Guillaume Favre

Fünf Goldmedallions Aus Dem Funde Volume 3:

Proceedings, American Philosophical Society (vol. 93, no. 5) , Faces of Power Andrew Stewart,1993 During his reign and following his death the physiognomy of Alexander the Great was one of the most famous in history adorning numerous works of art This study demonstrates how the various portraits transmit not so much a likeness of Alexander as a set of clichés that symbolized the ruler *La splendeur des dieux: Quatre études iconographiques sur l'hellénisme égyptien* (2 vols) Gaëlle Tallet,2020-12-29 Que viennent faire les rayons solaires du dieu grec Hélios sur le front d'un dieu crocodile égyptien Cette question est au point de départ d'une enquête au cœur de la plasticité du système polythéiste de l'Égypte gréco-romaine Parcourant le labyrinthe des diverses communautés et croyances grecques et égyptiennes Gaëlle Tallet utilise le fil d'Ariane de la production des images religieuses réponses de nouveaux besoins et de nouvelles perceptions du divin et ouvre les portes des ateliers où elles ont été conçues commandées et fabriquées La Splendeur des dieux propose une revalorisation du rôle des clergés et des artistes indigènes dans la fabrication d'un hellénisme proprement égyptien qui leur a permis de promouvoir et préserver des traditions millénaires Why are the rays of the Greek god Helios on the forehead of a crocodile headed Egyptian deity Navigating the maze of Greek and Egyptian communities and creeds Gaëlle Tallet investigates the plasticity of material culture in the polytheistic context of Graeco Roman Egypt Using the Ariadne's thread of the manufacturing of new images suitable to new needs and new understandings of the divine La Splendeur des dieux opens the doors of the workshops where these images were designed ordered and crafted Tallet offers a full reappraisal of the cultural balance of powers in Graeco Roman Egypt depicting the indigenous clergies and artists as integrated actors of an Egyptian Hellenicity that helped promote and preserve their millenarian old traditions **Dictionary Catalog** American Numismatic Society. Library,1962

The Portraits of the Greeks Gisela Marie Augusta Richter,1965 **Roman Gold and the Development of the Early Germanic Kingdoms** Bente Magnus,2001 **Pergamon and the Hellenistic Kingdoms of the Ancient World** Carlos A. Picón,Seán Hemingway,2016-04-18 The Hellenistic period the nearly three centuries between the death of Alexander the Great in 323 B C and the suicide of the Egyptian queen Cleopatra VII the famous Cleopatra in 30 B C is one of the most complex and exciting epochs of ancient Greek art The unprecedented geographic sweep of Alexander's conquests changed the face of the ancient world forever forging diverse cultural connections and exposing Greek artists to a host of new influences and artistic styles This beautifully illustrated volume examines the rich diversity of art forms that arose through the patronage of the royal courts of the Hellenistic kingdoms placing special emphasis on Pergamon capital of the Attalid dynasty which ruled over large parts of Asia Minor With its long history of German led excavations Pergamon provides a superb paradigm of a Hellenistic capital appointed with important civic institutions a great library theater gymnasium temples and healing center that we recognize today as central features of modern urban life The military triumphs of Alexander and his successors led to the expansion of Greek culture out from the traditional Greek heartland to the Indus

River Valley in the east and as far west as the Strait of Gibraltar These newly established Hellenistic kingdoms concentrated wealth and power resulting in an unparalleled burst of creativity in all the arts from architecture and sculpture to seal engraving and glass production Pergamon and the Hellenistic Kingdoms of the Ancient World brings together the insights of a team of internationally renowned scholars who reveal how the art of Classical Greece was transformed during this period melding with predominantly Eastern cultural traditions to yield new standards and conventions in taste and style The Eerdmans Encyclopedia of Early Christian Art and Archaeology Finney,2017 One of the most widely respected theological dictionaries put into one volume abridged form Focusing on the theological meaning of each word the abridgment contains English keywords for each entry tables of English and Greek keywords and a listing of the relevant volume and page numbers from the unabridged work at the end of each article or section **The Classical Review** ,1893 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year **The Antiquarian Rediscovery of the Antonine Wall** L. J. F. Keppie,2012 The Antonine Wall has been visible as an upstanding earthwork across the central belt of Scotland between Forth Clyde since its construction by the Roman legions over 1 850 years ago early in the reign of the Roman emperor Antoninus Pius This book takes up its story from the time of its abandonment in the reign of Pius successor Marcus Aurelius and charts developments in our knowledge about it through the Middle Ages and after up to the early years of the twentieth century by which time the earliest scientific excavations had taken place *Dictionary Catalogue of the Byzantine Collection of the Dumbarton Oaks Research Library, Washington, D.C.* Dumbarton Oaks,1975 **Searching for Jesus on the Silk Road** Dale A. Johnson,2012-11-22 This is an overview of the presence of Christianity in China over 20 centuries It is not meant to be an exhaustive review but a personal exploration for lost Churches and Christian communities who entered China along the network of roads we call the Silk Road *Ἀρχαιολογικὰ Ἀνάλεκτα Ἐξ Ἀθῆνῶν* ,1990 **The Classical Journal** ,1959

Tree and Serpent: Early Buddhist Art in India John S. Guy,2023-07-17 A pioneering study of the emergence of Buddhist art in southern India featuring vibrant photography of rare works many published here for the first time Named for two primary motifs in Buddhist art the sacred bodhi tree and the protective snake Tree Serpent Early Buddhist Art in India is the first publication to foreground devotional works produced in the Deccan from 200 BCE to 400 CE Unlike traditional narratives which focus on northern India where the Buddha was born taught and died this groundbreaking book presents Buddhist art from monastic sites in the south Long neglected this is among the earliest surviving bodies of Buddhist art and among the most sublimely beautiful An international team of researchers contributes new scholarship on the sculptural and devotional art associated with Buddhism and masterpieces from recently excavated Buddhist sites are published here for the first time including Kanaganahalli and Phanigiri the most important new discoveries in a generation With its exploration of Buddhism s emergence in southern India as well as of India s deep commercial and cultural engagement with the Hellenized

and Roman worlds this definitive study expands our understanding of the origins of Buddhist art itself
