Brady, 2024-10-14 Edgar Rice Burroughs was not satisfied with creating characters and events within the world that we know instead he created whole new worlds for histories and he filled them with peoples languages cities wars plants machines and monsters that were believable to the reader yet still alien and fantastic enough to thrill and delight From A Kor the keeper of the Towers of Jetan in Manator through Zythab one of the priests of Brulor in Ashair this is a comprehensive reference to the fantastic worlds of Burroughs Each entry provides a complete definition along with a reference to the book in which the entry appeared For terms the language either actual e.g. Latin and French or Burroughs created e.g. The Tongue of the Great Ape or Pal-ul-don from which it was derived is given      *Imprint\**, 1987      [Biographical Membership Directory](#) International Studies Association, 1992

Department of Political Science, 1988      **The Cold War Is Over--again** Allen Lynch, 2019-06-26 In this book Allen Lynch challenges the common wisdom that the revolutionary events in Eastern Europe in 1989 and in the Soviet Union in 1991 marked the end of the cold war Instead he argues that the cold war was actually resolved by the early 1970s as evidenced by the tacit acceptance of a divided Germany and Europe More recent events thus overthrew not the cold war but the post cold war order in East West and U.S. Soviet relations And often to their surprise and consternation leaders of the governments involved must now face formidable new forces created by German unity and nationalism in Eastern Europe and the former Soviet Union which were contained efficiently if at times brutally by the post cold war order In its three sections the book reviews historical contemporary and future oriented themes respectively Lynch begins by exploring the deeper logic of the cold war and how it was resolved by the 1970s He then presents an overview of recent Soviet domestic and foreign

policy processes as they affect East West relations The concluding section considers the future with special emphasis on the implications of a disintegrating USSR for U S foreign policy     *The European Encyclopedia* Jeff Loveland,2019-07-04
