Future Of Social Security A Feminist Economics Perspective

D. Papadimitriou

Future Of Social Security A Feminist Economics Perspective:

The Future of Social Security Policy Ailsa McKay, 2005-07-25 Current debates concerning the future of social security provision in advanced capitalist states have raised the issue of a citizen's basic income CBI as a possible reform package a proposal based on the principles of individuality universality and unconditionality which would ensure a minimum income guaranteed for all members of society Implementing a CBI would consequently entail radical reform of existing patterns of welfare delivery and would bring into question the institutionalized relationship between work and welfare Ailsa McKay's book makes a unique and positive contribution to the CBI literature by examining the proposal from a feminist economics perspective Gender concerns are central to any debate on the future of social security policy in that state intervention in the field of income redistribution has differential impacts on men and women By drawing attention to the potential a CBI has in promoting equal rights of freedom for men and women this book serves to open up the debate to incorporate a more realistic and inclusive vision of the nature of modern socio economic relationships *Feminist Economics and Public Policy* Jim Campbell, Morag Gillespie, 2016-04-28 Professor Ailsa McKay who was known not only for her work as a feminist economist but also her influence on Scottish social and economic policy died in 2014 at the height of her academic career and impact on public life Organised around the key themes of Ailsa McKay's work this collection brings together eminent contributors to argue for the importance of making women's roles and needs more visible in economic and social policies *Feminist Economics and Public Policy* presents a uniquely coherent analysis of key issues including gender mainstreaming universal childcare provision and universal basic income security in the context of today's challenging economic and political environments It draws on international perspectives to look at the economic role of women presenting readers with interrelated sections on gender budgeting and work and childcare before concluding with a discussion on Citizens Basic Income and how it could contribute towards a more efficient equitable social security system The theoretical empirical and practice based contributions assembled here present recommendations for more effective public policy working towards a world in which women's diverse roles are recognized and fully accounted for This book is a unique collection which will be of great relevance to those studying gender and economics as well as to researchers or policy makers **Feminist Political Ecology and the Economics of Care** Christine Bauhardt, Wendy Harcourt, 2018-12-07 This book envisages a different form of our economies where care work and care full relationships are central to social and cultural life It sets out a feminist vision of a caring economy and asks what needs to change economically and ecologically in our conceptual approaches and our daily lives as we learn to care for each other and non human others Bringing together authors from 11 countries also representing institutions from 8 countries this edited collection sets out the challenges for gender aware economies based on an ethics of care for people and the environment in an original and engaging way The book aims to break down the assumed inseparability of economic growth and social prosperity and natural resource exploitation while not romanticising social

material relations to nature The authors explore diverse understandings of care through a range of analytical approaches contexts and case studies and pays particular attention to the complicated nexus between re productivity nature womanhood and care It includes strong contributions on community economies everyday practices of care the politics of place and care of non human others as well as an engagement on concepts such as wealth sustainability food sovereignty body politics naturecultures and technoscience Feminist Political Ecology and the Economics of Care is aimed at all those interested in what feminist theory and practice brings to today s major political economic and environmental debates around sustainability alternatives to economic development and gender power relations *The Routledge Handbook of Feminist Economics*

Günseli Berik,Ebru Kongar,2021-05-23 The Routledge Handbook of Feminist Economics presents a comprehensive overview of the contributions of feminist economics to the discipline of economics and beyond Each chapter situates the topic within the history of the field reflects upon current debates and looks forward to identify cutting edge research Consistent with feminist economics goal of strong objectivity this Handbook compiles contributions from different traditions in feminist economics including but not limited to Marxian political economy institutionalist economics ecological economics and neoclassical economics and from different disciplines such as economics philosophy and political science The Handbook delineates the social provisioning methodology and highlights its insights for the development of feminist economics The contributors are a diverse mix of established and rising scholars of feminist economics from around the globe who skilfully frame the current state and future direction of feminist economic scholarship This carefully crafted volume will be an essential resource for researchers and instructors of feminist economics **Decolonizing Feminist Economics** Gisela

Carrasco-Miró,2025-03-28 Despite the urgency to understand how other cultures encounter the West in academic and political spheres feminist economics has yet to tackle critiques from postcolonial and decolonial feminists about Western centric modernism in the field This book introduces a decolonizing approach to feminist economics offering insights that move beyond the boundaries of modern Eurocentrism The author explores the relationship between colonialism capitalism heteropatriarchy and ecological degradation while offering critical feminist and decolonizing tools By investigating global struggles the author illuminates our hijacked present and imagines a decolonizing feminist economic landscape that is under transformation Transdisciplinary and innovative this book fills a vital gap by exploring the interplay between decolonization and feminist economics challenging the growth logic capitalism and Western centism and imagining new possibilities for more just futures **The Futures of Old Age** John A Vincent,Chris Phillipson,Murna Downs,2006-05-15 What is the future

of old age How will families services and economies adapt to an older population Such questions often provoke extreme and opposing answers some see ageing populations as having the potential to undermine economic growth and prosperity others see new and exciting ways of living in old age The Futures of Old Age places these questions in the context of social and political change and assesses what the various futures of old age might be Prepared by the British Society of Gerontology

The Futures of Old Age brings together a team of leading international gerontologists from the United Kingdom and United States drawing on their expertise and research The book s seven sections deal with key contemporary themes including population ageing households and families health wealth pensions migration inequalities gender and self and identity in later life

Warm Hands in Cold Age Nancy Folbre,Lois Shaw,Agneta Stark,2013-09-13 Public discussion of population aging usually focuses on the financial burden that increasingly elderly populations will impose on younger generations Scholars give much less attention to who does the actual work of day to day care for those no longer able to care for themselves and although women are the majority among the elderly little is heard about gender differences in economic resources or the need for care This volume is dedicated to giving gender and a full range of social and cultural differences their rightful place in these discussions The authors address amongst other issues the worldwide dilemmas of eldercare the structure of income and care provisions for older populations the role of family marital status and class in these provisions the impact of policies affecting retirement age the role of social insurance in preventing poverty among elderly women The essays included address these topics in a myriad of geographical contexts including South Africa the US Palestine Australia South Korea Spain Germany and Sweden The concerns highlighted here also remind us that whether through individual families or social insurance through family caregivers or paid help the oldest generation will continue to depend on adults of working age for its well being This book was previously published as a special issue of **Feminist Economics**

Practising Feminist Political Ecologies Wendy Harcourt,Ingrid L. Nelson,2015-05-14 Destined to transform its field this volume features some of the most exciting feminist scholars and activists working within feminist political ecology including Giovanna Di Chiro Dianne Rocheleau Catherine Walsh and Christa Wichterich Offering a collective critique of the green economy it features the latest analyses of the post Rio 20 debates alongside a nuanced reading of the impact of the current ecological and economic crises on women as well as their communities and ecologies This new politically timely and engaging text puts feminist political ecology back on the map

Feminist Futures of Work Payal Arora,Usha Raman,René König,2025-10-01 The future of work is at the centre of debates related to the emerging digital society Concerns range from the inclusion equity and dignity of those at the far end of the value chain who participate on and off platforms often in the shadows invisible to policymakers designers and consumers Precarity and informality characterize this largely female workforce across sectors ranging from artisanal work to salon services to ride hailing and construction A feminist reimagining of the futures of work what we term as FemWork is the need of the day and should manifest in multiple and various forms placing the worker at the core and drawing on her experiences aspirations and realities This volume offers grounded insights from academic activist legal development and design perspectives that can help us think through these inclusive futures and possibly create digital social and governance infrastructures of work that are fairer and more meaningful

Aging, Globalization and Inequality Jan Baars,Dale Dannefer,Chris Phillipson,Alan Walker,2016-11-03 This book is a major reassessment of work in the field of

critical gerontology providing a comprehensive survey of issues by a team of contributors drawn from Europe and North America The book focuses on the variety of ways in which age and ageing are socially constructed and the extent to which growing old is being transformed through processes associated with globalisation The collection offers a range of alternative views and visions about the nature of social ageing making a major contribution to theory building within the discipline of gerontology The different sections of the book give an overview of the key issues and concerns underlying the development of critical gerontology These include first the impact of globalisation and of multinational organizations and agencies on the lives of older people second the factors contributing to the social construction of later life and third issues associated with diversity and inequality in old age arising through the effects of cumulative advantage and disadvantage over the life course These different themes are analysed using a variety of theoretical perspectives drawn from sociology social policy political science and social anthropology *Aging Globalization and Inequality* brings together key contributors to critical perspectives on aging and is unique in the range of themes and concerns covered in a single volume The study moves forward an important area of debate in studies of aging and thus provides the basis for a new type of critical gerontology relevant to the twenty first century [The Elgar Companion to Feminist Economics](#) Janice Peterson, Margaret Lewis, 2001-01-01

Comprehensive reference work introducing readers to the field of feminist economics It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates *Enduring Questions in Gerontology* Debra J. Sheets, Dana Burr Bradley, PhD, Jon Hendricks, PhD, 2006 *Enduring Questions in Gerontology* provides a comprehensive perspective on the abiding issues in gerontology Both current and future gerontologists will find this book useful in examining emerging dilemmas and creating a context for further progress in the field of aging The most creative thinkers contributing to the gerontological literature reflect on their disciplines consider how key questions have emerged review how they have changed in the decades since gerontology entered the fray and speculate what may lie ahead The resulting collection of essays offers a comprehensive perspective on the enduring questions in gerontology and how they have shaped our understanding of differences in the experience of old age Key contributors to this volume include George L Maddox Christine L Fry Steven Austad Kenneth Brummel Smith Manfred Diehl Martha Holstein W Andrew Achenbaum James E Birren As an emerging or seasoned scholar you will find insights into the ways in which each disciplinary focus grapples with societal transitions identifies emerging issues and lays out strategies and salient perspectives for what should come next [Future Survey Annual 1990](#) Michael Marien, 1990-01-01 *Post-Popperian Methodology of Economics* Neil de Marchi, 2012-12-06 For much of the last three decades or more economic methodology has been dominated by the work of Karl Popper who advocated the position that science is what it is by virtue of its adherence to certain ideals The methodology of science is therefore not empirical or descriptive but rather a set of rules for producing rational or objective knowledge This volume presents alternatives to an exclusively Popperian methodology its purpose is not to reject Popper but to show

there are other ways of construing methodology The book is divided into three parts Part I contains two critical surveys one dealing with the rule based tradition which has had a great influence on economic methodology in the last three decades and the other arguing for the social conditioning of knowledge Part II is concerned with auxiliary hypotheses needed to link rational choice at the social and individual levels Part III follows up on aspects raised in linking rational choice at the social and individual levels by looking at specific issues including rhetoric and economics and gender and economic research

Government Spending on the Elderly D. Papadimitriou, 2007-09-20 This book examines the aging of the US population as a primary domestic public policy issue An increase in the proportion of the elderly in the total population will potentially result in a significant growth in the number of beneficiaries in major federal entitlement programs leading to fiscal pressures and challenges for economic growth

Social Gerontology Nancy R. Hooyman, H. Asuman Kiyak, 2005 Appropriate for sociology psychology and nursing students this textbook examines the biological and physiological changes that affect older people s daily functioning their risk of chronic diseases the psychological changes that can occur and the social implications of aging

The Oxford Handbook of British Politics Matthew Flinders, Andrew Gamble, Colin Hay, Michael Kenny, 2009-07-16 The study of British politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods It is in this context that The Oxford Handbook of British Politics has been conceived The central ambition of the Handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field It also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand In this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than restating the discipline The Oxford Handbook of British Politics is consciously distinctive In showcasing the diversity now found in the analysis of British politics the Handbook is built upon three foundations The first principle that underpins the volume is a broad understanding of the political It covers a much broader range of topics themes and issues than would commonly be found within a book on British politics This emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors The final principle focuses on the distinctiveness of the study of British politics Each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate The result is a unique volume that draws upon the intellectual strengths of the study of British politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance and finally looks to the future by pointing towards emerging or overlooked areas of research

Gerontology Janet May Wilmoth, Kenneth F. Ferraro, 2007 Print CourseSmart Society in Focus William E.

Thompson, Joseph V. Hickey, Mica L. Thompson, 2018-11-13 *Society in Focus An Introduction to Sociology Ninth Edition* emphasizes how society and social forces affect everything from globalization and international policies to day to day activities in our personal lives. In this edition the authors go beyond the mere questioning of issues to take a closer look at the social world in which we live. They provide an integrated approach that uses sociological thinking to help students analyze and understand key concepts. To focus increased attention on sociological thinking and research methods they have chosen four key themes: media and technology, globalization, cultural diversity, and trends for the future. Because sociology is about all of us and our daily lives, it is an eminently practical and useful discipline for understanding our social world. This Ninth Edition includes specific student outcomes for each chapter as well as assessment items linked to those outcomes, new chapter opening vignettes that give real life examples illustrating important terms, concepts, and theories included in that chapter, updated data, statistics, maps, charts, boxes, and tables citing the latest research, available examples of the powerful impact of media and technology on society, especially the role social media play in helping to shape and define our daily social lives, new photos and cartoons accompanied by critical thinking questions that reinforce and illustrate important sociological terms, concepts, and theories.

Human Nature in Modern Economics Anna Horodecka, 2022-06-15 *Human Nature in Modern Economics* offers a precise definition of the concept of human nature in economics, something that is so far lacking in the theoretical and methodological literature. This book develops tools for the analysis of human nature through the construction of the author's meta model based on anthropological and psychological foundations, allowing for comparisons of anthropological assumptions made in economic theories. The model demonstrates that the normative functions of human nature may affect the economic reality. The chapters argue that the concept of human nature determines our thinking about the economy and economics, including fundamental methodologies, methods, and theories. Thus, the differences between various economic schools may result from the different assumptions of these schools about human nature. Those evolving views of human nature proceed to explain the development of both orthodox mainstream and heterodox economics. The book marks a significant addition to the literature on the history of economic thought, heterodox economics, economic theory, and economic methodology. For students, it is a supplement to standard textbooks as it explains the current state of economics, especially in its heterodox branches. It will allow scholars to discover the importance of what they assume about human nature and how it may influence their research process.

Getting the books **Future Of Social Security A Feminist Economics Perspective** now is not type of challenging means. You could not deserted going once ebook gathering or library or borrowing from your connections to contact them. This is an extremely simple means to specifically get guide by on-line. Future Of Social Security A Feminist Economics Perspective Introduction

In the digital age, access to information has become easier than ever before. The ability to download Future Of Social Security A Feminist Economics Perspective has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Future Of Social Security A Feminist Economics Perspective has opened up a world of possibilities. Downloading Future Of Social Security A Feminist Economics Perspective provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Future Of Social Security A Feminist Economics Perspective has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Future Of Social Security A Feminist Economics Perspective. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Future Of Social Security A Feminist Economics Perspective. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Future Of Social Security A Feminist Economics Perspective, users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Future Of Social Security A Feminist Economics Perspective has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Future Of Social Security A Feminist Economics Perspective Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Future Of Social Security A Feminist Economics Perspective is one of the best book in our library for free trial. We provide copy of Future Of Social Security A Feminist Economics Perspective in digital format, so the resources that you find are reliable.
