Research but it has been out of print for some years The Foreword by William McDougall author of Introduction to Social Psychology and the Introduction by Walter Franklin Prince who was Research Officer for the Boston Society for Psychic Research as well as all the illustrations have been retained but Dr Rhine has brought the book up to date and written a new Introduction especially for this edition The book remains as Waldemar Kaempffert said originally in the New York Times A report that gives an account of the most important study ever made in what is known as telepathy mindreading and clairvoyance Extra-Sensory Perception After Sixty Years Joseph Banks Rhine, J.
