Andalucía John Gill, 2008-12-09. A garden at the foot of Europe and a crossroads between Spain, Africa and the New World, Andalucía has been a cultural customs house on the border of the Mediterranean and Atlantic civilizations for more than ten thousand years. This book traces its origins from the earliest hominid settlers in the Granada mountains 1.8 million years ago through successive Phoenician, Greek, Roman and Muslim cultures and the past five hundred years of modern Castilian rule.
