For Mavericks Only:

For Mavericks Only Donal Beckett, 2003 This is a collection of essays represents an attempt by the author to strike a blow for the freedom of thought and expression even if its wrong Anything that smacks of orthodoxy is avoided where possible and rigidity of thinking and establishing dogma are treated with equal suspicion No claim is made for scholarship only for an honest attempt to eliminate some of the prejudices from which we all suffer Don t kid yourself is the goal that is strived for though it may seldom be reached Above all it is hoped that these essays my encourage some people to think for themselves rather than to passively absorb the dubious pronouncements of our self styled authorities religious and otherwise who are only too willing to tell us how we should live and what we should believe This should be our decision only We betray our birthright when we allow other people to do our thinking for us *Rules for Mavericks* Phil Beadle, 2017-04-27 Rules for Mavericks A Manifesto for Dissident Creatives by Phil Beadle is a guidebook to leading a creative life to being a renaissance dilettante to infesting your art form with other art forms to taking a stand against mediocrity to rejecting bloodless orthodoxies to embracing your own pretension and most of all to dealing with your failure s If you make any stand against power then power will stand against and on you And it will do so with centuries of experience and techniques in how to do so effectively you will be painted as barbaric dismissed as stupid and insane be told to know your place Most of all you will be termed maverick This genre flouting manifesto is written by someone who has achieved and has failed in more than one field As a Guardian columnist award winning teacher award winning broadcaster author editor singer songwriter producer and public speaker Phil Beadle knows a bit about leading a life producing good work across a variety of platforms In this elegantly written book he glides and riffs around the idea of maverick nature examines the processes of producing good work in creative fields and broaches the techniques that orthodoxies use to silence dissident voices It is a how to dream book a how to create book a how to work book and a how to fail productively book it is an examination of the many accusations that any dissident creative will face over a long career stirring things up a guide to dealing with these with grace and a study in how to make creativity work for you Rules for Mavericks is for anyone who wants to live and work more creatively and successfully Contents include Introduction maverick nature 1 Rules 2 Starting off 3 Failure 4 Creativity and the process of production 5 Work 6 The realm s of appearance 7 Performance 8 Change 9 Renaissance dilettantism 10 Writing and reading too 11 On being reviewed The NEW Employee Manual Benjamin Gilad, PhD, Mark Chussil, 2019-03-19 Welcome to Corporate Life The NEW Employee Manual is not your Dad s or Mom s employee manual It s the new playbook for corporate survival fitting today s realities and the challenges facing employees who join or work in large seemingly successful companies Those companies already issued very specific and detailed employee manuals covering everything under the sun except how to compete well in our brave new world The NEW Employee Manual will help you navigate the Corporate with a capital C labyrinth Where Corporate s manual shapes you into a dutiful cog for the good of the machine ours helps you

enhance your career for the good of well you and your company The NEW Employee Manual should make you feel skeptical skeptical of empty slogans obsolete rituals obsessive pursuits and bigwigs playbooks that no longer work That alone should be worth this book s price Skepticism you see is a good thing because it is only the skeptic only the free thinker only the maverick who asks new questions and finds useful answers So are you a maverick or a cog [Victoria's Madmen C.
