Ey Up, Mi Duck ! Richard Scollins, John Titford, 1976 Real English James Milroy, Lesley Milroy, 2014-06-03 While it is accepted that the pronunciation of English shows wide regional differences there is a marked tendency to under estimate the extent of the variation in grammar that exists within the British Isles today In addressing this problem Real English brings together the work of a number of experts on the subject to provide a pioneer volume in the field of the grammar of spoken English *A Bibliography of Writings on Varieties of English, 1965-1983* Wolfgang Viereck, Dr Edgar Schneider, Manfred Görlach, 1984-01-01 After the growth of English and American dialectology since the 1930 s and the expansion of

sociolinguistics since the 1960 s the study of world English has emerged in recent years to join these other disciplines This bibliography is intended to reflect what has been achieved in this area and to serve as an indispensable research tool for further investigations The bibliography is divided into three parts each one is preceded by a preface which explains the procedures followed and each of the sections is followed by an index It classifies the items according to specific areas ethnic groups or similar topics *Лексикологія англійської мови - теорія і практика.
