Frog Principle The The Loss Of Freedom In America:

The Frog Principle Walter A. Ascher, 2005-04-07 George Orwell is laughing in his grave We call ourselves the Land of the Free but our freedom has been slowly taken from us beginning in the sixties Since 9 11 the pace of loss of freedom has accelerated beyond the wildest dream in all aspects of our lives We gave the government the right to take away our freedoms Our children will ever know what freedom really was in the United States We have lost our rights over our children our property and we have citizens spying on each other Under the guise of War on Terror the government can arrest a U S citizen without a cause prevent us from traveling listen to our phone conversations and often banking records without a court order The War on Drugs allows the government to seize our assets without a trial Our court system the death penalty and laws on obscenity are amusing and frightful to people of other nations This book covers in twenty chapters examples of how we have lost our freedoms We have become the frogs who are being boiled to death **The American Spy, Or Freedom's Early Sacrifice** Jephtha Root Simms, 1857 **The Freedom Paradox** Bobby Albert, 2020-01-07 Cutting through the haze of hatred and polarizing politics of our time The Freedom Paradox offers an unexpected solution to reunite America It was the best of times and it now seems like the worst of times The chaos discord and hostility gripping America today are evident to all The root cause of these woes however is not so obvious Using his keen sense of cultural awareness Bobby Albert answers the questions that are on our hearts and minds What happened to the America of our youth and How can we reclaim it Many are fighting for and celebrating their freedoms but few realize that unrestrained freedom today results in chaos and constraints tomorrow Within The Freedom Paradox readers discover The Life and Liberty Equation and why it's out of balance The competing approaches of principle and expediency The contrasts and consequences associated with scarcity and abundance mindsets The impact of what they say and how they say it The root cause of the problems of their great nation and how they can help **A Timely Warning of Freedom's Death Knell** John D. Gill, 1893 *Journal of the House of Representatives of the United States* United States. Congress. House, 2000 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House **Freedom, an Optical Illusion** Alton Harvey, Sr., Alton Harvey, 2007-08 Freedom An Optical Illusion is about the life of a people still enslaved in nations that claim freedom for all of its citizens Author Alton Harvey shares about his life as an African American and the principle his parents instilled in him that guaranteed his freedom for the rest of his life's love *Report of the United States Commissioner of Fisheries for the Fiscal Year ... with Appendixes* United States. Bureau of Fisheries, 1921 **Report of the United States Commissioner of Fisheries** United States. Bureau of Fisheries, 1921 **When Darkness Falls A Shadow over America** Robert Palumbo, 2024-02-28 It is my sincere desire in this writing to somehow inspire action by those who read it At this writing our nation teeters on the edge of a knife Elements of destruction from within I feel have never been so strong in

America's history We are I fear one step from losing the rights and freedoms provided to us by our Founding Fathers I see the very fabric of our constitution under attack by a government where all power lies in the coercive efforts of the few or just one This situation should scare any red blooded American and stir up a righteous anger toward it Are we to become a nation run by despotic rulers where the common man is just a subject or a country of nation states similar to that of old Europe where we are red versus blue May God forbid Here I will attempt to give justice to the subjects covered My goal is not just to state facts and figures although these are included but to draw out and put forward the wisdom of those great men and women who founded this country and wrote its governing edicts I have found that seldom will a person take the time and put forth the effort to investigate for themselves what really is the truth I am not judging here as I was guilty of the same problem But what I have found out over the years since I took charge of my own inputs is truth is truth and can never be untruth no matter what the subject When I look at our great nation today I wonder if what it has to offer those who immigrate to it has not diminished Is there truly an offering of real freedoms rights and opportunities or is this just smoke and mirrors with the reality being that our nation is headed toward the problems that many are trying to get away from America is quickly losing its grip on the constitutional framework it was built upon Our freedoms demand that we all do our part to reestablish it The question remains Will complacency prevail or will America wake up Choose
