**Sacred and Secular Martyrdom in Britain and Ireland since 1914** John Wolffe, 2019-11-28

During and immediately after the First World War there was a merging of Christian and nationalist traditions of martyrdom expressed in the design of war cemeteries and war memorials and the state funeral of the Unknown Warrior in 1920 John Wolffe explores the subsequent development of these traditions of sacred and secular martyrdom analysing the ways in which they operated sometimes in parallel sometimes merged together and sometimes in conflict with each other Particular topics explored include the Protestant commemoration of Marian and missionary martyrs and the Roman Catholic campaign for the canonization of the saints and martyrs of England Secular martyrdom is discussed in relation to military conflicts especially the Second World War and the Falklands In Ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the Easter Rising of 1916 although by the time of the Northern Ireland Troubles in the later twentieth century these traditions diverged In covering these themes the book also offers historical and comparative context for understanding present day acts of martyrdom in the form of suicide attacks

Perpetuae Et Felicitatis Engl* Thomas J. Heffernan,2012-06-18 One of the most widely read and studied texts composed in Late Antiquity is the prison diary of Vibia Perpetua a young woman of the elite classes who was martyred in March of the year 202 or 203 C E in Carthage as part of a civic celebration honoring Caesar Geta She was well married and had recently become the mother of a baby son but despite her advantages she refused to recant her faith when she was arrested with other recent converts to Christianity Imprisoned with her was her pregnant slave Felicity Perpetua s steadfastness in her belief led to her martyrdom in the amphitheater A description of the heroic deaths of both women and the autobiography of one of the leaders of the Christian community Saturus is woven into Perpetua s diary by an anonymous editor who tells us that as they died Perpetua Felicity and the other condemned Christians bid farewell with a kiss of peace This unique and precious text survives in one Greek and in nine Latin manuscript versions Thomas Heffernan s new study contains much that has never been done before including a prosopography of all the individuals mentioned in the Passion a new English translation and the first detailed historical commentary in English on the entire narrative of the Passion It also includes a newly edited version of the Latin text based on all the extant manuscripts and rarer still the Greek text He concludes the book with a complete codicological description of all of the known manuscripts and thorough scholarly indices of the text itself Perpetua s prison diary is a revered text of early Christianity and Heffernan s new translation and commentary brings unprecedented scholarly resources to the much loved Passion **Martin Luther As Comforter** Neil R LeRoux,2007 Using meticulous rhetorical analysis of several important Luther texts this book examines how he offers comfort to those who are facing their own death or who are coming to terms with the death of loved ones *Preacher and Cross* André Resner,1999 Numerous books are available on the meaning and methods of preaching but nothing has been written that specifically addresses the character of those who would preach Preacher and Cross helps fill this gap in homiletic studies by examining the relationship between the message

of Christian proclamation and the preacher with specific attention to ministerial character and the preacher's use of self in sermons Andr Resner discusses the two dominant approaches to homiletics the rhetorical approach typified by Augustine and the theological approach typified by Barth and then compares and contrasts these approaches to what the apostle Paul says on the issue Essential reading for those involved in ministry this work offers invaluable insights into the relationship between preachers and the message they proclaim      *Success Without Victory* Jules Lobel,2006-02 An examination of how some legal issues are losing cases but that's okay because advances are still possible      Paul and His Mortality R. Gregory Jenks,2015-11-16 While many books are written on Jesus's death a gap exists in writings about the theological significance of a believer's death particularly in imitation of Jesus's Paul as a first apostolic witness who talked frequently about his own death serves as a foundational model for how believers perceive their own death While many have commented about Paul's stance on topics such as forensic righteousness and substitutionary atonement less is written about Paul's personal experience and anticipation of his own death and the merit he assigned to it Paul and His Mortality Imitating Christ in the Face of Death explores how Paul faced his death in light of a ministry philosophy of imitation as he sought to imitate Christ in his life so he would imitate Christ as he faced his death In his writings Paul acknowledged his vulnerability to passive death as a mortal that at any moment he might die or come near death He gave us some of the most mournful and vitriolic words about how death is God's and our enemy But he also spoke openly about choosing death My aim is to know him to be like him in his death This study seeks to show that Paul embraced death as a follower and imitator of Christ because the benefits of a good death supersede attempts at self preservation For him embracing death is gain because it is honorable because it reflects ultimate obedience to God and because it is the reasonable response for those who understand that only Jesus's death provides atonement Studying mortality is paradoxically a study of life Peering at the prospect of life's end energizes life in the present This urgency focuses on living with mission in step with God the Creator and Sustainer of life who is rightly referred to as Life itself By focusing on mortality we focus on Paul's theology of life in its practical aspects in particular living life qualitatively aware of God's kingdom and mission and our limited quantity of days      *Promoting Peace, Inciting Violence* Jolyon Mitchell,2013-01-04 This book explores how media and religion combine to play a role in promoting peace and inciting violence It analyses a wide range of media from posters cartoons and stained glass to websites radio and film and draws on diverse examples from around the world including Iran Rwanda and South Africa Part One considers how various media forms can contribute to the creation of violent environments by memorialising past hurts by instilling fear of the other by encouraging audiences to fight to die or to kill neighbours for an apparently greater good Part Two explores how film can bear witness to past acts of violence how film makers can reveal the search for truth justice and reconciliation and how new media can become sites for non violent responses to terrorism and government oppression To what extent can popular media arts contribute to imagining and building peace transforming weapons into art swords into ploughshares Jolyon Mitchell

**Suspect Saints and Holy Heretics** Janine Larmon Peterson, 2019-12-15 In *Suspect Saints and Holy Heretics* Janine Larmon Peterson investigates regional saints whose holiness was contested She scrutinizes the papacy's toleration of unofficial saints cults and its response when their devotees challenged church authority about a cult's merits or the saint's orthodoxy As she demonstrates communities that venerated saints increasingly clashed with popes and inquisitors determined to erode any local claims of religious authority Local and unsanctioned saints were spiritual and social fixtures in the towns of northern and central Italy in the thirteenth and fourteenth centuries In some cases popes allowed these saints cults in others church officials condemned the saint and or their followers as heretics Using a wide range of secular and clerical sources including vitae inquisitorial and canonization records chronicles and civic statutes Peterson explores who these unofficial saints were how the phenomenon of disputed sanctity arose and why communities would be willing to risk punishment by continuing to venerate a local holy man or woman She argues that the Church increasingly restricted sanctification in the later Middle Ages which precipitated new debates over who had the authority to recognize sainthood and what evidence should be used to identify holiness and heterodoxy The case studies she presents detail how the political climate of the Italian peninsula allowed Italian communities to use saints cults as a tool to negotiate religious and political autonomy in opposition to growing papal bureaucratization Open Access edition funded by the National Endowment for the Humanities
