Barr, 2024-12-15 *Jewish Women Science Fiction Writers Create Future Females* Gender Temporality and Yentas the fourth volume in Marleen S Barr's *Future Females* critical feminist science fiction anthology series is the first essay collection devoted to Jewish women science fiction writers The anthology forges new alliances across disciplinary boundaries feminist theory science fiction and Jewish Studies by forming a scholarly force consisting of established critical voices and cutting edge fresh perspectives Acknowledging the growing cultural popularity of science fiction Barr's goal is to showcase new vistas for exploring gender through Jewish women's science fiction visions It is time for Jewish women science fiction writers to receive the focused critical examination they deserve *Feminism's Queer Temporalities* Sam McBean, 2015-07-16 Despite feminism's uneven movements it has been predominantly understood through metaphors of generations or waves *Feminism's Queer Temporalities* builds on critiques of the limitations of this linear model to explore alternative ways of imagining feminism's timing It finds in feminism's literary and cultural archive narratives of temporality that might now be diagnosed as queer where queer designates modes of being historical that exceed the linear and the generational Few theorists have looked to popular feminist figures literature and culture to theorize feminism's timing Through methodologically creative readings McBean explores non generational anti linear and asynchronous time in the figure of Antigone Marge Piercy's *Woman on the Edge of Time* the film *Ladies and Gentlemen The Fabulous Stains* Valerie Solanas and *SCUM Manifesto* and Alison Bechdel's *Fun Home* The first to substantially bring together the ways in which time has come to matter in both feminist and queer disciplines this book will appeal to students and scholars of feminist queer and gender studies cultural studies and literary studies **Utopian and Dystopian Writing for Children and Young Adults** Carrie Hintz, Elaine Ostry, 2013-10-11 This volume examines a variety of utopian writing for children from the 18th century to the present day defining and exploring this new genre in the field of children's literature The original essays discuss thematic conventions and present detailed case studies of individual works All address the pedagogical implications of work that

**Understanding Contemporary American Science Fiction** Darren Harris-Fain, 2005 Understanding Contemporary American Science Fiction The Age of Maturity 1970 2000 explores the major trends and developments during three decades that witnessed science fiction's most dramatic progression from subliterate escapist entertainment to a more sophisticated literature of ideas Darren Harris Fain suggests that to understand American science fiction fully it is essential to realize that the current field with all its variety results from the preceding decades of writings In addition he contends that although much science fiction of merit was written in America prior to 1970 the latter decades of the twentieth century witnessed a dramatic improvement in quality even as the field fragmented into a variety of subgenres and as writers sought to transcend earlier critical dismissals Harris Fain discusses significant and representative works most of which mainstream literary scholars and critics ignore as he charts the historical and literary development of contemporary American science fiction the internal divisions along both literary and political lines experienced during the Vietnam era the influence of the feminist movement and other contemporary concerns the increasing contributions of female African American and gay and lesbian writers and the emergence of such significant trends as hard science fiction cyberpunk alternate history and shared world stories Harris Fain also considers literary science fiction's relationship to the mass media the effects the popularity of fantasy has on the field and academia's continued mispricing of the genre

**The Eternally Wounded Woman** Patricia Anne Vertinsky, 1990

**Transgressing Women** Jamaluddin Aziz, 2012-01-17 Transgressing Women focuses on the literary and cinematic representation of female characters in contemporary noir thrillers The book argues that as the genre has grown expanded and been subverted since its initial conception along with the changing definition of gender the representation of a female character has also inevitably gone through some dramatic changes So the book asks some important questions What links the female characters in canonical noir to their contemporary counterparts Is gender division still relevant in a text that transgresses gender boundaries What happens when it is the human body itself that betrays the traditional definition or constitution of a human being While many have written about the male protagonists and the femmes fatales in the noir genre little attention has been given to the other female characters who inhabit the noir world and are transgressors themselves The main concern of the book is to trace the transgressive female characters in contemporary noir thrillers both novels and films by engaging itself with some of the most topical debates within both post feminist and postmodernist theories The book is structured around two key concepts space

and the body These temporal and spatial indicators are central in contemporary cultural theories such as postmodernism and post feminism along with other theorizations of gender and the noir genre This means that the analysis is drawn from the classical noir examples and will then arrive at the neo noir sub genre and then will move on to the most recent phenomenon in the genre future noir
