Godfrey,2024-04-24 From only a few feet away my attacker fired her large caliber handgun directly at me Round after round struck my body as I began praying even more fervently than I already had been She had broken into my home and laid in wait for Glenn and me to return home from a family outing She had already delivered two rounds into Glenn downstairs before rushing upstairs to kill me But as I prayed God s strength welled up inside me and I walked away from her

as she yelled at me to stop I grabbed the phone and called 911 Turning to see where she was I saw her look in my direction but not at me She saw something behind me The look on her face suggested she saw a manifestation of a mighty angel that God had sent to protect me She retreated from the room and returned downstairs to kill Glenn with one final shot before ending her own life I was safe but my battle was just beginning As the wife of a 32 year Alaska State Trooper and the mother of four children I had always served our household in a support role during Glenn s long and illustrious career But his position and frequent travels exposed this small town boy to temptations greater than he could resist Soon infidelity plagued our relationship for many years culminating in that fateful August morning This survival story is not a testament to anything other than God s goodness and faithfulness Through my own suffering God can speak to others who have experienced physical or psychological trauma I pray that this story brings you comfort and draws you closer to our Father who loves you and has plans to prosper your soul

The Energy Mistake Hans-Joachim Zillmer, 2013-01-28 In recent years the statement that crude oil and natural gas are running out has a profound influence on the world economic strategies and on world politics as well as on the future of all humankind But is this scientific conception of the world totally wrong This is a must read book The renewed interest in the planets that resulted during the 2000s from the space probe investigations caused by Hans Joachim Zillmer to think about the origin of planetary bodies and the various volatile substances of their atmospheres Scientists are surprised and have no lucid explanation that abundant hydrocarbons even occur on comets and as already proofed on other planets or its moons In this book is described that this volatile substances on planetary bodies are not of biology origin These inorganic components of the Earth s mantle are continually out gassing toward the surface by geological and mechanical forces Our planet would be replete with methane and we are not running out of petroleum The energy crises would be over There are many other reasons for wanting to understand the principle of operation of our solar system with the energy supply of planetary bodies Suppose someone claimed that life on Earth started below the surface of our planet and if we find extraterrestrial life it is likely to be within but not on other planets Darwin s theory of macroevolution must be rewritten This heretic science book rejects the ideas of conventional geology geophysics and astronomy but instead demonstrates in layman s terms how the Earth originated and where the continents the ocean and the atmosphere came from This highly exciting and controversial German bestselling book *The Energy Mistake* shows that the history of Earth must also be replaced We see a brilliant thinker as he develops a revolutionary view about the fundamental workings of our planet and the solar systems This is a must read book

Northern Athabascan Survival Phyllis Ann Fast, 2002-11-01 The Northern Athabascan peoples of the Alaskan interior and the Yukon have survived centuries of contact and attempted domination by outsiders Their lives today are rich in meaning and tradition yet are also complicated by numerous challenges such as poverty alcoholism domestic

violence suicide and troubled leadership Combining scholarly analysis first person accounts and her own experiences and insights as a Koyukon Athabascan artist and anthropologist Phyllis Ann Fast illuminates the modern Athabascan world Her conversations with Athabascan women offer revealing glimpses of their personal lives and a probing assessment of their professional opportunities and limitations Also showcased is the crucial but ambiguous role of Athabascan leaders who are needed to champion reform and social healing but are often undermined by conflicting notions of decision making personhood and leadership in Athabascan society A troubling observation of this study is the vast extent to which addiction manifested as both substance abuse and economic dependency pervades Northern Athabascan society and threatens to curtail its cohesion and aspirations But Northern Athabascans are far from victims As Fast discovers Northern Athabascan men and women are well aware of these widespread social problems and many have undertaken initiatives to deal with and heal them Rigorous and compassionate Northern Athabascan Survival provides an uncompromising view of a remarkable and troubled world

Gangloff, 2012-07-10 In 1961 while mapping rock exposures along the Colville River in Alaska an oil company geologist would unknowingly find the evidence for a startling discovery Long before the North Slope of Alaska was being exploited for its petroleum resources it was a place where dinosaurs roamed *Dinosaurs under the Aurora* immerses readers in the challenges stark beauty and hard earned rewards of conducting paleontological field work in the Arctic Roland A Gangloff recounts the significant discoveries of field and museum research on Arctic dinosaurs most notably of the last 25 years when the remarkable record of dinosaurs from Alaska was compiled This research has changed the way we think about dinosaurs and their world Examining long standing controversies such as the end Cretaceous extinction of dinosaurs and whether dinosaurs were residents or just seasonal visitors to polar latitudes Gangloff takes readers on a delightful and instructive journey into the world of paleontology as it is conducted in the land under the aurora *The Imagined Arctic in Speculative Fiction* Maria Lindgren Leavenworth, 2023-07-31 *The Imagined Arctic in Speculative Fiction* explores the ways in which the Arctic is imagined and what function it is made to serve in a selection of speculative fictions non mimetic works that start from the implied question What if Spanning slightly more than two centuries of speculative fiction from the starting point in Mary Shelley s 1818 *Frankenstein* to contemporary works that engage with the vast ramifications of anthropogenic climate change analyses demonstrate how Arctic discourses are supported or subverted and how new Arctics are added to the textual tradition To illuminate wider lines of inquiry informing the way the world is envisioned humanity s place and function in it and more than human entanglements analyses focus on the function of the actual Arctic and how this function impacts and is impacted by speculative elements With effects of climate change training the global eye on the Arctic and as debates around future northern cultural economic and environmental sustainability intensify there is a need for a deepened understanding of the discourses that have constructed and are constructing the Arctic A careful mapping and serious consideration of both past and contemporary speculative visions thus illuminate the role the Arctic has played and may come to play in a diverse set of practices and fields

Footprints Across Alaska: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Footprints Across Alaska : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
