Fondas A Hollywood Dynasty:

The Fondas Peter Collier,1991 Biographies of the Fonda family Henry Jane and Peter exploring their private lives and relationships as well as their acting careers **Hollywood's Second Sex** Aubrey Malone,2015-04-24 Women stars in Hollywood were invariably in two categories said director Otto Preminger One group was of women who were exploited by men and the other much smaller group was of women who survived by acting like men Beginning with silent film vamp Theda Bara and continuing with icons like Greta Garbo Marilyn Monroe and Raquel Welch this study of film industry misogyny describes how female stars were maltreated by a sexist studio system until women like Katharine Hepburn and Bette Davis fought for parity The careers of Doris Day Brigitte Bardot Carole Landis Frances Farmer Dorothy Dandridge Inger Stevens and many others are examined along with more recent actresses like Demi Moore and Sharon Stone Women who worked behind the scenes writing screenplays producing and directing without due credit are also covered **Hollywood Left and Right** Steven J. Ross,2011-09-06 Ever since the film industry relocated to Hollywood early in the twentieth century it has had an outsized influence on American politics Through a series of gripping chapters on larger than life figures in American cinema Charlie Chaplin Louis Mayer Edward G Robinson Harry Belafonte Ronald Reagan George Murphy Jane Fonda Charlton Heston Warren Beatty and Arnold Schwarzenegger Hollywood Left and Right tells the compelling story of how Hollywood emerged as a vital center of American politics From Chaplin whose movies almost always displayed his leftist convictions to Schwarzenegger s nearly seamless transition from action blockbusters to the California governor s mansion Steve Ross traces the intersection of Hollywood and political activism through the twentieth century and into the 21st Significantly Hollywood Left and Right challenges the commonly held belief that Hollywood is a bastion of liberalism The real story as Ross shows in this passionate yet highly entertaining work is a far more complicated one The Left and the Right each gained ascendancy in Tinseltown at different times but while the Hollywood Left was usually more vocal and visible it was the Right that achieved the most capturing a Senate seat Murphy a governorship Schwarzenegger and ultimately the Presidency Reagan **Margaret Sullavan** Michael D. Rinella,2019-07-25 In 1933 Margaret Sullavan made her film debut and was an overnight sensation For the next three decades she enchanted audiences and critics in any medium she chose film theater television and was regarded as one of the foremost dramatic actresses Off screen she epitomized the Southern Belle beauty hospitality and flirtatiousness Deep down she suffered from crippling insecurity especially as a mother a feeling exacerbated by progressive hearing loss By age 50 she could no longer cope and took an overdose of sleeping pills This biography covers her film career with insightful criticism from the period and details her personal life including her marriage to Henry Fonda her special friendship with James Stewart and her bitter rivalry with Katharine Hepburn *The Man Who Saw a Ghost* Devin McKinney,2025-09-23 The first major biography of the iconic actor Henry Fonda a story of stardom manhood and the American character Henry Fonda s performances in The Grapes of Wrath Young Mr Lincoln The Lady Eve 1

2 Angry Men On Golden Pond helped define American in the twentieth century He worked with movie masters from Ford and Sturges to Hitchcock and Leone He was a Broadway legend He fought in World War II and was loved the world over Yet much of his life was rage and struggle Why did Fonda marry five times tempestuously to actress Margaret Sullivan tragically to heiress Frances Brokaw mother of Jane and Peter Was he a man of integrity worthy of the heroes he played or the harsh father his children describe the iceman who went onstage hours after his wife killed herself Why did suicide shadow his life and art What memories troubled him so McKinney's Fonda is dark complex fascinating and a product of glamour and acclaim early losses and Midwestern demons a man haunted by what he'd seen and by who he was *Roosevelts* Peter Collier,1995-06 In the first joint portrait of the Oyster Bay and Hyde Park Roosevelts Collier and Horowitz explore in compelling often startling detail the familial rivalries that influenced the private and public lives of presidents Theodore and Franklin Roosevelt their wives and children and the political life of our nation Photos *Historical Dictionary of American Cinema* M. Keith Booker,2021-06-01 One of the most powerful forces in world culture American cinema has a long and complex history that stretches through more than a century This history not only includes a legacy of hundreds of important films but also the evolution of the film industry itself which is in many ways a microcosm of the history of American society *Historical Dictionary of American Cinema* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries covering people films companies techniques themes and subgenres that have made American cinema such a vital part of world culture *Encyclopedia of Media and Propaganda in Wartime America* Martin J. Manning, Clarence R. Wyatt,2010-12-20 This fascinating compilation of reference entries documents the unique relationship between mass media propaganda and the U S military a relationship that began in the period before the American Revolution and continues to this day sometimes cooperative sometimes combative and always complex The *Encyclopedia of Media and Propaganda in Wartime America* brings together a group of distinguished scholars to explore how war has been reported and interpreted by the media in the United States and what effects those reports and interpretations have had on the people at home and on the battlefield Covering press U S military relationships from the early North American colonial wars to the present wars in Iraq and Afghanistan this two volume encyclopedia focuses on the ways in which government and military leaders have used the media to support their actions and the ways in which the media has been used by other forces with different views and agendas The volumes highlight major events and important military political and cultural players offering fresh perspectives on all of America's conflicts Bringing these wars together in one source allows readers to see how media affected the conflicts individually but also understand how the use of the various forms of media print radio television film and electronic have developed and changed over the years **Hanoi Jane** Jerry Lembcke,2010 A provocative analysis of how and why Jane Fonda the person became Hanoi Jane the myth **The Turning** Andrew E Hunt,1999-07-01 This extraordinary and deeply moving history reveals the untold story of the military veterans

who protested the Vietnam War Mike Davis author of *City of Quartz* The anti Vietnam War movement in the United States is perhaps best remembered for its young counterculture student protesters However the Vietnam War was the first conflict in American history in which a substantial number of military personnel actively protested the war while it was in progress In *The Turning* Andrew Hunt reclaims the history of the Vietnam Veterans Against the War VVAW an organization that transformed the antiwar movement by placing Vietnam veterans in the forefront of the nationwide struggle for peace Misunderstood by both authorities and radicals alike VVAW members were mostly young men who had served in Vietnam and returned profoundly disillusioned with the rationale for the war and with American conduct in Southeast Asia Angry impassioned and uncompromisingly militant the VVAW posed a formidable threat to America's Vietnam policy Based on extensive interviews and in depth primary research including recently declassified government files *The Turning* is a vivid history of the men who risked censures stigma even imprisonment for a cause they believed to be an extended tour of duty

The Life Story, Domains of Identity, and Personality Development in Emerging Adulthood Michael W. Pratt Ph.D., M. Kyle Matsuba Ph.D., 2018-05-30 *The Life Story Domains of Identity and Personality Development in Emerging Adulthood* focuses on individuals' formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood In this book authors Michael W Pratt and M Kyle Matsuba present a series of chapters exploring how one's life story manifests across the many components of their developing identity including their religion morality vocation society and the relationships they have with their parents peers and romantic partners Taking their cue from Erik Erikson's model of adolescent and adult development the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual's personality and development during this formative phase of life Organized around a set of life contexts where personality is manifested i.e. adjustment personal ideology close relationships occupation and civic life this book draws on the authors' own longitudinal research on the development of the life story in emerging adulthood Throughout the book they incorporate fascinating case studies and historical examples e.g. Darwin Pope Francis Martin Luther King Jr Jane Fonda of individuals' unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context

The Cinema of Isolation Martin F. Norden, 1994 Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity awe humor or fear Others who somehow deserve to be isolated from the rest of society In this first history of the portrayal of physical disability in the movies Martin Norden examines hundreds of Hollywood movies and notable international ones finds their place within mainstream society and uncovers the movie industry's practices for maintaining the status quo keeping people with disabilities dependent and in their place Norden offers a dazzling array of physically disabled characters who embody or break out of the stereotypes that have both influenced and been symptomatic

of society's fluctuating relationship with its physically disabled minority. He shows us sweet innocents like Tiny Tim, obsessive Avengers like Quasimodo, variations on the disabled veteran, and many others. He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s and underscores movies like *My Left Foot* and *The Waterdance* that display a newfound sensitivity. Nordens in-depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long overlooked issue in media studies.

First Comes Love Shelley Cobb, Neil Ewen, 2015-08-27 With the prominence of one name couples Brangelina Kimye and famous families the Smiths the Beckhams it is becoming increasingly clear that celebrity is no longer an individual pursuit if it ever was. Accordingly *First Comes Love* explores celebrity kinship and the phenomenon of the power couple those relationships where two stars come together and where their individual identities as celebrities become inseparable from their status as a famous twosome. Taken together the chapters in this volume interrogate the ways these alliances are bound up in wider cultural debates about marriage love intimacy family parenthood sexuality and gender in their particular historical contexts from the 1920s to the present day. Interdisciplinary in scope *First Comes Love* seeks to establish how celebrity relationships play particular roles in dramatizing disrupting and reconciling often contradictory ideas about coupledness and kinship formations.

"Aid and Comfort" Henry Mark Holzer, Erika Holzer, 2015-08-13 Jane Fonda's visit to Hanoi in July 1972 and her pro North Vietnamese anti American conduct especially her pose with an anti aircraft gun used to shoot down American planes and her propaganda broadcasts directed toward American troops angered many Americans. In their eyes she was guilty of treason but she was never charged by the American legal system. Instead she has made millions been the recipient of countless awards and remained an honored American icon. This work investigates Fonda's activities in North Vietnam and argues that she could have been indicted for treason that there would have been enough evidence to take the case to a jury that she could have been convicted and that a conviction probably would have been upheld on appeal. It also considers Fonda's early life and the effect it had on her behavior and beliefs in her later years her audience of American POWs who were forced by the Vietnamese to listen to her broadcasts condemning them as war criminals her arrival in Vietnam and how it was viewed by American servicemen and civilians the crime of treason throughout history and the only Congressional inquiry into her actions which resulted in the government's decision to take no legal action against her. Texts of Fonda's radio broadcasts to American servicemen comprise the appendix.
