Furry And Feathery:

Furry and Feathery Jen Green, 2001 **Taxidermy and the Gothic** Elizabeth Effinger, 2024-06-04 Taxidermy and the Gothic The Horror of Still Life is the first extended study of the Gothic's collusion with taxidermy. It tells the story of the emergence in the long nineteenth century of the twin golden ages of the Gothic genre and the practice of taxidermy and their shared rhetorical and narratological strategies, anxieties and sensibilities. It follows the thread into twentieth and twenty-first century culture including recent horror film, fiction, television and visual arts to argue that the Gothic and taxidermy are two discursive bodies stuffed and stitched together. Moving beyond the well-worn path that treats taxidermy as a sentimental art or art of mourning, this book takes readers down a new dark trail, finding an overlooked but rich tradition in the Gothic that aligns it with the affective and corporeal work of horror and the unsettling aesthetics, experiences and pleasures that come with it. Over the course of four chapters, it argues that in addition to entwined origins, taxidermy's uncanny appearance in Gothic and horror texts is a driving force in generating fear. For taxidermy embodies the phenomenological horror of stuckness of being there. In sum, taxidermy's imbrication with the Gothic is more than skin-deep; these are rich discourses stuffed by affinities for corporeal transgressions, the uncanny and the counterfeit. *Furry and Feathery* Parragon, Incorporated, 2002-05 Four Feet, Two Feet, and No Feet Laura Elizabeth Howe Richards, 1885 Hartrampf's Vocabularies Gustavus A. Hartrampf, 1929 *Fur and Feather in North China* Arthur de Carle Sowerby, 1914 **Daoism and Anarchism** John A. Rapp, 2012-11-02 This volume in the Contemporary Anarchist Studies series focuses on anti-statist critiques in ancient and modern China and demonstrates that China does not have an unchallenged authoritarian political culture. Treating anarchism as a critique of centralized state power, the work first examines radical Daoist thought from the 4th century BCE to the 9th century CE and compares Daoist philosophers and poets to Western anarchist and utopian thinkers. This is followed by a survey of anarchist themes in dissident thought in the People's Republic of China from 1949 to the present. A concluding chapter discusses how Daoist anarchism can be applied to any anarchist-inspired radical critique today. This work not only challenges the usual ideas of the scope and nature of dissent in China; it also provides a unique comparison of ancient Chinese Daoist anarchism to Western anarchism. Featuring previously untranslated texts such as the 9th-century Buddhist anarchist tract the *Wunengzi* and essays from the PRC press, it will be an essential resource to anyone studying anarchism, Chinese political thought, political dissent and political history. *Leather, Fur, Brush Making, and Feather Trades* Great Britain.
