For Children Who Were Broken Women:

For Children Who Were Broken Elia Wise,1991-10 **Characteristics and Financial Circumstances of Families Receiving Aid to Dependent Children, Late 1958** Gladys Opal White,Robert Herman Mugge,Saul Kaplan,1941 **Single Mothers and the State** Celia Winkler,2002-05 U S welfare rights activists have long envied women in Sweden who benefited from social policies that made the incidence of poverty among children and solo mothers among the lowest in the world This situation has begun to change with the rise of neoliberalism in Sweden from the late 1970s to the middle of the 1990s social policy that had once dramatically improved the lives of solo mothers began to give way to policies that privatized their problems Solo mothers in the United States were worse off as conservative policymakers launched a clamorous campaign to restore the traditional nuclear family as the only guarantor of women s and children s well being blaming solo mothers for everything from juvenile crime to their own poverty In this revealing and timely book sociologist and former legal services attorney Celia Winkler charts the policies in Sweden and the United States that transformed the social and economic situation of solo mothers who are an early warning of more general danger the canary in the coal mine *The American Journal of Obstetrics and Diseases of Women and Children* ,1885 **Subversive Influence in the Educational Process** United States. Congress. Senate. Lawson,Jean E. Graham,Kristin M. Baker,2015-10-06 This book presents the view of psychology as a global enterprise the development of which is moderated by the dynamic tension between the move toward globalization and concomitant local forces It describes the broader intellectual and social context within which psychology has developed **Chambers's Journal of Popular Literature, Science and Arts** ,1878 *Women in Journalism* Genevieve Jackson Boughner,1926 *Russian Caviar* Gunter Rau,2012-11-29 Russian Caviar a symbol of power and luxury is a parable of life and death connected with agony and love It was the Red Army delivering this

delicacy after the last days of war beside devastation rape and death It needed time to overcome those experiences of horror and to find a way out into life and freedom again The remaining desire to get a chance in life to have caviar on the table without a bitter taste came finally true when love replaced all trauma with caviar as the stimulating centerpiece This wonderful mental rainbow is the parable of love the only alternative for happiness in life with continuation in eternity From the deadly bombardment of Dresden in 1945 to freedom in Berlin in 1955 and the love story in London in 1961 one can sympathize with the excitement of these days Russian Caviar is a love story par excellence It happened on a blue summer day in London in an unsurpassable development with Russian caviar and champagne on the table The passion of love changed our life with so much happiness enough for a lifetime and eternity Grand merci Florence Je t'aime **A Woman In China**

Mary Gaunt, 2020-09-28 When I was a little girl and was taken to see my grandmother she set out for my amusement to be looked at but not touched by little fingers various curios brought home by my grandfather from China in the old days when he was a sailor in the Honourable East India Company's service beautifully carved ivory chessmen a model of a Chinese lady's foot about three inches long dainty mother of pearl counters made in the likeness of all manner of strange beasts lacquer boxes and ivory balls models of palanquins in ivory and fans that seemed to me brought up in the somewhat rough and ready surroundings of a new country dreams of loveliness The impression was made I felt the fascination of China the fascination of a thing far beyond me Like the pretty things so out of my reach it seemed that I did not even add it to the list of places I intended to visit when I grew up for even then my great desire was to travel all over the world I was born with the wander fever in my blood but unfortunately with small means of satisfying it As I grew older I used to read every travel book I could get hold of and later on when I began to live by my pen I got into the habit of gauging my chances of seeing a country by the number of books written about it China judged by this standard fell naturally into the place assigned to it by my grandmother's curios for from the days of Marco Polo men have gone up and down the land painfully sorrowfully gladly triumphantly and at least half of them seem to have put pen to paper to describe what they have seen Was it likely there would be anything left for me to write about Slave Women in the New World Marietta Morrissey, 2021-10-08

In this innovative study Marietta Morrissey reframes the debate over slavery in the New World by focusing on the experiences of slave women Rich in detail and rigorously comparative her work illuminates the exploitation achievements and resilience of slave women in the British Dutch French Spanish and Danish colonies in the Caribbean from 1600 through the mid 1800s Morrissey examines a wide spectrum of experience among Caribbean slave women including their work at home in the fields and as domestics their roles as wives and mothers their health sexuality and fertility and their decline in status with the advent of industrialization and the abolition of slavery Life for these women Morrissey shows was much more hazardous brutal and fragmented than it was for their counterparts in the American South These women were in a constant dynamic struggle with men both masters and fellow slaves over the foundations of their social experience This experience was defined both by their status as slaves and by

gender inequality On the one hand their slave status gradually robbed them of their domain the household economy and created a kind of perverse equality in which slave women like slave men became units of agricultural labor One the other hand slave women were denied the access that slave men eventually gained to skilled agricultural work The result of this gender inequality as Morrissey convincingly demonstrates was a further erosion of the status and authority of slave women within their own culture Morrissey s study which addresses significant issues in women s history and black history will go far toward reshaping our perceptions of slave life in the new world *Women's Lifeworlds* Edith Sizoo,2002-11 Examining the changing meaning of place in women s lives over time and across space this book questions how women face negotiate and shape the social space of their environment Reproducing Families David Levine,1987-08-27 A review of the course of English population history from 1066 to the 1980s with a particular focus on English family forms **Conjugal Trajectories** Ana Josefina Cuevas Hernández,Sampson Lee Blair,2023-05-15 Multidisciplinary in scope and using predominantly qualitative approaches *Conjugal Trajectories Relationship Beginnings Change and Dissolutions* focuses upon relevant trajectories to better comprehend the evolving nature of conjugal relationships and its implications for family life moving forward The Trials and Tribulations of a Ghetto Child Lady J.,2022-02-04 This series of books are a few entries from journals and memories of my life over the years Every choice that we make in life has a consequence The experiences of Life affects us all mentally In the middle of the storm we often think that we are alone On my Life Journey looking for love and acceptance I found myself in a circle of abuse Mentally physically sexually emotionally Broken faced with my Trials and Tribulations From the choices I made when I didn t have a choice Three books *Shadow Standing Over Me the trials and tribulations of a ghetto child Shadows Standing over me Tribulations The Trials and Tribulations of a Ghetto Child* are just a few **Joseph Stalin** Helen Rappaport,1999-12-13 To get to the top Joseph Stalin outmaneuvered Lenin Trotsky Kirov and a legion of equally ruthless revolutionaries This accessible and easy to read reference work reveals the more personal side of the Machiavellian mastermind who not only orchestrated the Great Terror but also forged the USSR into a world power *Joseph Stalin A Biographical Companion* offers balanced coverage and makes use of new information from Soviet archives while at the same time avoids mind numbing communist jargon and terminology Also included are scores of rare illustrations some never before published in the West **Child Protection Practice** Harry Ferguson,2017-09-16 How do practitioners step up to the professional challenge of keeping children safe Leading author Harry Ferguson draws on his own research personal experience and real life case studies to challenge the way we think about child protection This highly original and engaging book captures the daily reality of practice within life s most personal spaces and offers a rare insight into the lived experience of working with vulnerable children their parents and other carers An inspiring declaration of the need for a new intimate approach to child protection this ground breaking book lays the foundations of skilful authoritative practice It is a must for Social Work student and practitioners within this challenging field **Women in Tennessee Industries** Kathleen
