Children's Bibles in America Russell W. Dalton, 2015-11-19 Children's Bibles have been among the most popular and influential types of religious publications in the United States providing many Americans with their first formative experiences of the Bible and its stories In *Children's Bibles in America* Russell W Dalton explores the variety of ways in which children's Bibles have adapted illustrated and retold Bible stories for children throughout U S history This reception history of the story of Noah as it appears in children's Bibles provides striking examples of the multivalence and malleability of biblical texts and offers intriguing snapshots of American culture and American religion in their most basic forms Dalton demonstrates the ways in which children's Bibles reflect and reveal America's diverse and changing beliefs about God childhood morality and what must be passed on to the next generation Dalton uses the popular story of Noah's ark as a case study exploring how it has been adapted and appropriated to serve in a variety of social agendas Throughout America's history the image of God in children's Bible adaptations of the story of Noah has ranged from that of a powerful angry God who might destroy children at any time to that of a friendly God who will always keep children safe At the same time Noah

has been lifted up as a model of virtues ranging from hard work and humble obedience to patience and positive thinking Dalton explores these uses of the story of Noah and more as he engages the fields of biblical studies the history of religion in America religious education childhood studies and children s literature In His Image Matthew Lee Smith,2007-02-22 In His Image is the next step for those who have read The Purpose Driven Life Following the Life Purpose of Mission this book explores God s great love for humanity from every book of the Bible From the creation of Genesis to the culmination in Revelation God s love shines through every page Never is this ever clearer than in the times of Israel s great betrayal of their God His passionate pursuit of His children can be heard dripping from his voice as He calls them and us by proxy back to His shelter and protection This book was written To convince the reader of God s intense and immense love for them To encourage the reader to reach out to the God who is passionately in love with them To strengthen the reader s faith in God s compassion and To motivate the reader to share the love of God with every person they meet It is very clear God loves people of all races and ethnicities Therefore whenever appropriate to the passage of the day emphasis is made on the issue of racial reconciliation around God s love His love becomes the motivation for evangelism and for community In each daily devotional There is a Biblical Scripture they are encouraged to read There is a passage of Scripture to read in the devotional itself There is the devotional to read which focuses the reader on a single thought broken into two three or four practical ideas they can utilize that day in their lives and There is a thought to take with the reader each day which summarizes the theme concerning God s great love for them **Times Before Time** David Kiker,2018-08-20 The truth of history when finally recovered is more fascinating than any tale of fiction could ever be This treatise of history will enrich and enliven your understanding of your origin and the events that shaped and formed the world in which you live When the account in the Bible is applied to Jewish tradition the record preserved by Josephus and other ancient historians and the ancient Greek traditions called myths much can be learned about the preflood world which heretofore has been considered lost to human knowledge Here within it is proven that history of ancient times and history contained in the Bible can be beautifully harmonized The Bible is not a history textbook It is a guidebook Without it nothing important in ancient history can be rightly understood But this does not mean all history is recorded in the Bible Scripture is the starting point of study It opens up solutions to secular records that could not otherwise be understood This exposition begins at creation and concludes at the time when Joseph Job and the Israelites are all living in Egypt at a fabulous period in biblical history The intelligence that created is outside the creation and thus is not affected by time space and matter A spirit being is not composed of matter You have to have space and matter for time to exist You have to have matter for there to be space and time Without matter and time you would not have space This continuum had to come together simultaneously as a result of intelligent design *Rainbow Crystal* Samantha Caprio-Negret,2023-05-22 The tragic loss of her best friend Josie Lee leaves ten year old Seraphina questioning her destiny until she learns she s the chosen one Seraphina is whisked away by a frantic talking butterfly on a quest to bring order back

to a world inside a rainbow called Raiven with its six different colored realms by finding and returning a powerful rainbow crystal back to its wizard owner which was stolen from an evil witch and her trolls Raiven is a bridge between heaven and earth Seraphina is motivated by the knowledge that she will get to see her best friend's dead spirit through magical fairies and their pixie dust Seraphina will even meet and bond with a warrior fairy boy and her own unicorn which she unknowingly birthed through a wish on a shooting star Throughout her journey she passes a series of tests and discovers self confidence and hope with the help of supernatural characters who guide her along the way Most importantly she learns that Josie Lee is more of a guardian angel to her than she realizes and has never really left her side after all It doesn't even require magic just faith
