

The madman jumped into their midst and pierced them with his eyes.
'Whither is God?' he cried; 'I will tell you.
We have killed him—you and I.
All of us are his murderers.
But how did we do this?
How could we drink up the sea?
Who gave us the sponge to wipe away the entire horizon?
What were we doing when we unchained this earth from its sun?
Whither is it moving now? Whither are we moving?
Away from all suns?
Are we not plunging continually?
Backward, sideward, forward, in all directions?
Is there still any up or down?
Are we not straying, as through an infinite nothing?
Do we not feel the breath of empty space?
Has it not become colder? Is not night continually closing in on us?
Do we not need to light lanterns in the morning?
Do we hear nothing as yet of the noise of the gravediggers
who are burying God?
Do we smell nothing as yet of the divine decomposition?
Gods, too, decompose.
God is dead.
God remains dead.
And we have killed him.

Nietzsche's Poems Friedrich Nietzsche, 2024-11-05 The bilingual edition of Friedrich Nietzsche's poetry translated by Gabriela Weisman and Alexandre H Reis is a significant contribution to literature and philosophy offering renewed access to the poetic works of this German thinker Throughout his compositions Nietzsche explores themes ranging from the search for truth to the nature of happiness and pain using rich evocative language that deeply resonates with readers The careful selection of poems in this edition including those from his youth works like *Scherz List und Rache* and the Dionysian Dithyrambs reflects a creative journey that reveals both the evolution of his thought and Nietzsche's transition from philosopher to poet The translation retains the musicality and lyrical force of the original a challenging task given the complexity of Nietzsche's work Weisman and Reis succeed in preserving the intricate rhythm and tone of Nietzsche's poetic voice allowing English speaking readers to experience the depth of his expression Moreover the bilingual format facilitates a direct comparison between the German text and its English translation allowing readers to gain a deeper appreciation of the language and concepts involved The inclusion of notes and bibliographic references adds academic value to the edition making it a useful resource for both scholars and poetry enthusiasts In conclusion Nietzsche's Poems stands out not only for Nietzsche's literary quality but also for the effectiveness of its translation and editing This edition serves as a bridge between cultures bringing to light the beauty and complexity of Nietzsche's words while encouraging reflections on the human condition In a world where existential questions remain relevant reading Nietzsche's poetry becomes an invitation to introspection and the search for meaning amid the chaos of modern life It is essential reading for those wishing to explore the deepest corners of the human soul and philosophy

The Peacock and the Buffalo Friedrich Nietzsche, 2010-07-08 The first complete English translation of Nietzsche's poetry

On the Seventh Solitude Rohit Sharma, 2006 Much as Nietzsche has gained in popularity during the last century his poetry still has not received the scholarly attention it deserves On closer scrutiny his aposiopetic style along with the labyrinthine and self-referential nature of his writings subtly hint toward the recurring and parallel presence of poetry in his writings This fact cannot be ignored and his poetry should therefore be included in any reading of Nietzsche This study investigates Nietzsche's poetic output while simultaneously regarding him as a poet philosopher This reading

allows juxtaposing all Nietzschean key concepts while avoiding the temptation to simplify Nietzsche by centering his thought on any particular one The author ends by highlighting a hitherto neglected term that allows a simultaneous reading of Nietzschean keywords while also including the essential notions of movement flux and play
