For Common Things

Henry Barnard

For Common Things:

For Common Things Jedediah Purdy, 2000-09-12 Jedediah Purdy calls *For Common Things* his letter of love for the world's possibilities. Indeed, these pages, which garnered a flurry of attention among readers and in the media, constitute a passionate and persuasive testament to the value of political, social, and community reengagement. Drawing on a wide range of literary and cultural influences from the writings of Montaigne and Thoreau to the recent popularity of empty entertainment and breathless chroniclers of the technological age, Purdy raises potent questions about our stewardship of civic values. Most important, Purdy offers us an engaging, honest, and bracing reminder of what is crucial to the healing and betterment of society and impels us to consider all that we hold in common. *A Summary Account of Prizes for Common Things offered and awarded by Miss Burdett Coutts at the Whitelands Training Institution. Shapiro,2013-09-13 The Politics of Moralizing issues a stern warning about the risks of speaking writing and thinking in a manner too confident about one's own judgments and asks Can a clear line be drawn between dogmatism and simple certainty and indignation Bennett and Shapiro enter the debate by questioning what has become a popular even pervasive cultural narrative told by both the left and the right the story of the West's moral decline degeneration or confusion Contributors explore the dynamics and dilemmas of moralizing by advocates of patriotism environmental protection and women's rights while arguing that the current discourse gives free license to self aggrandizement cruelty vengeance and punitiveness and a generalized resistance to or abjection of diversity **The Nature of Things** Anthony M. Quinton,2019-03-07 Originally published in 1973 In this systematic treatise Anthony Quinton examines the concept of substance a philosophical refinement of the everyday notion of a thing Four distinct but not unconnected problems about substance are identified what accounts for the individuality of a thing what confers identity on a thing what is the relation between a thing and its appearances and what kind of thing is fundamental in the sense that its existence is logically independent of that of any other kind of thing In Part 1 the first two problems are discussed while in Part 2 the third and fourth are considered Part 3 examines four kinds of thing that have been commonly held to be in some way non material abstract entities the unobservable entities of scientific theory minds and their states and finally values The author argues that theoretical entities and mental states are in fact material He gives a linguistic account of universals and necessary truths and advances a naturalistic theory of value **From Puzzles to Principles?** May Sim,1999-01-01 Scholars of classical philosophy have long disputed whether Aristotle was a dialectical thinker Most agree that Aristotle contrasts dialectical reasoning with demonstrative reasoning where the former reasons from generally accepted opinions and the latter reasons from the true and primary Starting with a grasp on truth demonstration never relinquishes it Starting with opinion

how could dialectical reasoning ever reach truth much less the truth about first principles Is dialectic then an exercise that reiterates the prejudices of one s times and at best allows one to persuade others by appealing to these prejudices or is it the royal road to first principles and philosophical wisdom In From Puzzles to Principles May Sim gathers experts to argue both these positions and offer a variety of interpretive possibilities The contributors thoughtful reflections on the nature and limits of dialectic should play a crucial role in Aristotelian scholarship The sheet-metal worker's guide William John E.
