Churchill, Roosevelt & Company Lewis E. Lehrman, 2017-01-30 During World War II the special relationship between the United States and Great Britain cemented the alliance that won the war But the ultimate victory of that partnership has obscured many of the conflicts behind Franklin Roosevelt's grins and Winston Churchill's victory signs the clashes of principles and especially personalities between and within the two nations Synthesizing an impressive variety of sources from memoirs and letters to histories and biographies Lewis Lehrman explains how the Anglo American alliance worked and occasionally did not work by presenting portraits and case studies of the men who worked the back channels and back rooms the secretaries and under secretaries ambassadors and ministers responsible for carrying out Roosevelt's and Churchill's agendas while also pursuing their own and thwarting others This was the domain of Joseph Kennedy American ambassador to England often at odds with his boss spymasters William Donovan and William Stephenson Secretary of State Cordell Hull whom FDR frequently bypassed in favor of Under Secretary Sumner Welles British ambassadors Lord Lothian and Lord Halifax and above them all Roosevelt and Churchill who had the difficult task not always well performed of managing their subordinates and who frequently chose to conduct foreign policy directly between themselves Scrupulous in its research and fair in its judgments Lehrman's book reveals the personal diplomacy at the core of the Anglo American alliance

A Footprint in Time Brian D. Everett, 2018-12-30 This is an encapsulation of one person's travel through time not necessarily meaningful in its portrayal or its outcomes but in its own small way leaving an imprint in the sands of time It is a personal record of one who has lived through and in some small way participated in a few of the events that have shaped our history It also encapsulates events that embrace family friends and acquaintances At the same time it touches on those events and locations that have also had both major and minor impacts on the world stage in an age in which we have witnessed incredible changes in technology across a wide area of human endeavours Developments that have seen man leave his own environment for the first time to venture into the space that lies beyond something that our predecessors could never have dreamed possible Changes that have also brought economic and social improvements and yet have not resolved the issues of human conflict or our responsibilities as custodians of the planet

Private Secretaries to the Prime Minister Andrew Holt, Warren Dockter, 2017-07-20 The importance of the Prime Minister in British foreign policy decision making has long been noted by historians However while much attention has been given to high level contacts between leaders and to the roles played by the premiers themselves much less is known about the people advising and influencing them In providing day to day assistance to the Prime Minister a Private Secretary could wield significant influence on policy outcomes This book examines the activities of those who advised prime ministers from Winston Churchill 1951-55 to Margaret Thatcher during her first administration 1979-83 Each chapter considers British foreign policy and assesses the influence of the specific advisers For each office holder particular attention is paid to a number of key themes Firstly their relationship with the Prime Minister is considered A strong personal relationship of trust and respect could lead to an official wielding much greater influence This could be especially relevant when an adviser served under two different leaders often from different political parties It also helps to shed light on the conduct of foreign policy by each premier Secondly the attitudes towards the adviser from the Foreign Office are examined The Foreign Office traditionally enjoyed great autonomy in the making of British foreign policy and was sensitive to encroachments by Downing Street Finally each chapter explores the role of the adviser in the key

foreign policy events and discussions of the day Covering a fascinating 30 year period in post war British political history this collection broadens our understanding of the subject and underlines the different ways influence could be brought to bear on government policy
