Deep Seeded Secrets Marvela Dawnay, 2019-07-26 I was just putting my life back together when my daughter LaKina disclosed the deep seeded secrets that she'd kept from me She was in dire need of my help We joined forces and within a matter of time we found ourselves up against multiple manipulating devilish snakes with deep seeded secrets The manipulating devilish snakes utilized corruption lies money power and endless connections to cover up abuse and criminal activity for a family and many others They were out to destroy our family by using fear threats manipulation and alienation to hide their criminal activity and abuse to children I wasn't only dealing with LaKina's situation My father Donald was in a troubled marriage Later we saw that his wife was a corrupt person with deep seeded secrets who lied and was capable of murder Everywhere I turned there were deep seeded secrets corruption and lies I remained determined to find out what they were regardless of the risks and pushbacks that I'd encountered This is a heart wrenching story that will leave you shocked traumatized and in disbelief because of the parties involved I highly recommend that you and your loved ones read my series so that you can identify the traits and patterns of these individuals and never enter into their world The Gift of Time Gail Thomas, 2015-01-12 From us to you the precious gift of freedom from your unbearable workload and space to breathe What is the main thing that stops you doing all those things you'd love to do That stops you trying a new idea starting a new hobby looking for new opportunities or finishing that long overdue project It's time isn't it It certainly is for most of us We're all drowning in work never ending to do lists constant deadlines one after the other too many emails to possibly answer If only some of that load could be lifted If only we could find some space some breathing room some time to actually think It would mean we could try new things think creatively do our best rather than just enough to get it done and off our plate Certainly in work business growth is dependent on creative thinking and innovation you need time to do that If you want to succeed in your career or make more room in your life for the nonwork stuff then you need to free up some time And what's the key to finding time Delegation Let Gail Thomas teach you to art of delegation Stop wasting your time on tasks you're overqualified for and see how you actually can focus on the important stuff And you won't just learn how to delegate down Gail will also help you master upwards delegation The Gift of Time includes How proper delegation can lead to a more

successful career and a happier life Solid research into the value of delegation in real monetary terms An examination of the attitudes and barriers to delegation and how to overcome them Different types of delegation not just downward delegation but upwards and sideways delegation silent and stakeholder delegation Articles by guest writers experts in particular areas such as parental delegation Case studies to illustrate exactly how effective delegation has been done to great results *The Last Gift* Daphne Maddison,2018-04-19 Every October 17th she said a prayer and the memories came flooding back all over again For 68 years a secret was kept buried deep inside her heart the face of a baby girl whose birthday it was She had no pictures to look at no keepsakes just images in her mind flashbacks of a time her heart was broken *The Gift Of The Spheres, The Amulet, and the Apparition* Jackie Spears,2022-02-03 Rack Tedder and Robin Spindley close friends and neighbors are your average typical grade schoolers That is until Rack practically stumbled on a rock on one of their many explorations of the forest on their way to home and discovered two glowing spheres hidden under the rock Suddenly Rack and Robin found themselves transformed into masked superheroes with near limitless abilities Just in time because bearing down on Earth with his alien army is a powerful force intent on conquering and enslaving all the peoples and inhabited planets in the universe in his quest for galactic dominance Soon Rack and Robin with the aid and guidance of a guardian of the universe have to fight Hagfoth and several of planetary armies with its highly advance technology Along with their powers Rack and Robin must not only face several interplanetary battles but uncover several hidden secrets as well For example maybe there is more to their families than it seems and maybe aliens are not so rare on Earth *IELTS SPEAKING 2022 | LATEST SPEAKING TOPICS FOR IELTS* DARSHAN SINGH,2021-03-07 ABOUT THE BOOK This book is written after thorough research in the field of IELTS This book will offer you a comprehensive variety of topics that are asked by the examiners in the IELTS Speaking Test This book contains more than 1000 solved questions and answers for the follow up round as well as 200 solved Cue card topics from the past and current exams This book includes four parts in which the solutions are given for all the questions This book should be read systematically to gain a high band score in your IELTS exam This book contains 2000 useful vocabulary words along with speaking tips for the candidates Read all those tips before you go to the exams This book is a compilation of the most common and frequent questions and topics asked in the IELTS speaking test This is entirely guesswork and shouldn't be considered as the final syllabus of the exam FROM THE AUTHOR I have been in the field of education for the past 10 years I have the experience of training more than 10 000 students over a decade for the IELTS exam I have collected the latest data by interacting with the candidates that have taken the IELTS exam from all over India With extensive research and foresight this book has been amassed for your help in the speaking module of IELTS Don't try to memorize the content instead read it take out ideas from it and use these ideas while speaking practice I have compiled my experience of training from all these years and have locked in this book So what are you waiting for You have the key to this lock now Open this book and be successful I hope this book helps you in achieving your goals
