Canadian History: Confederation to the present Martin Brook Taylor, Doug Owram, 1994-01-01 In these two volumes which replace the Reader's Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover **From Fur Trade to Free Trade : Rethinking the Inland Empire** Susan L. (Susan Lee) Bradbury, Daniel E. Turbeville, Canada. Embassy (U.S.), Canadian Studies Grant Programs, 1997 **Fur Trade Review Weekly**, 1908 *Fur Trade to Free Trade* Randall White, 1989-03-01 In November 1988 the Canadian electorate voted to proceed with the Canada U S Trade Agreement Yet this historic decision is not the end of the process In effect it sets the stage for further discussion since a great deal remains open to negotiation over the next five to seven years Fur Trade to Free Trade examines both the strengths and weaknesses of the current agreement arguing that Canada has to be ready to stand up to the Americans and even risk abrogation of the deal as the details of this highly open ended treaty are resolved Equally important it argues that there are lessons to be learned from history this is only the latest step in a long and often complicated relationship between Canada and the United States The book also examines Canada's relationships with other major trading partners as the entire global village restructures to meet the challenges of a new century The second edition of this Dundurn best seller includes an additional chapter updating events since the book's first publication in June 1988 including a review of the 1988 election the most recent international trade figures and an analysis of developing trends as the implementation stage of the agreement begins to unfold Part 2. Committee on Ways and Means, 1958 Considers legislation to extend for five years Presidential authority to negotiate trade agreements and to revise tariff rates *Decision at Midnight* Michael Hart, Colin Robertson, 1995 On 2 January 1988 Canada and the United States signed what was then the most comprehensive free trade agreement that the world has seen *Decision at Midnight* is the story of the FTA negotiations themselves the preparations for and conduct of those negotiations and the ideas and issues behind them From their unique perspective as participants Hart Dymond and Robertson capture the drama and the personalities involved in the long struggle to make a free trade deal They describe the extensive consultations the turf fighting among insiders the innate caution of both politicians and bureaucrats and the need to cultivate powerful constituencies in order to overcome the inertia of conventional wisdom Although they tell the story from a Canadian perspective the authors also include their perception of what was taking place in the United States and the wider world to create the circumstances that would make the negotiations desirable possible and ultimately successful Throughout they skilfully mix personalities events and issues to provide a compelling narrative and convincing analysis **Hidden in Plain Sight** Cora J. Voyageur, David Newhouse, Dan Beavon, 2011-10-08 The acclaimed and accessible *Hidden in Plain Sight* series showcases the extraordinary contributions made by Aboriginal peoples to Canadian identity and culture This collection features new accounts of

Weeks,2019-07-15 In Gateways to Empire Quebec and New Amsterdam to 1664 historian Daniel Weeks has provided the first comprehensive comparative study of the North American fur trading colonies New France and New Netherland While neither colony profited very much if at all from the fur trade though many individuals fortunes were

undoubtedly made Weeks finds that New France which far outpaced New Netherland in this trade grew more slowly and had greater difficulty sustaining itself As he demonstrates in Gateways to Empire other factors including New Netherland s openness to religious and ethnic diversity and wider connections to the Atlantic World allowed it to become more economically secure than its rival north of the St Lawrence And yet in both cases the principal towns of these European colonies Quebec and New Amsterdam moved beyond their initial purposes as hubs for trade with the indigenous peoples to become gateways to European settlement In this New Amsterdam by the late 1640s was singularly successful so that it rapidly fostered the production of new European towns in its hinterlands organizing the landscape for settlement and also for trade within the European dominated Atlantic World system **Proceedings of the Royal Society of Canada** Royal
