Consider Disruptions and Events

Based on the material he will suggest the following list. Morphologically, there is a considerable ethnic predominance of female speakers and native-born or long-resident foreigners, regardless of their nationality. Culturally, these people differ and reflect the features of America (the language has a typical American character, grammar, etc. is American, and there are words for phenomena absent in the "motherland") and of Russia (the use of certain words, phrases and idioms). This volume will be invaluable and certainly welcome to all who are concerned with the general development of contemporary thought regarding education in general and in particular with the current state of affairs. However, this is a serious study requiring a certain philosophical and social background and the volume is somewhat more than a general introduction to the subject. It is a book which will be read by those who are already familiar with the current state of affairs and who are interested in the subject.
