From Appomattox To Montmartre Americans And The Paris Commune

Adam I. P. Smith

From Appomattox To Montmartre Americans And The Paris Commune:

From Appomattox to Montmartre Philip Mark Katz, 1998 The American Civil War and the Paris Commune of 1871 Philip Katz argues were part of the broader sweep of transatlantic development in the mid nineteenth century an age of democratic civil wars Katz shows how American political culture in the period that followed the Paris Commune was shaped by that event The telegraph the new Atlantic cable and the news gathering experience gained in the Civil War transformed the Paris Commune into an American national event News from Europe arrived in fragments however and was rarely cohesive and often contradictory Americans were forced to assimilate the foreign events into familiar domestic patterns most notably the Civil War Two ways of Americanizing the Commune emerged descriptive recasting events in American terms in order to better understand them and predictive preoccupation with whether Parisian unrest might reproduce itself in the United States By 1877 the Commune became a symbol for the domestic labor unrest that culminated in the Great Railroad Strike of that year As more powerful local models of social unrest emerged however the Commune slowly disappeared as an active force in American culture

The Other Americans in Paris Nancy L. Green, 2014-07-07 A thorough and perceptive portrait of the not so famous expatriates of the City of Light The Wall Street Journal History may remember the American artists writers and musicians of the Left Bank best but the reality is that there were many more American businessmen socialites manufacturers representatives and lawyers living on the other side of the River Seine Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives they provide a new view of the notion of expatriates Historian Nancy L Green introduces us for the first time to a long forgotten part of the American overseas population predecessors to today s expats while exploring the politics of citizenship and the business relationships love lives and wealth or in some cases poverty of Americans who staked their claim to the City of Light The Other Americans in Paris shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century

[Becoming Americans in Paris](#) Brooke L. Blower, 2011-01-17 Overturning the old American clichés about Gay Paree or the City of Lights *Becoming Americans in Paris* offers a darker and more nuanced portrait of how Americans helped to shape the cultural politics of Paris between the wars and at the same time how Paris helped to shape modern American political culture

Grand Army of Labor Matthew E. Stanley, 2021-04-13 Enlisting memory in a new fight for freedom From the Gilded Age through the Progressive era labor movements reinterpreted Abraham Lincoln as a liberator of working people while workers equated activism with their own service fighting for freedom during the war Matthew E Stanley explores the wide ranging meanings and diverse imagery used by Civil War veterans within the sprawling radical politics of the time As he shows a rich world of rituals songs speeches and newspapers emerged among the many strains of working class cultural politics within the labor movement Yet tensions arose even among allies Some people rooted Civil War commemoration in nationalism and reform and in time these

conservative currents marginalized radical workers who tied their remembering to revolution internationalism and socialism An original consideration of meaning and memory Grand Army of Labor reveals the complex ways workers drew on themes of emancipation and equality in the long battle for workers rights *Reconstruction in a Globalizing World* David Prior,2018-01-02 As one of the most complexly divisive periods in American history Reconstruction has been the subject of a rich scholarship Historians have studied the period s racial views political maneuverings divisions between labor and capital debates about woman suffrage and of course its struggle between freed slaves and their former masters Yet on each of these fronts scholarship has attended overwhelmingly to the eastern United States especially the South thereby neglecting important transnational linkages This volume the first of its kind will examine Reconstruction s global connections and contexts in ways that while honoring the field s accomplishments move it beyond its southern focus The volume will bring together prominent and emerging scholars to showcase the deepening interplay between scholarships on Reconstruction and on America s place in world history Through these essays *Reconstruction in a Globalizing World* will engage two dynamic fields of study to the benefit of them both By demonstrating that the South and the eastern United States were connected to other parts of the globe in complex and important ways the volume will challenge scholars of Reconstruction to look outwards Likewise examining these same connections will compel transnationally minded scholars to reconsider Reconstruction as a pivotal era in the shaping of the United States relations with the rest of the world **Rot and Revival** Anthony Michael Kreis,2024-06-04 *Rot and Revival* is one of the first scholarly works to comprehensively theorize and document how politics make American constitutional law and how the courts affect the path of partisan politics Rejecting the idea that the Constitution s significance and interpretation can be divorced from contemporary political realities Anthony Michael Kreis explains how American constitutional law reflects the ideological commitments of dominant political coalitions the consequences of major public policy choices and the influences of intervening social movements Drawing on rich historical research and political science methodologies Kreis convincingly demonstrates that the courts have never been and cannot be institutions lying outside the currents of national politics *A Nation Among Nations* Thomas Bender,2025-09-23 A provocative new book that shows us why we must put American history firmly in a global context from 1492 to today Americans like to tell their country s story as if the United States were naturally autonomous and self sufficient with characters ideas and situations unique to itself Thomas Bender asks us to rethink this exceptionalism and to reconsider the conventional narrative He proposes that America has grappled with circumstances doctrines new developments and events that other nations too have faced and that we can only benefit from recognizing this Bender s exciting argument begins with the discovery of the Americas at a time when peoples everywhere first felt the transforming effects of oceanic travel and trade He then reconsiders our founding Revolution occurring in an age of rebellion on many continents the Civil War happening when many countries were redefining their core beliefs about the nature of freedom and the meaning of

nationhood and the later imperialism that pitted the United States against Germany Spain France and England Industrialism and urbanization laissez faire economics capitalism and socialism and new technologies are other factors that Bender views in the light of global developments A Nation Among Nations is a passionate persuasive book that makes clear what damage is done when we let the old view of America alone in the world falsify our history Bender boldly challenges us to think beyond our borders

Reconstructions Thomas J. Brown, 2008-09-23 The pivotal era of Reconstruction has inspired an outstanding historical literature In the half century after W E B DuBois published Black Reconstruction in America 1935 a host of thoughtful and energetic authors helped to dismantle racist stereotypes about the aftermath of emancipation and Union victory in the Civil War The resolution of long running interpretive debates shifted the issues at stake in Reconstruction scholarship but the topic has remained a vital venue for original exploration of the American past In Reconstructions New Perspectives on the Postbellum United States eight rising historians survey the latest generation of work and point to promising directions for future research They show that the field is opening out to address a wider range of adjustments to the experiences and effects of Civil War Increased interest in cultural history now enriches understandings traditionally centered on social and political history Attention to gender has joined a focus on labor as a powerful strategy for analyzing negotiations over private and public authority The contributors suggest that Reconstruction historiography might further thrive by strengthening connections to such subjects as western history legal history and diplomatic history and by redefining the chronological boundaries of the postwar period The essays provide more than a variety of attractive vantage points for fresh examination of a major phase of American history By identifying the most exciting recent approaches to a theme previously studied so ably the collection illuminates the creative process in scholarly historical literature

The War That Made America Caroline E. Janney, Peter S. Carmichael, Aaron Sheehan-Dean, 2024-03-19 This collection of original essays reveals the richness and dynamism of contemporary scholarship on the Civil War era Inspired by the lines of inquiry that animated the writings of the influential historian Gary W Gallagher this volume includes nine essays by leading scholars in the field who explore a broad range of themes and participants in the nation's greatest conflict from Indigenous communities navigating the dangerous shoals of the secession winter to Confederate guerrillas caught in the legal snares of the Union's hard war to African Americans pursuing landownership in the postwar years Essayists also explore how people contested and shaped the memory of the conflict from outright silences and evasions to the use of formal historical writing Other contributors use comparative and transnational history to rethink key aspects of the conflict The result is a thorough examination of Gallagher's scholarly legacy and an assessment of the present and future of the Civil War history field Contributors are William A Blair Peter S Carmichael Andre M Fleche Wayne Wei siang Hsieh Caroline E Janney Peter C Luebke Cynthia Nicoletti Aaron Sheehan Dean and Kathryn J Shively

Emory Upton David J. Fitzpatrick, 2017-06-28 Emory Upton 1839 1881 is widely recognized as one of America's most influential military thinkers His works The Armies of Asia

and Europe and The Military Policy of the United States fueled the army's intellectual ferment in the late nineteenth century and guided Secretary of War Elihu Root's reforms in the early 1900s. Yet as David J. Fitzpatrick contends, Upton is also widely misunderstood as an antidemocratic militaristic zealot whose ideas were too Prussian for America. In this first full biography in nearly half a century, Fitzpatrick, the leading authority on Upton, radically revises our view of this important figure in American military thought. A devout Methodist farm boy from upstate New York, Upton attended the United States Military Academy at West Point and served in the Civil War. His use of a mass infantry attack to break the Confederate lines at Spotsylvania Courthouse in 1864 identified him as a rising figure in the U.S. Army. Upton's subsequent work on military organizations in Asia and Europe, commissioned by Commanding General William T. Sherman, influenced the army's turn toward a European, largely German, ideal of soldiering as a profession. Yet it was this same text, along with Upton's *Military Policy of the United States*, that also propelled the misinterpretations of Upton, first by some contemporaries and more recently by noted historians Stephen Ambrose and Russell Weigley. By showing Upton's dedication to the ideal of the citizen soldier and placing him within the context of contemporary military, political, and intellectual discourse, Fitzpatrick shows how Upton's ideas clearly grew out of an American military political tradition. Emory Upton: Misunderstood Reformer clarifies Upton's influence on the army by offering a new and necessary understanding of the military's intellectual direction at a critical juncture in American history.

Robber Barons and Wretched Refuse Robert F. Zeidel, 2020-04-15 *Robber Barons and Wretched Refuse* explores the connection between the so-called robber barons who led American big businesses during the Gilded Age and Progressive Era and the immigrants who composed many of their workforces. As Robert F. Zeidel argues, attribution of industrial era class conflict to an alien presence supplements nativism, a sociocultural negativity toward foreign-born residents as a reason for Americans' dislike and distrust of immigrants. And in the era of American industrialization, employers both relied on immigrants to meet their growing labor needs and blamed them for the frequently violent workplace contentions of the time. Through a sweeping narrative, Zeidel uncovers the connection of immigrants to radicalisms that gave rise to widespread notions of alien subversives whose presence threatened America's domestic tranquility and the well-being of its residents. Employers, rather than looking at their own practices for causes of workplace conflict, wondrously attributed strikes and other unrest to aliens who either spread pernicious foreign doctrines or fell victim to their siren messages. These characterizations transcended nationality or ethnic group, applying at different times to all foreign-born workers. Zeidel concludes that ironically, stigmatizing immigrants as subversives contributed to the passage of the Quota Acts, which effectively stemmed the flow of wanted foreign workers. Post-war employers argued for preserving America's traditional open door, but the negativity that they had assigned to foreign workers contributed to its closing.

A Companion to U.S. Foreign Relations Christopher R. W. Dietrich, 2020-03-04 Covers the entire range of the history of U.S. foreign relations from the colonial period to the beginning of the 21st century. *A Companion to U.S. Foreign Relations* is an

Coxey's Crusade for Jobs Jerry Prout, 2016-05-15 In the depths of a depression in 1894 a highly successful Gilded Age businessman named Jacob Coxey led a group of jobless men on a march from his hometown of Massillon Ohio to the steps of the nation s Capitol Though a financial panic and the resulting widespread business failures caused millions of Americans to be without work at the time the word unemployment was rarely used and generally misunderstood In an era that worshipped the self reliant individual who triumphed in a laissez faire market the out of work tramp was disparaged as weak or flawed and undeserving of assistance Private charities were unable to meet the needs of the jobless and only a few communities experimented with public works programs Despite these limitations Coxey conceived a plan to put millions back to work building a nationwide system of roads and drew attention to his idea with the march to Washington In Coxey s Crusade for Jobs Jerry Prout recounts Coxey s story and adds depth and context by focusing on the reporters who were embedded in the march Their fascinating depictions of life on the road occupied the headlines and front pages of America s newspapers for more than a month turning the spectacle into a serialized drama These accounts humanized the idea of unemployment and helped Americans realize that in a new industrial economy unemployment was not going away and the unemployed deserved attention This unique study will appeal to scholars and students interested in the Gilded Age and US and labor history

The First Resort of Kings Richard T.

Arndt,2011 A landmark study of the most neglected tool of U S foreign policy **The Stormy Present** Adam I. P. Smith,2017-10-06 In this engaging and nuanced political history of Northern communities in the Civil War era Adam I P Smith offers a new interpretation of the familiar story of the path to war and ultimate victory Smith looks beyond the political divisions between abolitionist Republicans and Copperhead Democrats to consider the everyday conservatism that characterized the majority of Northern voters A sense of ongoing crisis in these Northern states created anxiety and instability which manifested in a range of social and political tensions in individual communities In the face of such realities Smith argues that a conservative impulse was more than just a historical or nostalgic tendency it was fundamental to charting a path to the future At stake for Northerners was their conception of the Union as the vanguard in a global struggle between democracy and despotism and their ability to navigate their freedoms through the stormy waters of modernity As a result the language of conservatism was peculiarly and revealingly prominent in Northern politics during these years The story this book tells is of conservative people coming in the end to accept radical change *Exporting Reconstruction* Ryan P. Semmes,2024-11-21 How Reconstruction era political battles reflected global struggles over the era s core ideals Exporting Reconstruction examines Ulysses S Grant s Reconstruction era policy both foreign and domestic as an integrated whole Grant s vision for America s international role in the aftermath of the Civil War was best articulated in his 1869 memorandum considering whether the United States should annex the Dominican Republic Grant envisioned a combined domestic and foreign policy of Reconstruction one predicated on spreading the values of liberty equality and the rights of citizenship to not only the Dominican Republic but also other Caribbean nations as well as to Native Americans and Chinese immigrants living in the United States but seen as aliens within the nation Author Ryan P Semmes interprets the Grant era policy of Reconstruction as an all encompassing agenda that imagined the United States as the arbiter of civil rights for the Western Hemisphere Exporting Reconstruction shows readers that unlike presidents before and after his administration Grant hoped to increase not only the United States s imperial reach but also extend freedom and liberty to people beyond the borders of North America **Democratic Communications** James F. Hamilton,2009-08-01 This is the first book to take issue with the long standing assumptions about alternative media and democratic communications and place them in a detailed cultural and historical context Ranging from prophecy in sixteenth century England to the self managed projects of critical literacy and social change of today it assesses the historical heritage present conditions and future possibilities of today s remade media landscape for democratic communications The Limits of Transnationalism Nancy L. Green,2019-05-21 Transnationalism means many things to many people from crossing physical borders to crossing intellectual ones The Limits of Transnationalism reassesses the overly optimistic narratives often associated with this malleable term revealing both the metaphorical and very real obstacles for transnational mobility Nancy L Green begins her wide ranging examination with the story of Frank Gueydan an early twentieth century American convicted of manufacturing

fake wine in France who complained bitterly that he was neither able to get a fair trial there nor to enlist the help of US officials Gueydan's predicament opens the door for a series of inquiries into the past twenty five years of transnational scholarship raising questions about the weaknesses of global networks and the slippery nature of citizenship ties for those who try to live transnational lives *The Limits of Transnationalism* serves as a cogent reminder of this topic's complexity calling for greater attention to be paid to the many bumps in the road *The Statue of Liberty* Edward Berenson, 2012-05-29 If you think you know all there is to know about the Statue of Liberty you'll be pleasantly surprised *The New York Times* When the crated monument first arrived in New York Harbor few could have foreseen the central place the Statue of Liberty would come to occupy in the American imagination In this book cultural historian and scholar of French history Edward Berenson tells the little known stories of the statue's improbable beginnings transatlantic connections and the changing meanings it has held for each successive generation He tells of the French intellectuals who decided for their own domestic political reasons to pay tribute to American liberty the initial less than enthusiastic American response and the countless difficulties before the statue was at last unveiled to the public in 1886 The trials of its inception and construction however are only half of the story Berenson also shows how the statue's symbolically indistinct neoclassical form has allowed Americans to interpret its meaning in diverse ways as representing the emancipation of the slaves Tocqueville's idea of orderly liberty opportunity for huddled masses and in the years since 9/11 the freedom and resilience of New York City and the United States in the face of terror Includes photos and illustrations Endlessly fascinating *Louisville Courier Journal*

Citizenship and Wars Dr Bertrand Taithe, Bertrand Taithe, 2003-09-02 Putting the latest theoretical thinking into empirical use the author assesses how the function of the state and its citizens changed during the Paris Commune and Franco Prussian War

From Appomattox To Montmartre Americans And The Paris Commune Book Review: Unveiling the Power of Words

From Appomattox To Montmartre Americans And The Paris Commune Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free From Appomattox To Montmartre Americans And The Paris Commune PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books

and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free From Appomattox To Montmartre Americans And The Paris Commune PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of From Appomattox To Montmartre Americans And The Paris Commune free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About From Appomattox To Montmartre Americans And The Paris Commune Books

1. Where can I buy From Appomattox To Montmartre Americans And The Paris Commune books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
