Beyond the Morning Star A. Russell McGillivray, 2023-09-18 My father often told me stories of my grandfather Reverend Rev Russell McGillivray who died when I was three years old The generation who heard Rev McGillivray preach recalled the power of his voice and the simplicity of his messages A testimony to the quality of his life was the people who were welcoming to our family because of our connection to the man who was their minister some 30 or 40 years earlier As a family historian I had many questions about Rev McGillivray He left school at 11 and worked full time to support his widowed mother and six younger siblings How was he later able to earn two university degrees and become a Presbyterian minister In poor health as a teenager in Hamilton Ontario he was sent to British Columbia for a year to recover There he received his calling to the ministry and started preaching How when and where did this remarkable transformation happen As a minister during Church Union in 1925-26 Rev McGillivray got caught up in the sometimes bitter division and legal wrangling that ensued What was his part in this story During World War II he was the minister of one of the largest United churches in Canada In 1947 a rift between him and the overseeing body Presbytery prompted him to resign leaving my 21 year old father disillusioned with the institutional church for the rest of his life What were the issues Above all as a Christian I wanted to know what my grandfather believed and preached In my journey to a published book providential events encouraged me to keep going The most exciting was discovering Rev McGillivray's own account of the improbable year in B C that changed his life His writing brings alive a long gone era with candour sensitivity wit and nostalgia He was not successful in getting the stories published then but I am grateful to be able to honour him by sharing them here
