Pettet, R. Barton Palmer, 2024-11-30 Alfred Hitchcock was a major figure in the development and flourishing of film noir His noir films became an inspirational foundation of the neo noir movement beginning in the 1970s from Brian de Palma's mash up homages to Hitchcock originals such as *Obsession* 1976 and *Body Double* 1984 to the dark political thrillers of the era that explore the underside of American life all of which owe a substantial debt to Hitchcock However the central role of Hitchcock in the long history of film noir has seldom been acknowledged in work devoted to his career and noir criticism more generally Instead there has been a tendency to consider Hitchcock's many dark thrillers and crime melodramas as *sui generis* that is as Hitchcock films that are somehow separate and distinct from industry trends But this is to take a narrow view of the director's accomplishments that underestimates his substantial contributions to film history Alfred Hitchcock and Film Noir will be the first book length treatment of the impressive corpus of Hitchcock noir films considered as such as well as of his connection more generally to the emergence and flourishing of this important cinematic trend
