## **Fundamentals Of Sikhism Historical And Philosophical Perspective:**

**The Quest** Lyman C.D. Kulathungam,2012-04-25 The human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience We try to understand life through questions regarding our own existence the nature of the universe and the nature of God The question of our collective heart is the external manifestation of an internal longing a quest if you will This thirst to understand reality can be seen in superstructures that are scientific social political and especially religious When considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities These aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest Regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood Using a unique framework of analysis this book explores Christ s relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades Christ nor demeans other saviors Christ is not part of the human quest but is well equipped to satisfy that quest International Bibliography of Sikh Studies Rajwant Singh Chilana,2006-01-16 The International Bibliography of Sikh Studies brings together all books composite works journal articles conference proceedings theses dissertations project reports and electronic resources produced in the field of Sikh Studies until June 2004 making it the most complete and up to date reference work in the field today One of the youngest religions of the world Sikhism has progressively attracted attention on a global scale in recent decades An increasing number of scholars is exploring the culture history politics and religion of the Sikhs The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies This monumental work lists over 10 000 English language publications under almost 30 subheadings each representing a subfield in Sikh Studies The Bibliography contains sections on a wide variety of subjects such as Sikh gurus Sikh philosophy Sikh politics and Sikh religion Furthermore the encyclopedia presents an annotated survey of all major scholarly work on Sikhism and a selective listing of electronic and web based resources in the field Author and subject indices are appended for the reader s convenience History and Philosophy of the Sikh Religion Khazan Singh,1914 **Historical Dictionary of Sikhism** Louis E. Fenech,W. H. McLeod,2014-06-11 Sikhism traces its beginnings to Guru Nanak who was born in 1469 and died in 1538 or 1539 With the life of Guru Nanak the account of the Sikh faith begins all Sikhs acknowledging him as their founder Sikhism has long been a little understood religion and until recently they resided almost exclusively in northwest India Today the total number of Sikhs is approximately twenty million worldwide About a million live outside India constituting a significant minority in the United Kingdom Canada and the United States Many of them are highly visible particularly the men who wear beards and turbans and they naturally attract attention in their new countries of domicile This third edition of Historical Dictionary of Sikhism covers its history through a chronology an introductory essay and an extensive bibliography

The dictionary section has over 1000 cross referenced entries on key persons organizations the principles precepts and practices of the religion as well as the history culture and social arrangements This book is an excellent access point for students researchers and anyone wanting to know more about Sikhism *Sikhism, Its Philosophy and History* Institute of Sikh Studies (Chandigarh, India),1997 Contributed articles *Guru Gobind Singh Madanjit Kaur*,2021-05-15 *Guru Gobind Singh 1666 1708 10th guru of the Sikhs* **Faith & Philosophy of Sikhism** Sardar Harjeet Singh,2009 Different Types of History Bharati Ray,2009 **Three Basics of Sikh Religious Thought** Satnam Kaur (Reader in philosophy),2004 A Critical Study Of Faith Grace And Prayer In Sikh Religious Thought Forms The Viewpoint Of Present Day Philosophy The Matter Has Been Treated Under 3 Headings Faith Grace And Prayer Also Provides Translations Of Passages From Adi Granth Cited In The Book And Original Gurumukhi Passages Cited In The Book **Approaches to History** Sabyasachi Bhattacharya,2011 History as a social science is arguably more self reflective than associated disciplines in that family Other social scientists seem to see little reason to look beyond the paradigm they are developing in the present times Historians on the other hand tend to depend on the cumulative process of the development of their craft and the fund of accumulated knowledge Yet while this is acknowledged in the practice of research Historiography in itself as a subject of study has rarely found its place in the syllabi of Indian universities Knowledge of Historiography is taken for granted when a scholar plunges into research In an attempt to address this lacuna the Indian Council of Historical Research ICHR has planned a series of volumes on Historiography comprising articles by subject specialists commissioned by the ICHR The first volume in the series *Approaches to History Essays in Indian Historiography* brings to the readers the first fruits of that endeavour While the essays encompass areas of research presently at the frontiers of new research scholars will also find the bibliographies accompanying the essays of significant appeal Sikhism, a Perspective Maan Singh Nirankari (dr.),2008 Philosophy of Sikhism Nirbhaj Singh,1990 *Sikhism* Mr. Rohit Manglik,2023-08-21 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **The A to Z of Sikhism** W. H. McLeod,2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which

present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism *Philosophy of Religion: The Basics* Samuel Lebens, 2022-09-13 This book introduces students and other interested readers to the philosophy of religion a vibrant and growing field of academic philosophy Readers will be guided through an exploration of classic and contemporary arguments for and against theism In addition to this crucial but standard fare this book looks to probe deeper into the nature and value or dis value of religion itself Philosophy of religion is becoming more diverse both in terms of the religious traditions it examines and the issues that it addresses This book reflects that fact engaging with religious traditions from Quakerism to Jainism Questions and topics covered include What is religion What philosophical problems arise for the practices of prayer worship and meditation How might multiple religions co exist in peace If there is a God would it be the sort of thing that language could describe When and how might it be rational to wager that a particular religion is true With a glossary of key terms and suggestions for further reading *Philosophy of Religion The Basics* is an ideal starting point for anyone seeking a lively and accessible foray into the study of religion or philosophy *Philosophical Foundations of the Sikh Value System* Santokh Singh, 1982 **Philosophical Neuroethics: A Personalist Approach.
