipes and processes that span a wide array of applications Its literary style is marked by an emphasis on clarity and precision reflecting the technical nature of the content while ensuring accessibility for practitioners Positioned within the broader context of scientific reference literature this volume serves as a testament to the evolving intersections of chemistry and practical application in the industrial age The book is a collaborative effort by various authors each bringing a wealth of experience and expertise from their respective fields This diversity is a significant asset as it allows the compendium to gather a wide spectrum of knowledge that collectively reflects the collective understanding and innovation of contemporary industry practices The authors commitment to fostering an understanding of complex scientific principles through practical applications is evident throughout the text indicative of a sincere endeavor to serve the working professional I highly recommend Henley s Formulas Recipes and Processes to anyone who seeks to deepen their understanding of practical science and improve their craft Whether you are an engineer chemist or tradesperson this authoritative guide will prove invaluable equipping you with the necessary tools to engage effectively with both everyday tasks and larger projects in your field *Fortunes in Formulas, for Home, Farm, and Workshop* Gardner Dexter Hiscox,Thomas O'Connor Sloane,1939 Invaluable for reference crammed with thousands of suggestions and ideas for amateur and professional use Endorsed by universities scientists and thousands of readers as the best modern authority from cover *Henley's Twentieth Century Formulas, Recipes and Processes* Gardner Dexter Hiscox,1914 **Canadian Spy Story** David A. Wilson,2022-05-30 In the mid nineteenth century a group of Irish revolutionaries known as the Fenians set out to destroy Britain s North American empire Between 1866 and 1871 they launched a series of armed raids into Canadian territory In *Canadian Spy Story* David Wilson takes readers into a dark and dangerous world of betrayal and deception spies and informers invasion and assassination spanning Canada the United States Ireland and Britain In Canada there were Fenian secret societies in urban areas including Quebec City Montreal Ottawa and Toronto and in some rural townships all part of a wider North American network Wilson tells the tale of Irishmen

who attempted to liberate their country from British rule and the Canadian secret police who infiltrated their revolutionary cells and worked their way to the top of the organization With surprises at every turn the story includes a sex scandal that nearly brought Canadian spy operations crashing down as well as reports from Toronto about a plot to assassinate Queen Victoria Featuring a cast of idealists patriots cynics manipulators and liars Canadian Spy Story raises fundamental questions about state security and civil liberty with important lessons for our own time

Troublous Times in Canada John A. MacDonald, 2019-12-10 In *Troublous Times in Canada* John A MacDonald delivers a compelling narrative that intricately weaves together the turbulent history of Canada during the 19th century Written in a reflective and engaging style the book captures the essence of the conflicts and challenges faced by the nascent nation as it sought to define its identity amid colonial pressures and internal strife MacDonald s detailed account ranges from the Rebellions of 1837 1838 to the intricate political machinations leading to Confederation highlighting the interplay of social economic and cultural forces that shaped the Canadian landscape during a pivotal moment in its history John A MacDonald as one of Canada s founding fathers brings a unique perspective to this historical narrative His firsthand experience in politics law and governance coupled with his deep commitment to uniting diverse communities profoundly influenced his interpretation of Canada s tumultuous past MacDonald s insights reflect not only his vision for a unified Canada but also his understanding of the complex dynamics that defined the nation during a time of crisis I highly recommend *Troublous Times in Canada* to anyone interested in understanding the foundational challenges faced by Canada This book serves as an essential resource for historians students and general readers alike offering a nuanced perspective on a formative period that continues to resonate in contemporary Canadian identity
