

From Ally To Enemy The Enigma Of Fascist Italy In French Diplomacy 1920 194

Martin Thomas

From Ally To Enemy The Enigma Of Fascist Italy In French Diplomacy 1920 194:

From Ally to Enemy William I. Shorrock, *From Ally to Enemy* William I. Shorrock, 1988 Comprises essays with suggested further readings on a series of topics arranged in alphabetical order one topic per letter This somewhat whimsical organization provides a forum for the author's concise and authoritative writing and his ideas are thought provoking often unorthodox Shorrock history Cleveland State U has done a study that is the first to examine systematically France's relations with fascist Italy between the First and Second World Wars Thus as it broadens understanding of the origins of World War II it also brings into focus those political economic and ideological forces that impinge upon the foreign policy process in a democratic nation Annotation copyrighted by Book News Inc Portland OR [Britain, France and Appeasement](#) Martin Thomas, 1996 This book investigates the course of Anglo French policy in Europe from 1936 to 1938 a critical period during which France was governed by a series of Popular Front coalition Ministries It asserts that French policy makers made a substantial impact upon the course of British foreign policy whilst breathing new life into the waning Entente Cordiale The study contends that close attention to the role of French influence is fundamental to a grasp of British appeasement and rearmament policy in the period and essential to the understanding of the Anglo French response to such problems as the Spanish Civil War the collapse of League of Nations authority and the treatment of the Soviet Union Essential reading for students of British or French Political History or the origins of World War II in Europe *Historical Abstracts* ,1990

Empire on the Adriatic H. James Burgwyn, 2005 The first full length treatment of Mussolini's campaign against Yugoslavia reveals a brief but tragic chapter in Balkan history replete with ethnic cleansing and atrocities that set the stage for the violence in the 1990s **A London Bibliography of the Social Sciences** ,1931 Vols 1 4 include material to June 1 1929 *Storia d'Italia: Guerre e fascismo 1914-1943* ,1994 **Bibliographie internationale des recensions de la littérature savante** ,1974 **Forthcoming Books** Rose Arny, 1988-09 [Arts & Humanities Citation Index](#) ,1993

Mussolini's Early Diplomacy Alan Cassels, 2015-03-08 In October 1922 Mussolini became the constitutional head of the Italian government by late 1926 he had imposed a Fascist dictatorship on Italy Professor Cassels who argues that Mussolini's policies in the 1930s the era of the Rome Berlin axis were foreshadowed by those of the 1920s traces the stages by which Mussolini took control of Italy's foreign relations Within the period 1922 1927 Mussolini biased against democratic states moved away from Italy's wartime alliance with Britain and France to a policy in favor of authoritarian force France became the moral rival and the Anglo Italian entente calculated to insure British good will soon cooled as Mussolini sought to realize an Italian empire in the Mediterranean basin Italy's career diplomats who at first had tried to restrain Mussolini's adventurism by 1927 were totally in the background Mussolini emerges therefore as a more radical and far less conventional Italian statesman than he is usually depicted in other historical studies Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the

distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Italian Foreign Policy, 1918-1945** Alan Cassels,1991 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com **The United States and Fascist Italy, 1922-1940** David F. Schmitz,2017-11-01 A comprehensive analysis of American foreign policy and Mussolini s Italy Schmitz argues that the U S desire for order interest in Open Door trade and concern about left wing revolution led American policymakers to welcome Mussolini s coming to power and to support fascism in Italy for most of the interwar period Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Hitler & Mussolini* Santi Corvaja,2008-05-01 Few political associations have had as disastrous an outcome as the one forged between Adolf Hitler and Benito Mussolini The Axis alliance in defeat ultimately destroyed its two founders and their regimes as well as the lives of millions of people in Europe Africa and Asia in the process Yet the deeper motivations that were the root cause of the alliance between Germany and Italy with the added ingredient of Imperial Japan and the political and personal relationship between Hitler and Mussolini are explained while many aspects remain strangely mysterious even to this day This book offers a complete chronicle of the Axis alliance *Italian Foreign Policy Under Mussolini* Luigi Villari,1959

Italian-American Relations - the Perspective of the US Government Julian Voje,2003-04-08 Seminar paper from the year 2003 in the subject Politics Region USA grade 2 B University of Bonn Political Science course Proseminar language English abstract The view of the United States of America concerning Italy after Benito Mussolini s March on Rome was important for the whole of Europe The political course of the fascist country also affected the surrounding European states In the primary phase of the fascist regime the U S government was in the position to alter parts of Italy s policy course by applying political pressure Thus America s foreign policy towards Italy did not only concern this one country It also had consequences for the rest of Europe and the start of the Second World War This work is concerned with the view of the successive American administrations towards Italy after Mussolini s ascension to power Questions being answered are How did the U S government react after the fascist ruler took over Italy Did the administration valueate Mussolini as a positive or a negative change for the European country Was a thread visible in the U S attitude concerning Italy What were the government s reactions to Italy s cooperation with Hitler And Could a different American political strategy concerning Italy have hindered Hitler s war efforts To answer those questions the work is structured along three main parts The first part is addressed with the U S government s position after Benito Mussolini s soaring to power This part is divided into a description of America s

characterization of the new leader and an account of the first times the U S questioned their view on Italy Following this evaluation the second part deals with the American view in the times of The Great Depression The third part is concerned with the administrations view after Hitler s rise to power Finally the conclusion marks the end of this work Mainly four books were used David F Schmitz The United States and fascist Italy 1922 1940 gives a well structured and informative overview of the American Italian relations from Mussolini s ascension to power until the begin of The Second World War Another useful book in the first parts handling this topic is H Stuart Hughes The United States and Italy 1 John P Diggins work Mussolini and Fascism The view from America 2 is mainly concerned with the public opinion in the U S toward Italy and very informative Another well written and informative book dealing with America s foreign policy is William L Langer s and S Everett Gleason s book The challenge to isolation The world crisis of 1937 1940 and American foreign policy

Italian Foreign Policy in the Interwar Period H. James Burgwyn, 1997-04-16 Details Italian diplomacy in the interim period between the two world wars

Mussolini's Propaganda Abroad Manuela A. Williams, 2006 This is the first major study in English of Fascist Italy s overseas propaganda Using rare Italian and French captured documents this is also the first investigation into the relationship between Mussolini s regime and Arab nationalist movements This new account covers propaganda and subversive activities engineered by the Italian government in the Mediterranean and the Middle East from 1935 until 1940 when Italy entered the war It assesses the nature of the challenge brought by the Fascist regime to British security and colonial interests in the region Fascist propaganda in particular in the Arab Middle East must be regarded as an expression of Mussolini s foreign policy and his attempts to build an Italian empire that would stretch beyond the Mediterranean gaining control over the exits Gibraltar and Suez which were in the hands of the British and the French The activities of individual agents and organizations are carefully reconstructed and analyzed to highlight the seemingly contradictory objectives of the Italian government on the one hand Rome was courting the Arab nationalist movements in Egypt and Palestine which were seeking the support of external forces capable of providing political financial and military backing needed to overthrow foreign rulers on the other the regime was promoting further territorial expansion in Africa These aspects build into an excellent picture of this fascinating period of modern history This book will be of great interest to all students and scholars of politics media Italian history and propaganda

The Day of the Lion Roy MacGregor-Hastie, 1963 Benito Mussolini and his times

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **From Ally To Enemy The Enigma Of Fascist Italy In French Diplomacy 1920 194**

In a world inundated with screens and the cacophony of instantaneous interaction, the profound power and emotional resonance of verbal artistry frequently diminish in to obscurity, eclipsed by the constant barrage of sound and distractions.
