

Far Eastern Crisis Recollections And Observations

Jo-Anne Pemberton

Far Eastern Crisis Recollections And Observations:

The Far Eastern Crisis Henry Lewis Stimson,1968 **The Far Eastern Crisis, Recollections and Observations, by Henry L. Stimson** Henry Lewis Stimson,1936 **The Far Eastern Crisis Recollection And Observations** Henry L. Stimson,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant The Far Eastern Crisis Henry Lewis Stimson,1936 *The Politics of Crisis* G. Fry,2001-05-21 The Politics of Crisis is an interpretation of the most dramatic periods of modern British political history the decade and a half between 1931 and 1945 Formed to sustain the British economy in the midst of the Great Depression the National Governments of the 1930s achieved this and more and electoral popularity unmatched since Yet the conventional wisdom about those Governments is full of the unemployment that they inherited as it is of the image of Neville Chamberlain trying and failing to buy peace from Hitler at Munich For then comes the Second World War and Winston Churchill and victory of a kind for Britain and a curious form of domestic politics that with peace restored witnesses the victor turned out of office The Politics of Crisis clinically assesses the evidence and these events and provides a challenging and new interpretation of them *The Story of International Relations, Part One* Jo-Anne Pemberton,2019-09-09 This book is the first volume in a trilogy that traces the development of the academic subject of International Relations or what was often referred to in the interwar years as International Studies This first volume takes on the origins of International Relations beginning with the League of Nations and the International Studies Conference in Berlin in 1928 and tracing its development through the Paris Peace Conference the quest for cooperation in the Pacific the Institute of Pacific Relations and lessons from Copenhagen Shanghai and Manchuria This project is an impressive and exhaustive consideration of the evolution of IR and is aptly published in celebration of the discipline s centenary The Currents of War Sidney L. Pash,2014-01-28 From 1899 until the American entry into World War II U S presidents sought to preserve China s territorial integrity in order to guarantee American businesses access to Chinese markets a policy famously known as the open door Before the Russo Japanese War in 1904 Americans saw Japan as the open door s champion but by the end of 1905 Tokyo had replaced St Petersburg as its greatest threat For the next thirty six years successive U S administrations worked to safeguard China and contain Japanese expansion on the mainland The Currents of War reexamines the relationship between the United States and Japan and the casus belli in the Pacific through a fresh analysis of America s central foreign policy strategy in Asia In this ambitious and compelling work Sidney Pash offers a cautionary tale of oft repeated mistakes and miscalculations He

demonstrates how continuous economic competition in the Asia Pacific region heightened tensions between Japan and the United States for decades eventually leading to the attack on Pearl Harbor on December 7 1941 Pash's study is the first full reassessment of pre World War II American Japanese diplomatic relations in nearly three decades It examines not only the ways in which U S policies led to war in the Pacific but also how this conflict gave rise to later confrontations particularly in Korea and Vietnam Wide ranging and meticulously researched this book offers a new perspective on a significant international relationship and its enduring consequences *Cultural Diplomacy in U.S.-Japanese Relations, 1919-1941* J.

Davidann, 2007-11-26 This study explores U S Japanese relations in the interwar period to find that the seeds of the Pacific War were sown in the failure of cultural diplomacy and the growth of mutually antagonistic images While most Americans came to see Japan's modernity as a facade the Japanese began to group Americans with the warlike European powers

The Way of the Heavenly Sword Leonard A. Humphreys, 1995 The story of the bitter political struggles within a factionalized military elite released in the 1920s from the constraints of the informal but unified system of Imperial leadership which had characterized the military in the Meiji era **Framing China** Ariane Knüsel, 2016-04-15 Framing China sheds new light on Western relations with and perceptions of China in the first half of the twentieth century In this ground breaking book Ariane Knüsel examines how China was portrayed in political debates and the media in Britain the USA and Switzerland between 1900 and 1950 By focusing on the political economic cultural and social context that led to the construction of the particular images of China in each country the author demonstrates that national interests anxieties and issues influenced the way China was framed and resulted in different portrayals of China in each country The author's meticulous analysis of a vast amount of newspaper and magazine articles commentaries editorials cartoons and newsreels that have previously not been studied before also focuses on the transnational circulation of images of China While previous publications have dealt with the occurrence of the Yellow Peril and Red Menace in particular countries Framing China reveals that these images were interpreted differently in every nation because they both reflected and contributed to the discursive construction of nationhood in each country and were influenced by domestic issues cultural values pre existing stereotypes pressure groups and geopolitical aspirations

The Japanese Empire S. C. M. Paine, 2017-03-06 The Japanese experience of war from the late nineteenth to the mid twentieth century presents a stunning example of the meteoric rise and shattering fall of a great power As Japan modernized and became the one non European great power its leaders concluded that an empire on the Asian mainland required the containment of Russia Japan won the First Sino Japanese War 1894-5 and the Russo Japanese War 1904-5 but became overextended in the Second Sino Japanese War 1931-45 which escalated with profound consequences into World War II A combination of incomplete institution building an increasingly lethal international environment a skewed balance between civil and military authority and a misunderstanding of geopolitics explains these divergent outcomes This analytical survey examines themes including the development of Japanese

institutions diversity of opinion within the government domestic politics Japanese foreign policy and China's anti Japanese responses It is an essential guide for those interested in history politics and international relations

The Illusion Of Deterrence Abraham Ben-zvi, 2019-06-12 The aim of this book is to specifically expose the conceptual origins of the American failure to deter Japan to a higher level of understanding regarding the general limits of deterrence and of coercive diplomacy will be achieved It is similarly hoped that by underscoring the role which certain basic cognitive and bureaucratic processes played

The Versailles Treaty and its Legacy Norman A. Graebner, Edward M. Bennett, 2011-09-26 This study a realist interpretation of the long diplomatic record that produced the coming of World War II in 1939 is a critique of the Paris Peace Conference and reflects the judgment shared by many who left the Conference in 1919 in disgust amid predictions of future war The critique is a rejection of the idea of collective security which Woodrow Wilson and many others believed was a panacea but which was also condemned as early as 1915 This book delivers a powerful lesson in treaty making and rejects the supposition that treaties once made are unchangeable whatever their faults

The Hungry World Nick Cullather, 2011-04-01 Food was a critical front in the Cold War battle for Asia Where Communism goes hunger follows was the slogan of American nation builders who fanned out into the countryside to divert rivers remodel villages and introduce tractors chemicals and genes to multiply the crops consumed by millions This green revolution has been credited with averting Malthusian famines saving billions of lives and jump starting Asia's economic revival Bono and Bill Gates hail it as a model for revitalizing Africa's economy But this tale of science triumphant conceals a half century of political struggle from the Afghan highlands to the rice paddies of the Mekong Delta a campaign to transform rural societies by changing the way people eat and grow food The ambition to lead Asia into an age of plenty grew alongside development theories that targeted hunger as a root cause of war Scientific agriculture was an instrument for molding peasants into citizens with modern attitudes loyalties and reproductive habits But food policies were as contested then as they are today While Kennedy and Johnson envisioned Kansas style agribusiness guarded by strategic hamlets Indira Gandhi Marcos and Suharto inscribed their own visions of progress onto the land Out of this campaign the costliest and most sustained effort for development ever undertaken emerged the struggles for resources and identity that define the region today As Obama revives the lost arts of Keynesianism and counter insurgency the history of these colossal projects reveals bitter and important lessons for today's missions to feed a hungry world

A History of China-U.S. Relations (1911-1949) Wenzhao Tao, 2022-03-04 This book contains the history of China U S Relations 1911 1949 including China US relations in Early Republican Period the impact of Versailles Peace Conference and Washington Conference on China US relations US support for Northern Warlord Government the Guangzhou Revolutionary Government and the Nanjing National Government During the War of Resistance Against Japanese Aggression the United States went from neutral to form an alliance with China against Japan After the end of the War China and the United States gradually moved toward confrontation This book also has a brief description of China

US relations from 1784 to 1911 From Isolation to War Justus D. Doenecke, John E. Wilz, 2015-09-28 The new edition of this popular and widely used American history textbook has been thoroughly updated to include a wealth of new scholarship on American diplomacy in the decade leading up to Japan's attack on Pearl Harbor Features new material on the Washington Conference of 1921-22 early American diplomacy in the Manchurian crisis the Panay incident Russia's invasion of Finland the destroyer bases deal and much more Pays particular attention to Roosevelt's policies towards Jewish refugees the battle between domestic groups like the America First Committee and Fight for Freedom and the Welles mission of 1940 Includes concise biographical sketches of major world leaders including Hoover FDR Churchill Hitler Stalin Mussolini and Tojo Outlines and examines the debates of historians over the wisdom of U.S. policies A War It Was Always Going to Lose Jeffrey Record, 2011 Makes sense of Japan's seemingly incomprehensible decision to go to war against the United States

The Wars for Asia, 1911-1949 S. C. M. Paine, 2014-10-09 The Wars for Asia 1911-1949 shows that the Western treatment of World War II the Second Sino Japanese War and the Chinese Civil War as separate events misrepresents their overlapping connections and causes The Chinese Civil War precipitated a long regional war between China and Japan that went global in 1941 when the Chinese found themselves fighting a civil war within a regional war within an overarching global war The global war that consumed Western attentions resulted from Japan's peripheral strategy to cut foreign aid to China by attacking Pearl Harbour and Western interests throughout the Pacific in 1941 S. C. M. Paine emphasizes the fears and ambitions of Japan China and Russia and the pivotal decisions that set them on a collision course in the 1920s and 1930s The resulting wars together yielded a viscerally anti Japanese and unified Communist China the still angry rising power of the early twenty first century American Ambassador Waldo H. Heinrichs Jr., 1986-11-27 This rich and intimate biography reconstructs the life of an extraordinary career diplomat Joseph Clark Grew 1880-1965 providing a fascinating glimpse of the modern American diplomatic tradition Prelude to Pearl Harbor John Gripentrog, 2021-03-04 In this absorbing account of the origins of the Asia Pacific War historian John Gripentrog argues that competing ideologies of world order chiefly the rift between liberal internationalism and Pan Asian regionalism lay at the heart of the conflict Drawing from a rich diversity of primary and secondary sources the author also examines the Japanese government's vigorous cultural diplomacy in the U.S. which sought to win over American hearts and minds and soft pedal its imperialist ambitions in Asia The result is a book that both challenges and amplifies standard interpretations of US Japan relations in the interwar era while weaving diplomatic political intellectual and cultural history Moreover the author's wide angle lens offers readers insights into a fascinating assemblage of historical actors from Japanese and American diplomats politicians and military leaders to cosmopolitan art enthusiasts and major league baseball players

Far Eastern Crisis Recollections And Observations Book Review: Unveiling the Power of Words
