*Fast Forward* Lauren Greenfield, 2004-04 Presents a collection of interviews and photographs of a diverse group of Los Angeles adolescents from affluent children of the Westside to gang members from East L A Parents Who Think Too Much Anne Cassidy, 2010-10-06 With the baby boom generation came the genre of parenting books that told parents how to teach their kids everything from toilet training to developing self esteem Generally the message has been go easy on your child but hard on yourself It is starting to become apparent especially in the best of families that giving your kids lots of choices validating their feelings at great peril to your own and providing enough individual attention for each child is creating a generation of kids over whom we have no control Cassidy argues that this comes from over thinking our role as parents We've pondered every step so much that the juice the joy and worst of all our confidence is gone The reasons are clear We have fewer children later in life so we've had more time to ponder We've grown up just as research on infant and child development has come of age so there's no shortage of material to think about As a generation we've prided ourselves on self improvement and we bring the same zeal to child improvement We're less likely to live close to our families and so are more likely to seek out expert solutions To counter this thinking Cassidy will suggest keeping the big picture in mind what kind of people do you really want your kids to be Honest kind cooperative empathetic It may mean losing sight of whether enough play dates are scheduled for the week and if you've positively reinforced the latest creative endeavor but it will bring back your instincts about what is important to your family as a whole and to your kids to become decent people *American Photo*, 1995-07 **Visual Communication Research Designs** Keith Kenney, 2010-09-28 Visual Communication Research Designs offers detailed guidance for using a variety of research methods to investigate visual communications This book embeds each method interview draw and write diary Photovoice case study visual ethnography focus group discourse analysis and content analysis within a research design Chapters begin with a brief engaging story such as why people really

include visuals on Facebook why Picasso could draw but barely pass elementary school and how camera phones can be used for intimate communication They then address key research components for each method such as theoretical perspective units of analysis sampling data analysis data display quality control advantages disadvantages ethical issues and the resources needed to complete the research Author Keith Kenney provides a consistent voice as well as a variety of perspectives from eleven contributors each describing his her work on a particular research project With this book Kenney moves visual communication away from a medium centered approach such as television or film to a communication centered approach including intrapersonal interpersonal group organization public and mass communication Providing explicit practical guidance in an accessible understandable format this book will facilitate more and better research about visual communication Jacket      **Child Labor** Sandy Hobbs,Jim McKechnie,Michael Lavalette,1999-11-01 Consult this handy reference work when you need accurate up to date information on subjects ranging from the effects of work on children s education to the use of child labor in Eastern Europe From Dickensian exploitation of orphans to the after school jobs of American students child labor continues to generate controversy Surveying working children from the Industrial Revolution to the present day Child Labor takes the subject beyond the usual third world confines as it looks at traditional children s occupations from chimney sweeps in Victorian Britain to child actors in TV commercials
