

# Fables, Folktales, and Myths

Think about the different stories you have heard. Some of them are real, and many of them are make-believe, meaning they are not true. Stories that are not true include Fables, Folktales, and Myths. Some people think they are the same, but there are a few differences between each type of story.

## FABLES

- Includes talking animals
- Usually short in length
- Two or three characters
- Teaches a lesson

### Example of a Fable: The Ant and the Grasshopper

*On one fine summer's day in a field a Grasshopper was hopping about in a musical mood. An ant passed by bearing along with great toil an ear of corn he was taking to the nest. The grasshopper invited the ant to sit for a chat with him. But the ant refused saying that "I'm storing up food for winter". "Why don't you do the same?" asked the ant to the grasshopper. "Pooh! Why bother about winter?" said the Grasshopper; we have got enough food at present." But the Ant went on its way and continued its toil. Finally, when winter came, the Grasshopper found itself dying of hunger, while it saw the ants distributing corn and grain from their storage. Then the Grasshopper understood that... It is best to prepare for the days of necessity.*

### Why is it a fable?

- The grasshopper and ant are animals that talk to each other.
- The fable is very short with just two characters.
- The fable teaches the reader a lesson: Be prepared!
