Food For Love:

Food Is Love Katherine J. Parkin, 2011-06-03 Modern advertising has changed dramatically since the early twentieth century but when it comes to food Katherine Parkin writes the message has remained consistent Advertisers have historically promoted food in distinctly gendered terms returning repeatedly to themes that associated shopping and cooking with women Foremost among them was that regardless of the actual work involved women should serve food to demonstrate love for their families In identifying shopping and cooking as an expression of love ads helped to both establish and reinforce the belief that kitchen work was women s work even as women s participation in the labor force dramatically increased Alternately flattering her skills as a homemaker and preying on her insecurities advertisers suggested that using their products would give a woman irresistible sexual allure a happy marriage and healthy children Ads also promised that by buying and making the right foods a woman could help her family achieve social status maintain its racial or ethnic identity and assimilate into the American mainstream Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work diet and gender roles To discover why Food Is Love draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty first centuries including the Ladies Home Journal Good Housekeeping Ebony and the Saturday Evening Post The book also cites the records of one of the nation s preeminent advertising firms as well as the motivational research advertisers utilized to reach their customers

Soul Food Love Alice Randall, Caroline Randall Williams, 2015-02-03. A mother-daughter duo reclaims and redefines soul food by mining the traditions of four generations of black women and creating 80 healthy recipes to help everyone live longer and stronger. NAACP IMAGE AWARD WINNER. Soul Food Love has preserved our traditions but reinvented how they're prepared. Its focus on health is a godsend. Viola Davis: This beautifully written compendium is literary history, cookbook, family album, mother-wit, daughter grace and the gospel truth. I'll be cooking from this book for years to come. Elizabeth Alexander: poet and professor. After bestselling author Alice Randall penned an op-ed in the New York Times titled Black Women and Fat chronicling her quest to be the last fat black woman in her family, she turned to her daughter Caroline Randall Williams for help. Together they overhauled the way they cook and eat, translating recipes and traditions handed down by generations of black women into easy, affordable and healthful yet still indulgent dishes such as Peanut Chicken Stew, Red Bean and Brown Rice Creole Salad, Fiery Green Beans and Sinless Sweet Potato Pie. Soul Food Love relates the authors' fascinating family history which mirrors that of much of black America in the twentieth century, explores the often fraught relationship African American women have had with food and forges a powerful new way forward that honors their cultural and culinary heritage.
