Divine Play, Sacred Laughter, and Spiritual Understanding P. Laude,2005-10-20 This study in the relationship between religion and the comic focuses on the ways in which the latter fulfils a central function in the sacred understanding of reality of pre modern cultures and the spiritual life of religious traditions The central thesis is that figures such as tricksters sacred clowns and holy fools play an essential role in bridging the gap between the divine and the human by integrating the element of disequilibrium that results from the contact between incommensurable realities This interdisciplinary and cross cultural series of essays is devoted to spiritual anthropological and literary characters and phenomena that point to a deeper understanding of the various mythological ceremonial and mystical ways in which the fundamental ambiguity of existence is symbolized and acted out Given its interdisciplinary and cross cultural perspective this volume will appeal to scholars from a variety of fields **Investigating Gender, Translation and Culture in Italian Studies** Monica Boria,Linda Risso,2007 The past few years have witnessed a growing academic interest in Italian Studies and an increasing number of symposia and scholarly activities This volume originates from the Society for Italian Studies Postgraduate Colloquia that took place at the University of Leicester and Cambridge in June 2004 and April 2005 respectively It gathers together articles by young researchers working on various aspects of Italian Studies It well illustrates current trends in both typical areas of research like literature and high culture and in those which have gained momentum in recent years like translation and language studies The volume offers a taste of the dynamic outlook of current research in Italian Studies the interdisciplinary approach of the essays in translation and gender studies and the innovative methodological perspectives and findings offered by the

The Humble Story of Don Quixote Cesáreo Bandera, 2006 Don Quixote is often called the first modern novel many would argue it is the greatest novel ever written But compared with other world masterpieces from the Iliad to Paradise Lost or from Oedipus the King to Hamlet or Life is a Dream for example the storyline of Don Quixote is remarkably uninspiring and lowly a middle aged man becomes mad reading novels and makes a fool of himself by believing he is a hero The first great modern novel is a warning about the reading and the writing of novels In this original study by Ces reo Bandera the intimate connection between the simplicity and humility of the story and its greatness is explored Other comparisons are also made the story of the picaresque rogue on the one hand and the psychological insights of the pastoral novel on the other Through these analyses the meaning and significance of Cervantes novel are developed The book takes into critical account Mikhail Bakhtin s theory of the novel as well as Michel Foucault s views about madness and civilization in order to bring into relief the modernity of Don Quixote From another angle the contrasting views on human desire of such critics as Unamuno and Ren Girard become central to a new understanding of Don Quixote s madness as well as to the development of the main connection between the humility of the story and its greatness
