

A still life scene featuring a cup of tea, heart-shaped cookies, a vase of roses, and lace doilies on a wicker tray. The scene is set on a light-colored surface, possibly a table, with a wicker tray in the foreground. The tray holds a white cup of tea on a saucer, a plate of heart-shaped cookies, and a glass vase with pink roses. The background is softly blurred, showing more of the same items. The overall mood is warm and inviting.

Alfred Schutz's Sociological Aspect of Literature Lester Embree,2013-03-14 The maintext in the present volume has beenconstructed out of passages found scattered aboutin thirty five years of Alfred Schutz s writings and it has been constructed by following a pageof notes for a lecture that he gave in 1955 under the title Sociological Aspect of Literature The result can be considered the substance of Schutz s contribution to the theory of literature More detail about how this construction has beenperformed is offered in the Editor s Introduction The complementary essays areby scholars from Germany Japan andthe United States from several generations and from the disciplines of anthropology philosophy and sociology These researchers were invited to reflect in their own perspectives on the main text and in relation to matters referred to within and beyond it Draftversions of most of these complementary essays were presented for critical discussion in a research symposium held at the Graduate Faculty of Political and Social Science of theNewSchool for Social Research on April28 29 1995 underthe sponsorship of The Center for Advanced Research in Phenomenology Inc Florida Atlantic University The Department of Philosophy of The Graduate Faculty of the New School Richard 1 Bernstein Chair and Evelyn and George Schutz the philosopher s children Revised versions of these presentations and also several essays subsequently recruited are offered to begin yet another stagein thehistory of scholarship on Schutz and the phenomenological research inspired by him Northwestern University Press is thanked for permission to quote extensively from Alfred Schutz The Phenomenology of the Social World trans **Saints and Feasts of the Liturgical Year** John Paul Thomas,2023-12-10 If a list were made of the greatest human beings who have ever lived those reflected upon in this four volume series would be at the top of that list Though historians often attempt to judge greatness from their own subjective perspective there must be an objective criteria by which human greatness is judged The only Person Who is capable of establishing that criteria is God The criteria that God has established are the virtues as identified by Jesus and revealed by Him through the holy Gospels The goal

of this four volume series is to present each saint found on the Catholic liturgical calendar as a Solemnity Feast or Memorial in such a way as to identify the Godly virtues that place them on the top of that list Though their greatness has already been established and their heroic virtues confirmed by the Church God chose the men and women found in these pages not only for greatness in their lifetimes but also as models of holiness in ours These men and women are gifts to you given by God through the Church Every saint is unique but every saint is similar because each one became living witnesses to Christ and living Gospels for a world in need Some saints were united to God through martyrdom some through virginity and chastity some through works of charity and some through lives of intense prayer The saints have come from every culture every socio economic background every level of education and every personality type Through every saint God shines forth radiating His abundant mercy through the diversity of their lives In the end it is not their personality preferences gifts or any other unique qualities that unite them as the one communion of saints It is God and God alone Who floods their souls and forms them into a united song of praise of God s eternal glory Why read about the saints Why learn about their lives Why ponder what they said and did The answer is simple You are called to be among their company You are called to become as holy as they were transformed by God s grace and to radiate that grace in the world today At first the virtues of the saints might seem to be out of your reach The saints can appear to be superhuman The truth is that the saints became fully human by becoming who they were created to be They rejected the deceptions of the devil the seductions of the world and the weaknesses of the flesh Instead they discovered the truths of God sought out the riches of Heaven and became filled with the strength of every virtue As you read about the lives of the saints ponder their words and actions study their heroic virtues and learn from their lives of prayer allow yourself not only to be inspired by them but also to desire to imitate them Nothing is stopping you from being counted among the saints in Heaven God promises to lavish every grace upon you that you need to walk down that holy path Only when you refuse His grace is that mission thwarted *American Book Publishing Record* ,2002 *Touch Me! I'm for Real* Jean Barrett Groves,2019-09-23 Like most kids teachers asked me what I wanted to be when I grew up That question was hard to answer as a black girl growing up in Harlem in the 1950s When I tried to look back beyond my grandmother to understand my family s past there was an ugly stain on our history left by slavery and then just a dark blur It was said we came from Africa Where exactly I didn t know There was no connection When I looked around me I saw crime violence and drugs spreading malignity through the black community Meanwhile the old staples faith and family values were like walls slowly crumbling down I glanced ahead but it was hard to see past things modeled at home wrong words said or negative messages telegraphed to me in books and media that poo pooed my potential They didn t bode well for my future What was I to do The only thing I could I summoned whatever I had in me used my ghetto beginnings to push against and then propelled forward I completed my education developed a teaching career in the NYC public schools and bought a house I felt like I was finally somebody A health issue came along and gave me a one two punch I became unable to walk and speak My sense of

worth was immediately placed in jeopardy when I joined a new group of disadvantaged the disabled I had to climb back up to acceptance and respectability and achieve normalcy I asked myself could I find a voice and still make a difference This book is how I answered that It is a story about finding strength hope and a higher quality of life **New York Magazine**

,1980-10-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
