From Generation To Generation Understanding Sexual Attraction To Children:

From Generation to Generation Anne Stirling Hastings,2000 *America's Sexual Crisis* Anne Stirling Hastings,1996-12

Female Sexual Predators Karen A. Duncan,2010-07-20 This unprecedented look at female sexual predators explains why and how they prey on our children and youths and what adults and children and youths themselves should understand to prevent victimization In *Female Sexual Predators Understanding and Identifying Them to Protect Our Children and Youths* social worker and therapist Karen A Duncan helps adults be proactive so children will not fall prey to this violation Vignettes pulled from news headlines and interviews with female sexual predators Duncan has encountered in her own practice are used to help readers understand these crimes and the women who commit them as well as the impact these crimes can have on victims The women profiled were in positions of authority at churches schools sports institutions and the home Victims explain how these women exploited their positions of trust planned their crimes groomed their victims deceived adults into not detecting their behavior and how they did not stop even when they recognized the danger and the harm to themselves and their victims Duncan addresses the issue of maternal sexual abuse answering questions about mothers who willingly sexual abuse their own children and at times commit child sexual abuse with other adults as well as women who sexually abuse girls Four types of female sex offenders are presented within the emerging research on this topic along with questions regarding assessment treatment and management of female sex offenders in the community It also addresses the controversial issues of female pedophilia and female sexual deviance within the context of what we know about human sexuality **Treating Sexual Shame** Anne Stirling Hastings,1998-01-01 In therapy as in the world at large sexuality is different from other issues because of the culturally imposed secrecy and shame that inhibit open non defended talk about it

Anne Stirling Hastings Ph D who specializes in treating the overlapping sexual problems of abuse addiction and dysfunction encourages clinicians to recognize and overcome their own shame as a precondition to eliciting and advancing their clients awareness **Clinical Management of Sex Addiction** Patrick J. Carnes,Kenneth M. Adams,2019-11-28 *Clinical Management of Sex Addiction* s newest edition updates many of the original chapters from 28 leaders in the field with new findings and treatment methods in the field of sex addiction With a growing awareness of sex addiction as a problem plus the advent of cybersex compulsion professional clinicians are being confronted with sexual compulsion with little clinical or academic preparation This is the first book distilling the experience of the leaders in this emerging field It additionally provides new chapters on emerging areas of interest including partner counseling trauma and sexual addiction and adolescent sex addiction With a focus on special populations the book creates a current and coherent reference for the therapist who faces quickly escalating new constellations of addictive sexual behavior Readable concise and filled with useful interventions it is a key text for professionals new to the field and a classic reference for all clinicians who treat sex addiction

What Women Should Know about Men Herb Goldberg,2003 *What Every Woman Should Know About Men* This stimulating

and provocative book by best selling author Herb Goldberg is about the power women potentially have in their relationships with men and the way to use that power to bring out the best in men's relationship behaviors while creating for women the kind of love experience they grew up to believe was possible. The way women have traditionally been socialized to relate to men actually brings out many men's worst personal features. The end result is a woman who becomes increasingly bitter toward men who can't figure out what they are doing wrong. **What Every Woman Should Know About Men** explains woman's amazing power over men. It explains why men won't open up, how to handle your man's top 12 blind spots, what he won't say but wants you to know, and how to change him. Most importantly, this book explains why men need women more than women need men. One of the most valuable books ever written in terms of helping women understand men. Simple, easy to read, and understand, and full of priceless tips and suggestions. About The Author: Dr. Herb Goldberg is an internationally recognized relationship specialist and best selling author of *The Hazards Of Being Male* and seven other widely selling books. His ground breaking work on the failure of many traditional relationships has stimulated a great deal of work and discussion. He is a Professor Emeritus at Southern California State University and lives in Los Angeles.

A Terrifying Grace Rob Yule, 2017-04-28 Romance and sexual intimacy are among life's highest joys How we handle our sexuality is an ultimate challenge particularly in today's sexualised global culture Rob Yule looks at a fascinating selection of romantic relationships from throughout Christian history from Augustine Abelard and Heloise and the Luthers to Billy and Ruth Graham and Pope Saint John Paul II Illustrating how challenging and far from straightforward the relationship of men and women is in real life he draws many insights for relationships and marriage today A Terrifying Grace explores the romantic relationships of leading Christians throughout history and how they handled sex and marriage What were their relationships and marriages like What did they believe or teach about sexuality and marriage Did their marriages or celibate lives live up to their professed beliefs How did they handle the joys pains temptations and responsibilities of their intimate relationships alongside their public life and witness Even great Christians have struggled to handle their intimate relationships We can learn much from them how to live with integrity in today's hypersexualised culture

Historical Affects and the Early Modern Theater Ronda Arab, Michelle Dowd, Adam Zucker, 2015-05-15 This collection of original essays honors the groundbreaking scholarship of Jean E Howard by exploring cultural and economic constructions of affect in the early modern theater While historicist and materialist inquiry has dominated early modern theater studies in recent years the historically specific dimensions of affect and emotion remain underexplored This volume brings together these lines of inquiry for the first time exploring the critical turn to affect in literary studies from a historicist perspective to demonstrate how the early modern theater showcased the productive interconnections between historical contingencies and affective

attachments Considering well known plays such as Shakespeare's Antony and Cleopatra and Thomas Dekker's The Shoemaker's Holiday together with understudied texts such as court entertainments and examining topics ranging from dramatic celebrity to women's political agency to the parental emotion of grief this volume provides a fresh and at times provocative assessment of the historical affects financial emotional and socio political that transformed Renaissance theater Instead of treating history and affect as mutually exclusive theoretical or philosophical contexts the essays in this volume ask readers to consider how drama emplaces the most personal unspeakable passions in matrices defined in part by financial exchange by erotic desire by gender by the material body and by theatricality itself As it encourages this conversation to take place the collection provides scholars and students alike with a series of new perspectives not only on the plays emotions and histories discussed in its pages but also on broader shifts and pressures animating literary studies today *Gender* Raewyn Connell, Rebecca Pearce, 2014-12-10 How can we understand gender in the contemporary world What psychological differences now exist between women and men How are masculinities and femininities made And what is the relationship between gender issues and globalizing concerns such as environmental change and economic restructuring Raewyn Connell one of the world's leading scholars in the field is here joined by Rebecca Pearce as they answer these questions and more Their book provides a readable introduction to modern gender studies covering empirical research from all parts of the world in addition to theory and politics As well as introducing the field Gender provides a powerful contemporary framework for gender analysis with a strong and distinctive global awareness Highlighting the multi dimensional character of gender relations the authors show how to link personal life with large scale organizational structures and how gender politics changes its form in changing situations The third edition of this influential and accessible book includes a whole new chapter on ecofeminism environmental justice and sustainability It also brings the review of research up to date throughout and explains new debates and emerging gender theories Gender is engaged scholarship that moves from personal experience to global problems and offers a unique perspective on gender issues today **Art Therapy** ,1998
