

# Express Yourself

The background of the entire cover is a vibrant, abstract painting. It features a central figure of a person in a dynamic, almost dancing pose, rendered in a dark, metallic blue. The figure is set against a large, bright yellow and orange sunburst or starburst shape that radiates from the center. The surrounding areas are filled with swirling, textured brushstrokes in shades of blue, green, and brown, creating a sense of movement and depth.

**Power Within** Gordana Savic,2024-02-10 Awakening the Power Within Unleash Your True Potential and Transform Your Life I have previously written about the importance of inner strength in our lives When I started writing this book a year ago my intention was to share exactly that finding strength within oneself especially in difficult moments is crucial When a person discovers it and becomes aware of it it greatly helps them Equally important is to show others that it is possible using one s own example of going through various challenges and life truths to expand one s strength This means that others can improve their lives ease situations etc using certain methods A year later when it was completed it helped me a lot in dealing with much more serious life obstacles It is written from personal experience as a way of struggle reflection life experience and collaboration with different mentors from various areas of life The book consists of three sections The first identifies

obstacles to our personal development the second deals with overcoming them and the third is the place where we want to be for the well being of ourselves and those around us The journal complements the book providing practical examples self reflection introspection and space for you to answer what concerns you The text in the book not only provides solutions but also the mindset of overcoming challenges self improvement thinking working on oneself seeing things from different perspectives It gives guidelines on what to work on overcome where to focus and work what to pay attention to and the possibility of finding that strength The sources from which you find them are within you and it all comes down to merging within you By awakening strength within oneself each of us connects with our source whether it s God the Universe divine force energy nature or oneself Ebook is now only available online The printed version may come later
