The Real Gorbals Story Colin MacFarlane,2011-07-22 Colin MacFarlane was born in the Gorbals in the 1950s 20 years after the publication of No Mean City the classic novel about pre war life in what was once Glasgow s most deprived district He lived in the same street as its fictional razor king Johnnie Stark and subsequently realised that a lot of the old characters represented in the book were still around as late as the 1960s Men still wore bunnets and played pitch and toss women still treated the steamie as their social club The razor gangs were running amok once again and filth violence crime rats poverty and drunkenness abounded just like they did in No Mean City MacFarlane witnessed the last days of the old Gorbals as a major regeneration programme begun in 1961 was implemented and as a street boy he had a unique insight into a once great community in rapid decline In this engrossing book MacFarlane reveals what it was really like to live in the old Gorbals

*A Perfect Lie* a standalone domestic thriller. I'm Hailey Anne Monroe. I'm twenty-eight years old. An artist who found her muse on the canvas because I wasn't allowed to have friends or even keep a journal. And yes, if you haven't guessed by now, I'm that Hailey Anne Monroe daughter to Thomas Frank Monroe, the man who was a half-percentage point from becoming President of the United States. If you were able to ask him, he'd probably tell you that I was the half point. But you can't ask him, and he can't tell you. He's dead. They're all dead, and now I can speak.

*That Further Shore* John D. Feerick, 2020-04-21. A rare and evocative memoir of a respected constitutional scholar, dedicated public servant, political reformer, and facilitator of peace in the land of his ancestors. John D. Feerick's life has all the elements of a modern Horatio Alger story: the poor boy who achieves success by dint of his hard work. But Feerick brought other elements to that classic American success story: his deep religious faith, his integrity, and his paramount concern for social justice. In his memoir *That Further Shore*, Feerick shares his inspiring story from his humble beginnings, born to immigrant parents in the South Bronx, going on to practice law, participating in framing the U.S. Constitution's Twenty-Fifth Amendment, serving as dean of Fordham Law, and serving as President of the New York City Bar Association and chair of state commissions on government integrity. Beginning with Feerick's ancestry and early life experiences, including a detailed genealogical description of Feerick's Irish ancestors in County Mayo and his laborious quest to identify them and their relationships with one another, the book then presents an evocative survey of the now vanished world of a working-class Irish Catholic neighborhood in the South Bronx. Feerick's account of how he financed his education from elementary school through law school is a moving tribute to the immigrant work ethic that he inherited from his parents and shared with many young Americans of his generation. The book then traces Feerick's career as a lawyer and how he gave up a lucrative partnership in a prestigious New York City law firm at an early age to accept the office of Dean of the Fordham School of Law at a fraction of his previous income because he felt it was time to give back something to the world. John Feerick has consistently shown his commitment to the law as a vocation as well as a profession by his efforts to protect the rights of the poor, to enable minorities to achieve their rightful places in American society, and to combat political corruption. *That Further Shore* is an inspiring memoir of how one humble and decent man helped to make America a more just and equitable society.

*Star of the North* D. B. John, 2019-02-26. A thrilling tale of abduction and escape in North Korea, highly entertaining. *The Washington Post*: A propulsive and ambitious thriller about a woman trying to rescue her twin sister from captivity in North Korea and the North Korean citizens with whom she forms an unlikely alliance. *Star of the North* opens in 1998 when a Korean American teenager is kidnapped from a South Korean beach by North Korean operatives. Twelve years later, her brilliant twin sister Jenna is still searching for her, and ends

up on the radar of the CIA When evidence that her sister may still be alive in North Korea comes to light Jenna will do anything possible to rescue her including undertaking a daring mission into the heart of the regime Her story is masterfully braided together with two other narrative threads In one a North Korean peasant woman finds a forbidden international aid balloon and uses the valuables inside to launch a dangerously lucrative black market business In the other a high ranking North Korean official discovers to his horror that he may be descended from a traitor a fact that could mean his death if it is revealed As the novel progresses these narrative strands converge and connect in surprising ways ultimately building to an explosive and unforgettable climax
