Humorous Ghost Stories Dorothy Scarborough, The Canterville Ghost By OSCAR WILDE An amusing chronicle of the tribulations of the Ghost of Canterville Chase when his ancestral halls became the home of the American Minister to the Court of St James When Mr Hiram B Otis the American Minister bought Canterville Chase everyone told him he was doing a

very foolish thing as there was no doubt at all that the place was haunted Indeed Lord Canterville himself who was a man of the most punctilious honor had felt it his duty to mention the fact to Mr Otis when they came to discuss terms We have not cared to live in the place ourselves said Lord Canterville since my grand aunt the Dowager Duchess of Bolton was frightened into a fit from which she never really recovered by two skeleton hands being placed on her shoulders as she was dressing for dinner and I feel bound to tell you Mr Otis that the ghost has been seen by several living members of my family as well as by the rector of the parish the Rev Augustus Dampier who is a Fellow of King s College Cambridge After the unfortunate accident to the Duchess none of our younger servants would stay with us and Lady Canterville often got very little sleep at night in consequence of the mysterious noises that came from the corridor and the library

Self-Consciousness Masakazu Shoji,2020-02-24 A summary of author Masakazu Shoji s previous works Self Consciousness Human Brain as Data Processor explains self consciousness by using a simple mechanical model of the human brain which reflects its past development of evolution by natural selection The model was built from the information acquired from the unbiased introspective observation of Shoji s own mind and other rational assumptions In this study geared for those with a background in the research and science of psychology Shoji introduces a new approach based on systems and information science it relies on the synthetic method of study by designing the human brain s functional model It deals with the self conscious directly without adding in subconsciousness or quantum mystery as has been done previously The model was designed realistically using hardware built with genetic instructions using neurons as the elements of digital and analog operations Shoji shares that versions of this model reveal how humans acquire and store memories of images of the outside objects sense the images internally execute necessary actions directed by the images feel an emotional state by facing life s events and develop intelligence by accumulated experiences The model also explains mysterious mental experiences such as seeing dreams daydreams phantoms ghosts and feeling premonitions

Montana Ghost Dance John B. Wright,1998-05-01 Montana has been the last best place for so many people A century ago Native Americans gathered here to perform the Ghost Dance a last doomed attempt to make white settlers vanish and bring back the old ways of life Today people are still pouring into Montana looking for the pristine wilderness they saw in A River Runs through It The reality of Montana indeed of all the West has never matched the myths but this book eloquently explores how the search for a perfect place is driving growth development and resource exploitation in Big Sky country In ten personal essays John Wright looks at such things as Montana myths old timers immigrants elk ways of seeing the landscape land conservation and land trusts the fate of the Blackfoot Bitterroot and Paradise valleys and some means of preserving the last best places These reflections offer a way of understanding Montana that goes far beyond the headlines about militia groups and celebrities ranches Montana never was or will be a pristine wilderness but Wright believes that much can be saved if natives and newcomers alike see what stands to be lost His book is a wake up call not a ghost dance
