For A Strong And Democratic United Nations A South Perspective On Un Reform:

For a Strong and Democratic United Nations South Centre (South Commission),1997 Only the best will do For a Strong and Democratic United Nations South Centre,1996 Policy paper prepared for the Non Aligned Movement NAM as a contribution to the Economic Agenda for Priority Action 1992 1995 and made available for the Eleventh NAM summit Cartagena Colombia 18 20 October 1995 **Reforming the United Nations** Joachim Mueller,2016-05-23 The UN celebrated its 70th anniversary in 2015 In the Volume **Reforming the UN A Chronology** by Joachim Müller an exciting story is told describing the evolution of the UN through the main change initiatives applied by each Secretary General characterized by political confrontations crises of confidence and organizational constraints Initiatives included approving the Sustainable Development Goals strengthening peacekeeping enlarging the Security Council establishing mechanisms to protect human rights improving aid efficiency and reforming management practices This story is completed by a Chronology of Reform Events to enhance the transparency of parallel multi layer reform tracks Lessons learned highlight the main drivers of changes the interests and constraints and the dynamics of the reform process valuable insight for capitalizing on future change opportunities **Effectiveness and Reform of the United Nations Development Programme (UNDP)** Stephan Klingebiel,1999 This study is intended as a constructive contribution to the debate on the reform of UN development co operation **Reforming UN Decision-Making Procedures** Martin Daniel Niemetz,2015-03-24 The institutional procedures for the UN s decision making on issues of global peace and security first and foremost the Security Council SC were conceived with the objective of enabling a swift but internationally coordinated response to irregular situations of crises Today however the UN is constantly involved in situations of conflict and has expanded its range of activities This book offers a concrete and practically applicable answer to the question of how to reform the UN and increase the legitimacy of the UN s decision making procedures on issues of global peace and security In order to provide this answer it connects the minutia of institutional design with the abstract principals of democratic theory in a systematic and reproducible method thereby enabling a clear normative evaluation of even the smallest technical detail of reform This evaluation demonstrates that there is a range of feasible proposals for reform that could improve the SC s accountability both to the General Assembly and to the general public that could increase the opportunities for effective input from the UN membership and NGOs This book will be of interest to students and scholars of the United Nations International Organizations and regional governance

Reforming the United Nations: New Initiatives and Past Efforts Joachim Müller, This three volume set describes and brings together 50 key reform proposals originating inside and outside the United Nations The documentation contained in this publication touches upon all aspects of the United Nations and covers the full spectrum of proposals and initiatives It is hoped that the information provided will assist those involved in current efforts in reassessing and reshaping the Organization and will serve as a useful reference set for policy makers researchers and the interested public

Modernizing the United Nations System John E. Trent, 2007-06-20 This book contends that civil society must mobilize its capacities to bring a new will to national and international politics and oblige governments to act. It starts by demonstrating the need for institutional change at the UN and then shows how both in the past and the present leading individuals and nongovernmental organizations using their knowledge base and their organizational networks have led the fight for international organizations. After a summary of major UN reform proposals over the years, the book concludes by identifying leading global reformers and elaborating a detailed plan for a global reform movement to spearhead the modernization of the UN system. A Better United Nations for the New Millennium Kamil Idris, Michael Bartolo, 2021-10-18

The UN and the Global South, 1945 and 2015 Thomas G. Weiss, Pallavi Roy, 2018-04-19 There is a woeful neglect of the current United Nations in the academic and policy literatures and so it is unsurprising that an examination of that multilateral structure before 1945 shows an even more egregious absence of analytical attention. Such ignorance conveniently ignores the forgotten genius of 1945, namely in the wide substantive and geographic relevance of multilateralism during the World War II and in the foundations for the contemporary world order. The wartime and immediate post-war United Nations was not simply dictated by the US State Department, Whitehall, and the foreign ministries of the West; even a generation before decolonisation had proceeded apace and two thirds of UN member states moved into the limelight as erstwhile colonies. These essays interrogate the extent to which anti-colonialists and other nationalists resisting imperial rule embraced the promise of a rule-based world order as a normatively and operationally valuable projection in 1945. They critically review the worlds of 1945 and 2015 of then and now to determine the role of continuity and change of the continuing bases for compromise and for the clashes between the Global South and North. This book was previously published as a special issue of *Third World Quarterly*. **Reforming the United Nations** Joachim Müller, 2021-12-28 The context in which the United Nations operates is one of change and reorientation: change in the political climate resulting in changes in the tasks the organisation is called upon to undertake; reorientation of the organisation's internal structures and procedures in response to these changes. The principal goals and objectives of the United Nations have recently been reassessed. This reassessment highlighted in the Reform Agenda of Secretary General Kofi Annan and during the Millennium Summit has led to a reaffirmation by the 189 Member States of their belief in the organisation. New forms of consensus and co-operation are developing regarding what the United Nations should be striving to achieve and how best it should be organised to improve its operations. The UN and Kofi Annan were awarded the Nobel Peace Prize for their role in reforming the 56-year-old institution. *Herald Tribune* Honor Awarded to Annan and UN, October 13-14, 2001, p. 1. The Quiet Revolution is essentially about the reform efforts of Kofi Annan. The book therefore describes a major part of his activities leading to the award. Dr Joachim Müller presents a detailed review of the reform initiatives undertaken during the period from 1996 to 2000, which was of such importance for the evolution of the United Nations. A wealth of information from primary sources is

provided together with an informative analysis of the history of reform within the United Nations since its creation From the foreword by Jean Pierre Halbwachs Assistant Secretary General Controller United Nations Also by Joachim Müller Reforming the United Nations New Initiatives and Past Efforts a three volume set containing 50 key reform proposals originating inside and outside the United Nations **Reforming the United Nations** Joachim M. Müller,1997-09 Presents a compendium of 50 reform proposals dating from 1961 to 1996 originating both inside and outside the United Nations **UN Contributions to Development Thinking and Practice** Richard Jolly,2004-06-18 The authors argue that the UN Charter is infused with the human values human concerns that are at the centre of the UN's thinking on economic human development today They show how the UN's approach to development has evolved to include a broad range of social issues from poverty reduction to equality **Development Cooperation in a Fractured Global Order** Francisco R. Sagasti,Gonzalo Alcalde,1999 Development Cooperation in a Fractured Global Order **A Concise Encyclopedia of the United Nations** Helmut Volger,2009-12-07 How can we approach the complex United Nations system a family of principal organs subsidiary organs and specialized agencies Where do we get summarizing information on the large number of reform concepts developed and implemented since the late 1990s in particular in connection with the UN World Summit 2005 The present book provides orientation and information It is the second updated English edition of the German Lexikon der Vereinten Nationen The book provides in addition to concise and comprehensive information on the UN system insight into recent UN developments and reform efforts in the face of global opportunities and challenges such as the Millennium Summit 2000 and World Summit 2005 and the establishment of important new UN organs the Human Rights Council and the Peacebuilding Commission in 2006 The contributing authors are academic scholars of international law economics and political sciences active and former diplomats and UN officials journalists and members of non governmental organizations NGOs and offer a variety of interesting perspectives The entries are provided with bibliographies and with Internet addresses for further information and are supplemented in the annex by an informative text on the UN document numbering system and by a list of information facilities concerning the UN This title was reviewed as essential highest category of recommendation by Choice Current Reviews for Academic Libraries in October 2010 A new edition of a mammoth 900 page plus encyclopedia covering every aspect of the United Nations and its work is now available in English in the United States Among its many useful features are exhaustive lists of those bewildering UN acronyms a key to decoding and thus knowing how to look for UN documents and a complete copy of the UN Charter The easy to use alphabetical order of entries makes it easy for schoolchildren and adults to navigate Barbara Crossette in The InterDependent 4 October 2010 www.theinterdependent.com This multidirectional compass is extraordinarily well researched and written It is a veritable research dream without which no international collection could possibly be complete American Society of International Law Newsletter of the UN²¹ Interest Group January 2011 This is an update of the 2002 edition with articles contributed by a number of experts on the United Nations and

international relations Entries are either wholly updated or the original article is updated with a signed addendum making the information current as of the end of 2008 Articles are very detailed and include copious references to other parts of the volume indicated with an arrow Most entries conclude with a bibliography of works useful for further research many of which are extensive reviews of the literature on a particular topic in multiple languages Entries range from overviews of the workings of the United Nations including budget membership rules and organization to more theoretical discussions of international law The book will be indispensable for any research university with faculty in international relations or law

Summing Up Essential Graduate students and researchers faculty T Miller Michigan State University Review in October 2010 in Choice Current Reviews for Academic Libraries Understanding the Social Dimension of Sustainability Jesse Dillard, Veronica Dujon, Mary C. King, 2008-07-01 The imperative of the twenty first century is sustainability to raise the living standards of the world's poor and to achieve and maintain high levels of social health among the affluent nations while simultaneously reducing and reversing the environmental damage wrought by human activity Scholars and practitioners are making progress toward environmental and economic sustainability but we have very little understanding of the social dimension of sustainability This volume is an ambitious multi disciplinary effort to identify the key elements of social sustainability through an examination of what motivates its pursuit and the conditions that promote or detract from its achievement Included are theoretical and empirical pieces examination of international and local efforts discussions highlighting experiences in both the developing and industrialized nations and a substantial focus on business practices Contributors are grounded in sociology economics business administration public administration public health geography education and natural resource management The Procedure of the UN Security Council Loraine Sievers, Sam Daws, 2014-09-11 The Procedure of the UN Security Council is the definitive book of its kind and has been widely used by UN practitioners and scholars for nearly 40 years This comprehensively revised edition contains over 450 pages of new material documenting the extensive and rapid innovations in the Council's procedures of the past two decades A one stop handbook and guide with meticulous referencing this book has served diplomats UN staff and scholars alike in providing unique insight into the inside workings of the world's preeminent body for the maintenance of international peace and security Thoroughly grounded in the history and politics of the Council it brings to life the ways the Council has responded through its working methods to a changing world The book explains the Council's role in its wider UN Charter context and examines its relations with other UN organs and with its own subsidiary bodies This includes the remarkable expansion in UN peacekeeping peacebuilding and political missions sanctions and counter terrorism bodies and international legal tribunals It contains detailed analysis of voting and decision taking by the Council as well as the place format and conduct of meetings It also seeks to illuminate the personalities behind the Council's work ranging from the diplomats who sit on the Council itself to the UN Secretary General and those outside the Council affected by its decisions It concludes with reflections on the

improvements that have made to the Council's procedures over many decades and the scope for further reform **Earth System Governance** Frank Biermann, 2014-11-21 A new model for effective global environmental governance in an era of human caused planetary transformation and disruption Humans are no longer spectators who need to adapt to their natural environment Our impact on the earth has caused changes that are outside the range of natural variability and are equivalent to such major geological disruptions as ice ages Some scientists argue that we have entered a new epoch in planetary history the Anthropocene In such an era of planet wide transformation we need a new model for planet wide environmental politics In this book Frank Biermann proposes earth system governance as just such a new paradigm Biermann offers both analytical and normative perspectives He provides detailed analysis of global environmental politics in terms of five dimensions of effective governance agency particularly agency beyond that of state actors architecture of governance from local to global levels accountability and legitimacy equitable allocation of resources and adaptiveness of governance systems Biermann goes on to offer a wide range of policy proposals for future environmental governance and a revitalized United Nations including the establishment of a World Environment Organization and a UN Sustainable Development Council new mechanisms for strengthened representation of civil society and scientists in global decision making innovative systems of qualified majority voting in multilateral negotiations and novel institutions to protect those impacted by global change Drawing on ten years of research Biermann formulates earth system governance as an empirical reality and a political necessity **International Election Observation in the Commonwealth Caribbean** Lisa Ann Vasciannie, 2017-09-15 This book examines the practice of international election observation in a Caribbean context It presents a survey of the Commonwealth Caribbean perspective and a concise case study of Guyana between 1964 and 2015 This research traces the roots of election observation and how this practice became integrated into the landscape of Caribbean electoral politics More specifically the study examines the process by which election observers have become key actors in elections in the Commonwealth Caribbean One of the issues the book contemplates is why Caribbean countries accept the imposition of observation within the context of sovereignty The case of Guyana and other Anglophone Caribbean states shows the costs of not having observers have been multidimensional and have eclipsed concerns of respecting state sovereignty **Human Security and International Insecurity** Georg Frerks, Berma Klein Goldewijk, 2023-08-28 Human security is about everyday realities of violent conflict and poverty humanitarian crises epidemic diseases injustice and inequality It is about freedom from fear and freedom from want It is much different from state related security with its emphasis on military force territory and sovereignty Human security places the security of individuals communities and global humanity ahead of the security concerns of the state How does human security relate to international security Can human security still be advanced in a global climate of intrastate conflict the war on terror and increasing nuclear tensions This book challenges prevailing security thinking and explores basic standards of humanity This multi authored book deals with the origins and developments of human security as a concept and

how it is used in policy practice It presents new approaches by focusing on alternative discourses the actors involved and the new forms of governance that are required It outlines the challenges human security faces in different parts of the world due to conflict terrorism and new wars globalisation and the resurgence of religion development cooperation environmental problems and the role of science Facing the challenges this book aims to raise human security out of the status of a contemporary problematique by bringing it closer to a resolution I am convinced that this book provides an original contribution and a further impetus to developing well grounded academic and policy responses to world wide problems that so urgently require solutions M S Swaminathan President Pugwash Conferences on Science and World Affairs

Democratizing Global Governance E. Aksu, J. Camilleri, 2002-07-15 Is globalization beyond human control In this thought provoking text the myths and mantras of this apparently irresistible force are challenged and dissembled By examining a number of fundamental questions the contributors put forward a radical reform agenda for global governance Can the global multilateral system be democratic Are security and economic concerns separable Can the development of a global civil society contribute to effective global governance An important and wide ranging study this book will be essential reading for graduates and researchers in international relations

When people should go to the books stores, search commencement by shop, shelf by shelf, it is truly problematic. This is why we provide the ebook compilations in this website.
