## **Ezra Pound And Italian Fascism:**

*Ezra Pound and Italian Fascism* Tim Redman, 1991-03-29 This fascinating account of Ezra Pound and Italian Fascism allows the reader to understand the causes and results of Pound's ideology and actions      **Fascist Directive** Catherine E. Paul, 2016 By bringing Italian primary sources and approaches to the cultural project of Mussolini's regime to bear on Ezra Pound's prose work including unpublished material from the Pound Papers and untranslated periodical contributions this work shows how Pound's modernism changed as a result of involvement in Italian politics and culture      *Fascist Directive: Ezra Pound and Italian Cultural Nationalism* Catherine E. Paul, 2016-06-21 By bringing Italian primary sources and new approaches to the cultural project of Mussolini's regime to bear on Ezra Pound's prose work this book shows how Pound's modernism changed as a result of involvement in Italian politics and culture      **Ezra Pound and Italian Fascism, 1930-1945** Timothy Paul Redman, 1987      *Fascist Directive* Catherine E. Paul, 2018-08-15 *Fascist Directive* reveals changes in Ezra Pound's prose writing resulting from his excitement over Mussolini's use of Italian cultural heritage to build the modern Fascist state Drawing on archival material and periodical contributions Catherine E Paul delves into the work of the most notorious American in Italy in the 1930s and 1940s      *Ezra Pound's Fascist Propaganda, 1935-45* M. Feldman, 2013-09-04 Ezra Pound was an influential propagandist for British Italian and ultimately German fascist movements Using long neglected manuscripts and cutting edge approaches to fascism as a political religion Feldman argues that Pound's case offers a revealing case study of a modernist author turned propagator of the fascist faith      *Mussolini and the Eclipse of Italian Fascism* R. J. B. Bosworth, 2021-03-02 An incisive account of how Mussolini pioneered populism in reaction to Hitler's rise and thereby reinforced his role as a model for later authoritarian leaders On the tenth anniversary of his rise to power in 1932 Benito Mussolini 1883 1945 seemed to many the good dictator He was the first totalitarian and the first fascist in modern Europe But a year later Hitler's entrance onto the political stage signaled a German takeover of the fascist ideology In this definitive account eminent historian R J B Bosworth charts Mussolini's leadership in reaction to Hitler Bosworth shows how Italy's decline in ideological pre-eminence as well as in military and diplomatic power led Mussolini to pursue a more populist approach angry and bellicose words at home violent aggression abroad and a more extreme emphasis on charisma In his embittered efforts to bolster an increasingly hollow and ruthless regime it was Mussolini rather than Hitler who offered the model for all subsequent authoritarians      *The Poetics of Fascism* Paul A. Morrison, 1996 Morrison concludes with a provocative analysis of deconstruction and the work of Paul de Man Without reducing the political implications of poetry to mere caricature and without slighting the force and fact of literary mediation *The Poetics of Fascism* will reshape the discussion of the social dimension of modernism      **Rethinking the History of Italian Fascism** Giulia Albanese, 2022-03-10 In the last years the discussion around what is fascism if this concept can be applied to present forms of politics and if its seeds are still present today became central in the political debate This discussion led to a vast

reconsideration of the meaning and the experience of fascism in Europe and is changing the ways in which scholars of different generations look at this political ideology and come back to it and it is also changing the ways in which we consider the experience of Italian fascism in the European and global context The aim of the book is building a general history of Fascism and its historiography through the analysis of 13 different fundamental aspects which were at the core of Fascist project or of Fascist practices during the regime Each essay considers a specific and meaningful aspect of the history of Italian fascism reflecting on it from the vantage point of a case study The essays thus reinterrogates the history of Fascism to understand in which way Fascism was able to mould the historical context in which it was born how and if it transformed political cultural social elements that were already present in Italy The themes considered are violence empire war politics economy religion culture but also antifascism and the impact of Fascism abroad especially in the Twenties and at the beginnings of the Thirties The book could be both used for a general public interested in the history of Europe in the interwar period and for an academic and scholarly public since the essays aim to develop a provocative reflection on their own area of research

*CasaPound Italia* Caterina Froio,Pietro Castelli Gattinara,Giorgia Bulli,Matteo Albanese,2020-01-24 In 2003 the occupation of a state owned building in Rome led to the emergence of a new extreme right youth movement CasaPound Italia CPI Its members described themselves as Fascists of the Third Millennium and were unabashed about their admiration for Benito Mussolini Over the next 15 years they would take to the street contest national elections open over a hundred centres across Italy and capture the attention of the Italian public While CPI can count only on a few thousands votes it enjoys disproportionate attention in public debates from the media So what exactly is CasaPound How can we explain the high profile achieved by such a nostalgic group with no electoral support In this book Caterina Froio Pietro Castelli Gattinara Giorgia Bulli and Matteo Albanese explore CasaPound Italia and its particular political strategy combining the organization and style of both political parties and social movements and bringing together extreme right ideas and pop culture symbols They contend that this strategy of hybridization allowed a fringe organization like CasaPound to consolidate its position within the Italian far right milieu but also crucially to make extreme right ideas routine in public debates The authors illustrate this argument drawing on unique empirical material gathered during five years of research including several months of overt observation at concerts and events face to face interviews and the qualitative and quantitative analysis of online and offline campaigns By describing how hybridization grants extremist groups the leeway to expand their reach and penetrate mainstream political debates this book is core reading for anyone concerned about the nature and growth of far right politics in contemporary democracies Providing a fresh insight as to how contemporary extreme right groups organize to capture public attention this study will also be of interest to students scholars and activists interested in the complex relationship between party competition and street protest more generally

A Long Essay on the Long Poem Rachel Blau DuPlessis, 2023-03-21 For decades Rachel Blau DuPlessis has shown readers how genres forms and the literal acts of writing and reception can be understood as sites of struggle In her own words writing is a praxis in which the author disappears into a process into a community into discontinuities and into a desire for discovery It is cause for celebration then that we have another work of warm incisive expository writing from DuPlessis in A Long Essay on the Long Poem      **Incredible Modernism** John Attridge, 2016-05-23 With the twentieth century came a new awareness of just how much an individual was obliged to accept on trust and this heightened awareness of social trust in turn prompted new kinds of anxiety about fraudulence and deception Beginning with the premise that the traditional liberal concept of trust as a bond of society entered a period of crisis around the turn of the twentieth century this collection examines the profound influence of this shift on a wide range of modernist writers including James Joyce Marcel Proust Gertrude Stein Ezra Pound Wyndham Lewis H D Ford Madox Ford Samuel Beckett Ralph Ellison and Wallace Stevens In examining the importance of trust and fraudulence during the period the contributors take up a diverse set of topics related to reception the institutions of modernism the history of authorship the nature of representation authenticity genre social

order and politics Taken as a whole Incredible Modernism provides concrete historical coordinates for the study of twentieth century trust while also arguing that a problem of trust is central to the institutions and formal innovations of modernism itself

**Doublespeak** Matthew, 2014-04-15 This timely intervention exposes the euphemized language of the extreme right as a deceptive attempt to secure greater influence over public policy Since the end of World War II the extreme right has made strategic use of doublespeak which apes the language of liberal democracy Attentive observation and accurate recognition of these tactics means taking the extreme right's deliberately

crafted slogans symbols and themes seriously These essays investigate the extreme right s attempts at repackaging contemporary ultranationalism to make it more palatable to mainstream European and American tastes **Stitch, Unstitch** Kristin Grogan,2025-08-26 The labor of literature is often thought of as a specialized craft distinct from everyday work In *Stitch Unstitch* Kristin Grogan traces an alternative vision of writing and the writer arguing that modernist poetry was deeply shaped by ordinary labor and the people who performed it This relationship provoked powerful political and aesthetic experiments and allowed modernist poets to imagine ways of life beyond the demand to earn a living Poetic form Grogan shows offers ways to reflect on the meaning and worth of labor particularly types of gendered labor that are typically unseen and undervalued Her fine grained readings locate modernist poetry within sites of social reproduction factory work craft labor and other forms of manual labor placing literary texts alongside objects such as constructivist posters and set design household notes and homemade books Grogan considers Ezra Pound s ideology of craft and artisanal labor Lola Ridge s immersion in the New York garment industry Langston Hughes s encounter with Soviet workers theater Gertrude Stein s gendered and queer domestic labors and Lorine Niedecker s employment as a hospital cleaner Blending Marxist and feminist theory with attentive close readings *Stitch Unstitch* is a revelatory materialist account of the values of poetry **Nihilist**
