*Getting the Message* Laszlo Solymar, 1999-09-30 The past century has seen developments in communications technology  
probably unrivalled in any other field of human activity Significant advances are made every year and both our work and  
leisure activities are critically influenced by these developments Getting the message explores the fascinating history of  
communications starting with ancient civilisations the Greeks and Romans then leading through the development of the  
electric telegraph and up to the present day with email and cellular phones The technology is explained in a particularly  
simple and accessible way and themes from politics economics and society weave in and out of the scientific ideas The book  
concludes with a look at the possible future of communications the new developments to come and the implications these will  
have for our everyday lives Lavishly illustrated and including many original illustrations that show just how these new  
developments were received in their time the book presents an informative and highly entertaining introduction to the field

**History of Britain and the European Community, Vol. II** Stephen Wall, 2012-09-10 This is the second volume in The  
Official History of Britain and the European Community and describes the events from 1963 up until the British referendum  
on the Common Market in 1975 In 1963 General de Gaulle dashed Prime Minister Macmillan's hopes of taking Britain into  
the European Community the Common Market When Labour Prime Minister Harold Wilson tried again de Gaulle again said  
no Six years later Prime Minister Edward Heath took Britain into the EEC But by then the country was split and Harold  
Wilson to keep the Labour Party from voting to leave undertook to renegotiate Britain's membership When Labour won the  
1974 election that renegotiation culminated in the first nationwide referendum ever held in the United Kingdom The British

people voted by two to one to stay in the European Community but British membership has been controversial ever since. This is the story of why three very different Prime Ministers all concluded that in the British national interest there was no viable alternative to joining the Common Market. In the words and documents of the time those of politicians, diplomats and journalists from Britain, France and Germany it relives the frustrations, successes and humiliations of British politicians as they wrestled with the most important issue of their generation. It shows with the authority of the Government papers of the day where and why today's European controversy started and why yesterday's challenges and the way they were confronted hold valid lessons for our time. This book will be of much interest to students of British political history, European Union politics, Diplomatic History and International Relations in general.
