Fuseli Studies:

Fuseli Studies Frederick Antal, 2022-11-30 First published in 1956 *Fuseli Studies* deals with the many sided artistic achievements of Zurich born Fuseli's baffling personality who was one of the most erudite and renowned intellectuals of his day in Europe The author's intention has been to place his subject in clear historical perspective within his own epoch and thus traces Fuseli's contacts back to sixteenth century mannerism and forward to twentieth century expressionism In this book the social background of that absorbing period covering the artist's working years at the turn of the nineteenth century is evoked not only in analysing his style poised between classicism and romanticism of the age but also accounting for its appeal and relevance to the present day This book will be of interest to students of art art history European history and literature

Fregean Realism Andrei Pop, 2024-12-15 *Fregean Realism* Frodo Lives and Other Fictions argues that literary fictions pictures and other artworks are modes of access to Gottlob Frege's third realm of objective thoughts about both what is in the real world and what is not but might or might not be Starting with a critique of fictionalism the doctrine that art makes no ontological commitments because it depends on acts of pretending Andrei Pop shifts focus to the shared meaning addressed by acts of pretending and other audience reactions to works of art This book shows that a Fregean theory of sense assertion and concepts does justice to the context specificity of artistic meaning while allowing for durable indeed eternal conceptual content It explores implications for venerable problems such as the truth of art the reality of aesthetic properties beauty and ugliness but also for specific genres or modes like sculpture allegory the relation between image and caption and the first person picture

Fuseli's Milton Gallery Luisa Cale, 2006-12-21 *Fuseli's Milton Gallery* challenges the antipictorial theories and canons of Romantic period culture Between 1791 and 1799 Swiss painter Henry Fuseli turned Milton's *Paradise Lost* into a series of 40 pictures Fuseli's project and other literary galleries developed within an expanding market for illustrated books and a culture of anthologization used to reading British and other classics in terms of the visualization of key moments in the text Thus transformed into repositories of virtual pictures literary texts became ideal sources of subjects for painters Illustrating British literature was a way of inventing a national grand style to fit the needs of a consumer society Cale calls into question the separation of reading and viewing as autonomous aesthetic practices To turn readers into spectators meant to place readers and reading within the dizzying world of associations offered by an emerging culture of exhibitions Attending to the energized reading effects developed by Fuseli's Gallery we rediscover a new side of the Romantic imagination which is not the solitary mentalist experience preferred by Wordsworth and Coleridge nor divorced from the senses let alone a refuge from the crowded public spaces of the Revolutionary period Rather Fuseli's embodied aesthetic exemplifies the associationist psychology espoused by the radical circle convening around the publisher Joseph Johnson including Joseph Priestley and Mary Wollstonecraft This book analyses exhibitions as important sites of Romantic sociability and one of many interrelated mediums for the literature debates and controversies of the Revolutionary period

John Milton: Introductions John Broadbent, 1973-12-13 At the head of the Cambridge Milton series stand two general books *John Milton Introductions* and *Paradise Lost Introduction* These set the tone for and give the background to the editions of individual books John Broadbent and the contributors to the present volume provide original studies on different aspects of John Milton's life times work and ideas There are chapters on his relation to the music science and visual arts of the age and there is ample material to stimulate further reading thought and research The book can be used by a wide range of readers and students of Milton as an original work of reference a bank of ideas and resources on which to draw and to develop

Heroines and Heroes: Symbolism, Embodiment, Narratives & Identity Christopher Hart, 2008 **Revolutionary Feminism** Gary Kelly, 1992-06-10 Revolutionary feminism grew out of the cultural revolution that founded the modern state in the late eighteenth and early nineteenth centuries That cultural revolution responded to the revolution in France and at the center of both revolutions was the question of the rights and duties of women Mary Wollstonecraft s mind and career were shaped in response to these revolutions leading her to formulate a feminism for her time revolutionary feminism This book describes the growth of Wollstonecraft s mind and career and examines all her writings as experiments in revolutionizing writing in terms of her revolutionary feminism **Encyclopedia of the Romantic Era, 1760-1850** Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism *Desire and Excess* Jonah Siegel, 2021-05-11 In this fascinating look at the creative power of institutions Jonah Siegel explores the rise of the modern idea of the artist in the nineteenth century a period that also witnessed the emergence of the museum and the professional critic Treating these developments as interrelated he analyzes both visual material and literary texts to portray a culture in which art came to be thought of in powerful new ways Ultimately Siegel shows that artistic controversies commonly associated with the self consciously radical movements of modernism and postmodernism have their roots in a dynamic era unfairly characterized as staid self satisfied and stable The nineteenth century has been called the Age of the Museum and yet critics art theorists and poets during this period grappled with the question of whether the proliferation of museums might lead to the death of Art itself Did the assembly and display of works of art help the viewer to understand them or did it numb the senses How was the contemporary artist to respond to the vast storehouses of art from disparate nations and periods that came to proliferate in this era Siegel presents a lively discussion of the shock experienced by neoclassical artists troubled by remains of antiquity that were trivial or even obscene as well as the anxious aesthetic reveries of nineteenth

century art lovers overwhelmed by the quantity of objects quickly crowding museums and exhibition halls In so doing he illuminates the fruitful crises provoked when the longing for admired art is suddenly satisfied Drawing upon neoclassical art and theory biographies of early nineteenth century writers including Keats and Scott and the writings of art critics such as Hazlitt Ruskin and Wilde this book reproduces a cultural matrix that brings to life the artistic passions and anxieties of an entire era

Transformations in Late Eighteenth Century Art Robert Rosenblum, 1967 The importance of the late 18th century in the genesis of modern art emerges in these four essays on various aspects of the art and architecture of a neglected period

Britain in the Hanoverian Age, 1714-1837 Gerald Newman, Leslie Ellen Brown, 1997 In 1714 king George I ushered in a remarkable 123 year period of energy that changed the face of Britain and ultimately had a profound effect on the modern era The pioneers of modern capitalism industry democracy literature and even architecture flourished during this time and their innovations and influence spread throughout the British empire including the United States Now this rich cultural period in Britain is effectively surveyed and summarized for quick reference in a first of its kind encyclopedia which contains entries by British Canadian American and Australian scholars specializing in everything from finance and the fine arts to politics and patent law More than 380 illustrations mostly rare engravings enhance the coverage which runs the whole gamut of political economic literary intellectual artistic commercial and social life and spotlights some 600 prominent individuals and families

Creator of Nightmares Christopher Baker, 2024-12-13 A critical biography of the eighteenth century painter Henry Fuseli 1741 1825 was one of the eighteenth century s most provocative and inventive artists He is best known for his painting *The Nightmare* which channeled a new form of gothic imagery for the Romantic age This engaging study of the artist s career unveils Fuseli s complexities navigating contradictions between literary and painted works sacred and secular themes and traditional patronage versus competitive exhibitions Plotting Fuseli s trajectory from Zurich to Paris Rome and ultimately London *Creator of Nightmares* paints an image of Fuseli as an astute marketer and self proclaimed genius who transformed himself from a priest to an Enlightenment writer a mercurial force in the art world and finally a revered teacher
