From Land And Sea:

From Land To Sea Vinita Singhal,2004 **Adventures by Land and Sea, Etc. [With Plates.]** Maria Hack,1877

British battles on land and sea James Grant,1899 *Where Land Meets Sea* Dr Anna Ryan,2012-12-28 Drawing together philosophical empirical and academic thinking this book focuses on generating awareness of the relationship forged between self and surroundings It details research undertaken at two coastal sites the South Wall in Dublin city and the Maharees peninsula in Co Kerry Ireland Sixty two participants were engaged in photography and drawing to enable this exploration of spatial experience The participants photographs and drawings present how spatial sensibilities can be revealed by becoming more attentive to the immediacy of bodily knowledge our more than cognitive experience Their communications resonate with the philosophers and theorists considered including Merleau Ponty Edward Casey Gilles Deleuze Dalibor Vesely and contemporary cultural geographers From exploring the experienced spatiality of the meeting of land and sea this book begins to suggest an alternative politics of the coast **Land, Sea or Air?** Michael D. Hobkirk,2016-07-27 Throughout history many nations have had to make hard choices between a land and a maritime strategy This study covers the history of such choices beginning with the Persian invasion of Greece in 490BC and ending with the many and various choices facing the Western world in the aftermath of the Cold War If many wars of the past are now seen as the outcome of maritime land strategies the lessons learned from them and discussed in this book can provide some answers to those who have to consider wars of the future The Physical Geography of the Sea, and Its Meteorology Matthew Fontaine Maury,1874 **On Land and Sea** Lee A. Newsom,Elizabeth S. Wing,2004-05-03 During the vast stretches of early geologic time the islands of the Caribbean archipelago separated from continental land masses rose and sank many times merged with and broke from other land masses and then by the mid Cenozoic period settled into the current pattern known today By the time Native Americans arrived the islands had developed complex stable ecosystems The actions these first colonists took on the landscape timber clearing cultivation animal hunting and domestication fishing and exploitation of reef species affected fragile land and sea biotic communities in both beneficial and harmful ways On Land and Sea examines the condition of biosystems on Caribbean islands at the time of colonization human interactions with those systems through time and the current state of biological resources in the West Indies Drawing on a massive data set collected from long term archaeological research the study reconstructs past lifeways on these small tropical islands The work presents a wide range of information including types of fuel and construction timber used by inhabitants cooking techniques for various shellfish availability and use of medicinal and ritual plants the effects on native plants and animals of cultivation and domestication and diet and nutrition of native populations The islands of the Caribbean basin continue to be actively excavated and studied in the quest to understand the earliest human inhabitants of the New World This comprehensive work will ground current and future studies and will be valuable to archaeologists anthropologists botanists ecologists Caribbeanists Latin American historians and anyone studying

similar island environments **From Land and Sea** Castle & Cooke,1964 **A World at Sea** Lauren Benton,Nathan Perl-Rosenthal,2020-10-09 The past twenty five years have brought a dramatic expansion of scholarship in maritime history including new research on piracy long distance trade and seafaring cultures Yet maritime history still inhabits an isolated corner of world history according to editors Lauren Benton and Nathan Perl Rosenthal Benton and Perl Rosenthal urge historians to place the relationship between maritime and terrestrial processes at the center of the field and to analyze the links between global maritime practices and major transformations in world history A World at Sea consists of nine original essays that sharpen and expand our understanding of practices and processes across the land sea divide and the way they influenced global change The first section highlights the regulatory order of the seas as shaped by strategies of land based politics and their agents and by conflicts at sea The second section studies documentary practices that aggregated and conveyed information about sea voyages and encounters and it traces the wide ranging impact of the explosion of new information about the maritime world Probing the political symbolism of the land sea divide as a threshold of power the last section features essays that examine the relationship between littoral geographies and sociolegal practices spanning land and sea Maritime history the contributors show matters because the oceans were key sites of experimentation innovation and disruption that reflected and sparked wide ranging global change Contributors Lauren Benton Adam Clulow Xing Hang David Igler Jeppe Mulich Lisa Norling Nathan Perl Rosenthal Carla Rahn Phillips Catherine Phipps Matthew Raffety Margaret Schotte **The Indian Ocean** Michael N. Pearson,2003-09-02 In this stimulating and authoritative overview Michael Pearson reverses the traditional angle of maritime history and looks from the sea to its shores its impact on the land through trade naval power travel and scientific exploration This vast ocean both connecting and separating nations has shaped many countries cultures and ideologies through the movement of goods people ideas and religions across the sea The Indian Ocean moves from a discussion of physical elements its shape winds currents and boundaries to a history from pre Islamic times to the modern period of European dominance Going far beyond pure maritime history this compelling survey is an invaluable addition to political cultural and economic world history From Land to Sea Reginald Sanderson,1989-01-01
