## **Future Armies Future Challenges Land Warfare In The Information Age:**

**Future Armies, Future Challenges** Michael Evans, Alan Ryan, Russell Parkin, 2004 The operational strategic and ethical conundrums that soldiers their commanders and the societies they serve will have to wrestle with in the future are analyzed by the experts paying close attention to the impact of the information age The Information Revolution in Military Affairs in Asia E. Goldman, T. Mahnken, 2004-07-22 The contributors to this volume seek to explore the multi dimensional institutional cultural technological and political environments of several Asian states to determine the amenability of those host environments for the adoption adaptation of the Revolution in Military Affairs RMS Understanding Military Doctrine Harald Hoiback, 2013-07-18 This book puts military doctrine into a wider perspective drawing on military history philosophy and political science Military doctrines are institutional beliefs about what works in war given the trauma of 9 11 and the ensuing War on Terror serious divergences over what the message of the new military doctrine ought to be were expected around the world However such questions are often drowned in ferocious meta doctrinal disagreements What is a doctrine after all This book provides a theoretical understanding of such questions Divided into three parts the author investigates the historical roots of military doctrine and explores its growth and expansion until the present day and goes on to analyse the main characteristics of a military doctrine Using a multidisciplinary approach the book concludes that doctrine can be utilized in three key ways as a tool of command as a tool of change and as a tool of education This book will be of much interest to students of military studies civil military relations strategic studies and war studies as well as to students in professional military education *Daily Lives of Civilians in Wartime Twentieth-Century Europe* Nicholas Atkin, 2008-08-30 Expert contributors write on the experiences of civilians who lived through occupation and bloodshed in the First World War the Russians who lived or died during the the devastating civil war in 1917 1922 leading eventually to the terrors of Stalinism the Spaniards of many factions who fought against each other in bloody civil wars the ordinary people of France Germany Britain Italy and other countries who faced the hardship and horrors of the Second World War and the ethnic and religious based fighting and atrocities often targeted at civilians in the former Yugoslavia from 1991 into the twenty first century Carefully selected sources for further research help users find additional information on civilian life during these events Expert contributors write on the experiences of civilians in the many wars of twentieth century Europe Among the events discussed are the Europeans who lived through occupation and bloodshed in the First World War the Russians who lived and died in the devastating civil war in 1917 1922 leading eventually to the terrors of Stalinism the Spaniards of many factions who fought against each other in bloody civil wars the ordinary people of France Germany Britain Italy and other countries who faced the hardship and horrors of the Second World War and the ethnic and religious based fighting and atrocities often targeted at civilians in the former Yugoslavia from 1991 into the twenty first century Carefully selected sources for further research help users find additional information on civilian life during these events Chapters including vivid accounts of

civilians roles and experiences through wars in twentieth century Europe are supplemented by recommended print and online resources for further study a glossary defining important terms and concepts and a timeline putting events into a chronological context      Handbook of Global Environmental Politics Peter Dauvergne,2012-01-01 The second edition of this Handbook contains more than 30 new and original articles as well six essential updates by leading scholars of global environmental politics This landmark book maps the latest theoretical and empirical research in this energetic and growing field Captured here are the pioneering and lively debates over concerns for the health of the planet and how they might best be addressed The introduction explores the intellectual trends and evolving parameters in the field of global environmental politics It makes a case for an expansive definition of the field one that embraces an interdisciplinary literature on the connections between global politics and environmental change The remaining chapters are divided into four broad themes states and cooperation global governance the political economy of governance and knowledge and ethics with each section covering key emerging issues In depth explorations are given to topics such as climate change multinational corporations international agreements and UN organizations regulations and business standards trade and international finance multilevel and transnational governance and ecological citizenship Handbook of Global Environmental Politics Second Edition is a comprehensive review of the field and offers cutting edge ideas for further research As such scholars students and policymakers will find themselves looking to it for many years to come      *War as Business* Armin Krishnan,2016-03-03 The privatization of defence assets and the outsourcing of military services from the armed forces to the private sector is an increasing trend This book approaches the issue of military privatization by linking it to the transformation of the defence industries since the early 1990s and shows the extent to which many military functions and activities ranging from military research to military consulting training to operational support services have already been outsourced in the US and in Europe This detailed study provides new and updated information on the ongoing privatization of the defence sector and offers an original theoretical explanation as to why the most modern armed forces throughout the world have come increasingly to rely on private companies for nearly everything they do Contributing to a better understanding of military privatization and its close connection to technological change the book explains the complexity of the whole phenomenon and discusses its implications for national and international security      *Chinese Martial Code* A. L. Sadler,2011-07-05 Chinese Martial Code provides clear easy to follow translations of three of the most respected Chinese works of military strategy It features a masterful translation of The Art of War of Sun Tzu the most respected of all works of military strategy as well as the less famous but equally wise The Precepts of War by Sima Rangju and Wu Zi On the Art of War Additionally A L Sadler s translation is converted here into Pinyin for the first time and the original Chinese language versions of these classic texts are also included making this title a treasure to Chinese history and military scholars as well The text is also copiously annotated placing its sage advice in perspective for modern readers planning to use these time tested strategies to conquer

the business world      **Political and Military Sociology** Neovi M. Karakatsanis, Jonathan Swarts, 2013-03-31 Several contributions in this volume focus on the modern Middle East with other articles examining justifications for war the return of war veterans white nationalists and the activities of the Moral Majority Maria Markantonatou addresses the blurring of distinctions between civilians and combatants Udi Lebel investigates how the IDF is being changed by the increasing number of religious Zionists recruited Orlee Hauser argues that the experiences of women in the IDF vary depending on their positions and assignments Bruce McDonald compares the performance of the Feder Ram and augmented Solow models in accounting for economic growth in Iran Neema Noori examines the interrelationship of war the state and mobilization in Iran Molly Clever examines the justifications for war employed by both state and non state actors Christina Knopf uses relational dialectics to examine US veteran transitions David Bugg and Dianne Dentice analyze attitudes and perceptions of white nationalists Finally Aaron Davis considers the rise of the Illinois state chapter of the Moral Majority in the 1980s This volume in the Political and Military Sociology series also includes reviews of important new books in civil military relations political science and military sociology      *Professional Journal of the United States Army*, 1998      **Fault Lines of International Legitimacy** Hilary Charlesworth, Jean-Marc Coicaud, 2010-02-25 This book examines the features and functions of international legitimacy and how these change over time      *Killer Robots* Armin Krishnan, 2016-04-22 Military robots and other potentially autonomous robotic systems such as unmanned combat air vehicles UCAVs and unmanned ground vehicles UGVs could soon be introduced to the battlefield Look further into the future and we may see autonomous micro and nanorobots armed and deployed in swarms of thousands or even millions This growing automation of warfare may come to represent a major discontinuity in the history of warfare humans will first be removed from the battlefield and may one day even be largely excluded from the decision cycle in future high tech and high speed robotic warfare Although the current technological issues will no doubt be overcome the greatest obstacles to automated weapons on the battlefield are likely to be legal and ethical concerns Armin Krishnan explores the technological legal and ethical issues connected to combat robotics examining both the opportunities and limitations of autonomous weapons He also proposes solutions to the future regulation of military robotics through international law      **Strategy and Security in the Asia-Pacific** Robert Ayson, Desmond Ball, 2020-07-25 From the war on terror to the rise of China this book unlocks the major strategic themes and security challenges of the early twenty first century Strategy and Security in the Asia Pacific provides the analytical frameworks needed to make sense of this complex but exciting strategic universe Offering a unique mix of global strategic thinking and Asia Pacific security analysis this book is for readers from Sydney to Seoul who want to put their own local security challenges in a wider regional and global context It is also for North American and European readers requiring an understanding of the dynamic security developments in the Asia Pacific region around which so much of global strategy is increasingly based The really vital questions facing the international community are dealt with here Why do governments and

groups still use armed force Has warfare really changed in the information age Why should we be concerned about non traditional security challenges such as water shortages and the spread of infectious disease Is a great clash imminent between the United States and China What are the prospects for peace on the Korean peninsula and between India and Pakistan Can Southeast Asia survive the challenges of transnational terrorism What does security mean for the Pacific island countries and for Australia and New Zealand With contributions from leading commentators and analysts Strategy and Security in the Asia Pacific offers a comprehensive and authoritative introduction to the field

**The Sword Arm** Dr. Sanu Kainikara, 2019-04-10 Military forces have long been the arbiters of national security and continues to be at the vanguard of assuring the sovereignty and stability of a nation This is an enduring fact However in the past few decades the role of the military forces have undergone an evolutionary change and now spans a much broader spectrum of activities than ever before Accordingly the responsibilities placed on the military forces especially in democratic nations have also undergone an upward revision These changes have altered the status and stature of military forces This book analyses the changing position of military forces and their relationship with other elements of national power vis vis the need to ensure national security The analysis is carried out in great detail starting with a discussion of national policy grand strategy and their connection to the military forces and ending with a discussion of the status of military forces in the national security calculus It is arranged into five independent sections that contain twenty chapters The Sword Arm examines the hypothesis that irrespective of the broad definition of national security that is prevalent in modern times and the whole of government approach that most democracies have adopted to ensure the security and safety of the nation military forces continue to be at the vanguard of national security initiatives On the other hand democratic nations have a proclivity to sideline the military forces in times of relative peace which could be detrimental to the overall security of the nation The book critically investigates this dichotomy and suggests that in 21st century democracies military forces need to be strengthened to ensure the security of the nation

*Army AL&T*, 2000 *Army RD & A.*, 2000 Professional publication of the RD A community

*Army RD & A Bulletin*, 2000 *Policy Analysis in National Security Affairs* Richard L. Kugler, 2006 This book addresses how to conduct policy analysis in the field of national security including foreign policy and defense strategy It is a philosophical and conceptual book for helping people think deeply clearly and insightfully about complex policy issues This books reflects the viewpoint that the best policies normally come from efforts to synthesize competing camps by drawing upon the best of each of them and by combining them to forge a sensible whole While this book is written to be reader friendly it aspires to in depth scholarship

**Military Review**, 1995 **The Publishers Weekly**, 2004 *Urbicide in Palestine* Nurhan Abujidi, 2014-02-24 Exploring the way urbicide is used to un re make Palestine as well as how it is employed as a tool of spatial dispossession and control this book examines contemporary political violence and destruction in the context of colonial projects in Palestine The broader framework of the book is colonial and post urban destruction

urbanism with a working hypothesis that there are links gaps and blind spots in the understanding of urbicide discourse Drawing on several examples from the Palestinian history of destruction and transformations such as Jenin Refugee Camp Hebron Old Town and Nablus Old Town a methodological framework to identify urbicidal episodes is also generated Advancing knowledge on one historical moment of the urban condition the moment of its destruction and enhancing the understanding of the Palestinian Israeli conflict from urbanistic architectonic and Urbicide Spacio cide perspectives through the use of case studies this book will be essential reading for scholars and researchers with an interest in Urban Geography and Middle East Politics more broadly
