The Friendly Philosopher Robert Crosbie, 1934 **The Friendly Philosopher** Robert Crosbie, 1945 **The Friendly Philosopher** Robert Crosbie, 1945 *The Secular Religion of Franklin Merrell-Wolff* Dave Vliegenthart, 2018-01-16 In *The Secular Religion of Franklin Merrell Wolff* An Intellectual History of Anti intellectualism in Modern America Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887 1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present *The Encyclopedic Sourcebook of New Age Religions* James R. Lewis, 2004-08-30 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon *In the Sign of the Golden Wheel* Sangharakshita, 2014-04-29 This engaging volume of memoirs recounts the unique experiences of an English Buddhist monk working in the mid 1950s to revive Buddhism in the land of its birth Sangharakshita's lyrical descriptions evoke the kaleidoscope of the Indian landscape in delightful detail With candour he relates his grittier encounters with royalty and religion poverty and politics corruption and ignorance *Catalog of Copyright Entries.
