"Wie anders wirkt dies Zitat auf mich ein!" Wolfgang Mieder, 2011 **From my Texan log cabin. Aus meiner texanischen Blockhuetten** Lisa Kahn, 1984 Log Cabin Kitty Donna Rubin, 2012 Log cabin kitty is a tour of original log houses re assembled and preserved at Log Cabin Village in Fort Worth Texas narrated by a fictional version of a real cat that once lived at the village The site includes 14 historical structures including a working blacksmith shop and the Parker Cabin where Cynthia Ann Parker spent time after she was returned from her Native American abductors The narrative includes information about domestic pioneer life recipes and a glossary of terms **The Log Cabin in America** Clinton Alfred Weslager, 1969 Although the log cabin is widely believed to be the one expression of indigenous American architecture it is in fact of European origin having been first introduced in the New World by Swedes and Finns who settled the lower Delaware Valley in the seventeenth century Log buildings were unknown to the English colonists of Jamestown Plymouth and St Marys or the Dutch founders of New Amsterdam who built the kinds of dwellings they had known in their homelands Because it was perfectly adapted to the needs and resources of pioneers as they advanced the American frontier south and west through forests and across mountains the log house became the means whereby a man could keep moving and yet maintain a home and family and much of America's history can be traced in the cabins left behind in the westward trek book jacket
