or subject with nearly 950 of these devoted to individual playwrights and their works In Defense of Sentimentality Robert C. Solomon, 2004-08-26 Philosophy has as much to do with feelings as it does with thoughts and thinking Philosophy accordingly requires not only emotional sensitivity but an understanding of the emotions not as curious but marginal psychological phenomena but as the very substance of life In this the second book in a series devoted to his work on the emotions Robert Solomon presents a defense of the emotions and of sentimentality against the background of what he perceives as a long history of abuse in philosophy and social thought and art and literary criticism. The title piece reopens a classic debate about the role of sentimentality in art and literature In subsequent chapters Solomon discusses not only such moral sentiments as sympathy and compassion but also grief gratitude love horror and even vengeance He also defends with appropriate caution the seven deadly sins The emotions at least some emotions are essential to a well lived life They are or can be virtues features of the human condition without which civilized life would be unimaginable Germany Madame de Staël (Anne-Louise-Germaine), 1871 The Household Book of Poetry Charles Anderson Dana, 1884 Dearborn Independent ,1925 "Every Valley Shall Be Exalted" Constance Brittain Bouchard, 2017-05-31 In high medieval France men and women saw the world around them as the product of tensions between opposites Imbued with a Christian culture in which a penniless preacher was also the King of Kings and the last were expected to be first twelfth century thinkers brought order to their lives through the creation of opposing categories In a highly original work Constance Brittain Bouchard examines this poorly understood component of twelfth century thought one responsible in her view for the fundamental strangeness of that culture to modern thinking Scholars have long recognized that dialectical reasoning was the basic approach to philosophical legal and theological matters in the high Middle Ages Bouchard argues that this way of thinking and categorizing which she terms a discourse of opposites permeated all aspects of medieval thought She rejects suggestions that it was the result of imprecision and provides evidence that people of that era sought not to reconcile opposing categories but rather to maintain them Bouchard scrutinizes the medieval use of opposites in five broad areas scholasticism romance legal disputes conversion and the construction of gender Drawing on research in a series of previously unedited charters and the earliest glossa manuscripts she demonstrates that this method of constructing reality was a constitutive element of the thought of the period JEGP, Journal of English and Germanic Philology Gustaf E.
