Wilson,2014-07-09 In this very readable sequel to his popular book *Our Father Abraham* which has sold more than 70 000 copies Marvin Wilson illuminates theological spiritual and ethical themes of the Hebrew scriptures that directly affect Christian understanding and experience *Exploring Our Hebraic Heritage* draws from both Christian and Jewish commentary in discussing such topics as thinking theologically about Abraham understanding the God of Israel and his reputation in the world and what it means for humans to be created in God s image Wilson calls for the church to restore renew and protect its foundations by studying and appreciating its origins in Judaism Designed to serve as an academic classroom text or for use in personal or group study the book includes hundreds of questions for review and discussion

Lewis,2017-04-06 The purpose of this book is to help Methodist Local Preachers on Trial as they pursue their prescribed studies in Christian Doctrine It is hoped however that it will prove of value to the students of other denominations who are seeking a simple and positive statement of the Christian Faith which takes into account the modern approach to theology and the present world situation *An Approach to Christian Doctrine* has been written by a group of ten theologians all of whom entered the Methodist Ministry between 1922 and 1937 Four of the contributors are tutors in Ministerial Training Colleges one is the Connexional Secretary of the Christian Citizenship Department and the others are Circuit Ministers who are members of the Studies Board of the Local Preachers Department The editor hopes that the obvious disadvantages of a theological symposium will be more than balanced by the freshness which is given to the book by the varied styles and viewpoints of the writers      *Praise and Petition in the Old Testament* Erhard S. Gerstenberger,2024-06-18 For six decades Erhard Gerstenberger was a leader in the study of the Psalms and ancient Israelite poetry The essays in this volume bring together some of his key contributions reflecting on two fundamental forms of prayer in the biblical tradition praise and petition Both the student and the experienced researcher will be enriched by the depth and clarity of perspective that Gerstenberger brings One of the essays chapter 4 appears here for the first time in any language Contents 1 Petition and Praise Basic Forms of Prayer in Babylonian and Hebrew Traditions 2 Where Is God The Cry of the Psalmist 3 Complaint and Confession Psalm 69 4 Form Criticism in Action Psalm 22 5 New Form

**The Christianity of Dr. Drure Fletcher Stamps, ThD**, 2010      Economic Analysis in Talmudic Literature Roman Ohrenstein, Barry Gordon, 2009-06-01 This lucidly written study is unique in that there is no book extant by an economic historian that discusses Talmudic economics in the light of modern economics Its major focus is on the intricate debates statements and principles that were forged by the Talmudic Rabbis This ancient storehouse of learning includes a wealth of economic knowledge of modern sophistication The book taps these economic treasures by way of analytic inquiry The authors both economic historians and economists through their study of the original dialectics in the Talmud were able to discern a wide range of macro and micro economic ideas of major significance These concepts when viewed from either a contemporary or a modern perspective display an extraordinary degree of insight and sophistication Indeed sections of the Talmud and the reflections of subsequent commentators on those passages embody a wealth of economic thought that was later to become significant in the reasoning of political economists or of their professional academic successors      Three Views on the New Testament Use of the Old Testament Zondervan, 2009-08-30 Three approaches to questions about the theological connection between the Old and New Testaments The relationship between the Testaments is not as simple and straightforward as it sometimes appears When New Testament authors appeal to Old Testament texts to support their arguments what is the relationship between their meanings and what was originally intended by their Old Testament forebears Leading biblical scholars Walter Kaiser Darrel Bock and Peter Enns present their answers to questions about the use of the Old Testament in the New Testament addressing elements such as Divine and human authorial intent Context of passages Historical and cultural considerations The theological grounds for different interpretive methods Each author applies his framework to specific texts so that readers can see how their methods work out in practice Each contributor also receives a thorough critique from the other two authors Three Views on the New Testament Use of Old Testament gives readers the tools they need to develop their own views on the meaning contexts and goals behind the New Testament citations of the Old The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion      **Help to the Unlearned in the Study of the Holy Scriptures** Sarah Trimmer, 1806      **Spiritual Exercises for Married Couples: Finding Our Way Together: a Retreat for Companions** Krisztina Stangle, John Stangle, 2010-07-27 A spiritual and psychological method of decision making and discernment about life styles based upon the centuries old Christian Spiritual Exercises of St Ignatius of Loyola updated and made more relevant for married couples and companions      An Alternative Vision Roger Haight, 2014-12-01 An Alternative Vision An Interpretation of Liberation Theology offers a complete overview of the liberation theology movement that is ideally suited for a thorough study of the major questions and important theologians

that have contributed to the debate It outlines and brings together into a single unified account liberation theology's alternate vision for providing the possibility of meaningful historical existence for humans in the world today The author translates the Christian vision of liberation theologians from Latin America into more general theological and cultural categories familiar to the English speaking world then shows how that vision makes a unified interpretation of Christian doctrine First liberation theology must be seen as a response to massive human suffering witnessed throughout the world today This human agony is largely caused by human beings and the social and political structures we create and liberation theology addresses this dilemma using the tradition of Christian wisdom and direct imperatives that have universal transcultural significance The second goal is achieved by showing the connection between liberation principles and the major doctrines of Christian belief including God Jesus Christ faith grace the church sacraments ministry and spirituality

Theory and Practice in Old Testament Ethics John William Rogerson, M. Daniel Carroll R., 2004-01-01 In the last two decades there has been a resurgence of interest in the value of the Old Testament for modern ethical questions John Rogerson is a scholar who has dedicated much of his academic life to probing the possibility of the abiding significance of the Old Testament for moral issues today This volume brings together for the first time many of his contributions both published and unpublished to Old Testament social ethics This volume can serve both as a general reference work as well as a textbook for classes in Old Testament ethics at seminaries and theological colleges *The Durham University Journal* University of Durham, 1977
